

CYBERSECURITY AND INFORMATION ASSURANCE

ABOUT THIS DEGREE PROGRAM

Keller's Cybersecurity and Information Assurance graduate certificate program helps students develop technical knowledge in key areas of networking, information security, cybersecurity and response to security issues. Coursework also addresses industry needs and requirements for technology management, governance, regulation and compliance.

The certificate can be earned as a standalone credential, credits from which are transferrable to the Master of Network and Communications Management, Master of Information Systems Management, Master of Information Technology, Master of Business Administration (MBA) when you pursue the Cybersecurity and Information Security specialization.

QUICK FACTS

ACCREDITATION MATTERS

Keller's Cybersecurity and Information Assurance Graduate Certificate program has achieved voluntary accreditation from the Accreditation Council for Business Schools and Programs (ACBSP, www.acbsp.org), demonstrating that it has met the standards of business education that promote teaching excellence.
