Electronics Engineering Technology	EET	94%	\$47,469	22	21	18	17	1
Network & Communications Management	NCM	100%	\$47,106	7	6	5	5	0
Combined graduates of other DeVry locations assigned to Calgary for career services)		75%	\$53,368	13	12	12	9	0

¹ Statistics reflect all graduates of Calgary as well as graduates of other DeVry locations nationwide who were assigned to the Calgary campus for career services support.

² DeVry Calgary has received accreditation from the Government of Alberta to award the following degrees: Bachelor of Science in Computer Information Systems and in Electronics Engineering Technology, as well as Bachelor of Business Operations.

³ Includes base salary and any additional taxable compensation.

⁴ Excludes graduates continuing their education, foreign graduates legally ineligible to work in Canada and those ineligible for career assistance because of extreme circumstances. Contact the Career Services Department for details.

⁵ Excludes graduates who actively pursued employment for less than 180 days and did not become employed.

NOTES: Statistics reflect graduates accepting employment in Canada and the United States. The fact that some DeVry graduates have obtained employment in the United States in no way suggests that such positions will be available in the future. Only Canadian salaries are considered in average annual compensation. Information presented is based on graduate-provided data.

DeVry Career Services

Career Services professionals across the DeVry system work diligently to help graduates attain positions in their career fields. Although DeVry cannot guarantee employment, the staff is committed to assisting students, graduates and alumni in identifying employment opportunities and following through with effective strategies for obtaining their desired career positions.

Effective Support Services

DeVry's Career Services Department is geared toward the needs of our students and their prospective employers. We support our students' career efforts with the following:

Employer Database

DeVry's Career Services Department maintains an employer database that contains information on national and local companies.

National Advertising

An aggressive advertising campaign acquaints employers across the country with the broad spectrum of DeVry graduates' skills and knowledge.

Employment Seminars

An ongoing series of seminars allows employers to meet with DeVry officials and the Career Services Director to discuss human resources requirements.

Career Fairs

Career fairs held periodically at the campus enable students to meet and talk with major recruiters of DeVry graduates.

These and other services help support one of the strongest career services efforts in education.

DeVry Grads are in Demand

Since 1975, DeVry University has graduated **237,957** undergraduate students. Of graduates in the active job market, **90.3%** were employed in career-related positions within six months of graduation.
