ABOUT THIS DEGREE PROGRAM

The Master of Business Administration program (Master of Business Administration in Management program in New York) blends management theory with real-world applications, emphasizing practical skills and concepts businesses demand from management professionals. Providing a comprehensive business education, the program is designed to enable students to develop management expertise and advance their knowledge and skills in areas such as corporate management, directing cross-disciplinary endeavors and integrating functions across the business enterprise.

The MBA program requires successful completion of 48 semester-credit hours. To provide flexibility in customizing the program to meet professional and personal goals, the program includes 18 elective credit hours, 12 of which may be used to complete a concentration. Total program length varies based on the number of courses taken per eight-week session.

Concentrations offered within the MBA degree program:
- Accounting
- Business Intelligence and Analytics Management
- Entrepreneurship
- Finance
- General Management
- Global Supply Chain Management
- Health Services
- Human Resources
- Information Systems Management
- Marketing
- Project Management

1Employment in this occupation may require years of relevant experience.

2Additional hours of industry-specific training may be required to obtain employment in this field.

3Credits and degrees earned from this institution do not automatically qualify the holder to participate in professional licensing exams to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest. For instance, typically 150 credit hours or education are required to meet state regulatory agency education requirements for CPA licensure.

If you're interested in starting a small business, sustaining a new venture or developing skills highly valued by corporations, then earning an MBA with a concentration in Entrepreneurship from Keller can help you realize your goals.

Our program focuses on the new venture lifecycle, from the initial conceptualization of a business idea, to its realistic planning, funding and execution. Integrating fundamental theory and practical application, our MBA program with a concentration in Entrepreneurship is designed to prepare you with the general operation management skills you need to grow a competitive and enduring enterprise in the current business environment.

To succeed in the field of finance, individuals need to develop both practical managerial skills and a thorough understanding of today's financial realities and business concepts.

Our MBA with a concentration in Finance emphasizes financial management and analysis skills that are important to companies of all types and sizes. By focusing on the concrete fundamentals and theoretical implications of finance, this concentration can help you gain an understanding of the complex global financial markets.

Graduates of the MBA program concentrating in Finance may consider careers including, but not limited to, the following:

- Commercial Banking and Finance
- Consumer or Retail Banking and Finance
- International Banking
- Investment Fund Management
- Financial Management
- Risk and Insurance Analysis and Management

Additional hours of industry-specific training may be required to obtain employment in some fields.

By focusing on fundamental economic principles and general management competencies such as managing conflict and managerial communication, Keller's MBA with a concentration in General Management introduces students to new strategies for success in business. The General Management concentration also allows you to customize your coursework to reflect your general management interests.

Our general management courses address a range of essential topics, including decision making, establishing evaluation criteria, determining trade-offs and estimating probabilities and risk. By emphasizing communication competencies, our general management courses are designed to help you gain a competitive advantage, whether you choose to work within an established business environment or an entrepreneurial setting as an administrator, analyst, manager or consultant.

For comprehensive consumer information, visit keller.edu/studentconsumerinfo. Important information about the education debt, earnings and completion rates of students who attended this program can be found at keller.edu/mba-ge.
GLOBAL SUPPLY CHAIN MANAGEMENT CONCENTRATION

In order to compete in our fast-paced, growing economy, businesses rely on global supply chain management practitioners for efficient strategic procurement, product/service creation, and fulfillment operations across the global supply chain.

Our MBA with a concentration in Global Supply Chain Management offers you the opportunity to study optimal supply chain and operations management processes. Designed to prepare students for management and leadership roles in global supply chain management, students can learn a broad range of concepts to provide them with a practical, comprehensive foundation in end-to-end supply chain management with a special emphasis on global relationship management.

Graduates of this program may consider career fields including, but not limited to, the following:

- Operations Analysis and Management
- Logistics, Warehouse, and/or Distribution Management
- (Global) Transportation Management
- Industrial Production Management
- Procurement/Sourcing Management
- Purchasing Management
- Loss Prevention Management
- Supply Chain Operations, Analysis or Management

CONCENTRATION-SPECIFIC COURSES

- GSCM520 Foundations in Global Supply Chain Management
- GSCM530 Global Supply Chain Resource Planning and Management
- GSCM540 Relationship Management, Procurement and Sourcing Strategy
- GSCM550 Logistics, Distribution and Warehousing
- GSCM560 Supply Chain Management Decision Support Tools and Applications
- GSCM588 Managing Quality

HEALTH SERVICES CONCENTRATION

The expanding health services industry needs motivated leaders who have comprehensive knowledge of health services policies and procedures.

Our MBA with a concentration in Health Services is designed to help you gain a fundamental understanding of the healthcare system. Courses examine legal and ethical issues in healthcare from a managerial perspective, the unique features of healthcare finance, the relationship between healthcare economics and public policy, and the development of managed care approaches. In addition, you can acquire important, up-to-date insight on insurance and risk management-related concerns. Our MBA with a concentration in Health Services can also give you marketable perspectives on the trends and issues impacting the evolution of health insurance and managed care.

Graduates of this program may consider career fields including, but not limited to, the following:

- Administrative Services Management
- Health or Medical Services Management
- Regulatory Affairs and Compliance

CONCENTRATION-SPECIFIC COURSES

- HSM541 Health Service Systems
- HSM542 Health Rights and Responsibilities
- HSM543 Health Services Finance
- HSM544 Health Policy and Economics
- HSM546 Managed Care

Note: The University's MBA program with a concentration in Health Services is not designed to prepare graduates for nursing home, assisted living facility, long-term care or home care administrator positions. Students interested in practicing a regulated profession must contact the appropriate state regulatory agency for certification or licensure requirements. For instance, in Virginia certain educational and training requirements must be satisfied for initial nursing home administrator licensure or initial assisted living facility administrator licensure. Keller's program does not satisfy the educational and/or training requirements.
