ASSOCIATE DEGREE PROGRAM | HEALTH

HEALTH INFORMATION TECHNOLOGY

Specialization: Health Information

ABOUT THIS DEGREE PROGRAM

DIGITAL HEALTH CORE

DeVry University's Digital Health Core program is designed to help students develop a set of interdisciplinary skills for today's rapidly evolving health information field. Courses explore principles used throughout the healthcare ecosystem and provide students hands-on experience working with industrystandard software systems and simulated patient records.

A PROGRAM TO FUEL YOUR FUTURE

Do you have an interest in working with healthcare professionals and medical information? Consider a career in health information technology.

IS THIS PROGRAM FOR YOU?

DeVry's Health Information Technology program with a specialization in Health Information prepares students for the diverse healthcare marketplace. In addition to CPT and ICD Coding knowledge, students gain an advanced understanding of health services, ethical legal aspects of healthcare, healthcare statistics, information systems and regulatory requirements.

CAHIIM ACCREDITED

When you pursue the Health Information specialization, the Health Information Technology associate degree program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM) www.cahiim.org

CAREER OPPORTUNITIES

Graduates of DeVry University's Health Information Technology program with a specialization in <u>Health Information</u> may consider careers including, but not limited to, the following:

• Health Information Manager
