

# BUSINESS ADMINISTRATION (MBA) PATHWAYS

## Concentration: Project Management

### ABOUT THE MBA PATHWAYS

DeVry offers two distinct MBA pathways to suit your career goals:

#### STANDARD MBA:

Our MBA program equips you with critical skills in strategic thinking, problem-solving, and adaptability to help you succeed in today's competitive business world. With a flexible format, you can tailor your studies around your career goals.

#### LEADERSHIP MBA:

The Leadership MBA is designed to prepare you to stand out in leadership roles within your organization by focusing on advanced leadership strategies, strategic decision-making, and organizational growth. It includes a *Leadership Graduate Certificate*, allowing you to earn a specialized credential while completing your MBA.

### CAREER OPPORTUNITIES

Graduates of DeVry University's Keller Graduate School of Management MBA program with a concentration in Project Management may consider, but are not limited to the following careers:

- Project Manager
- Program Manager
- Operations and Supply Chain Manager

### WHAT YOU'LL LEARN

#### CORE MBA

- Develop and demonstrate professional communication skills and tools to support business needs.
- Demonstrate collaborative skills with diverse populations in multiple settings.
- Build the knowledge required to implement innovative approaches to solve specialized business problems.
- Apply analytical tools and technology applications to develop solutions to address the needs of an organization and its stakeholders.
- Demonstrate in-depth knowledge of enterprise-wide functions relevant in the global economy.

#### CONCENTRATION

- Model an advanced, integrated and applied understanding of project management as a discipline.
- Demonstrate the skills required to scope and solve complex problems and develop innovative solutions that minimize risks and optimize impacts for both projects and programs.
- Manage complex and technical activities within both predictable and unpredictable environments by integrating knowledge and solutions from practitioner and academic viewpoints.
- Evaluate complex sociocultural factors, ethics issues and social responsiveness to maximize the management of resources, procedures and processes.
- Apply leadership skills to promote a positive environment, motivate team members and deliver a sustained competitive advantage.
