Bachelor's Degree Program

MANAGEMENT

Specialization: Global Supply Chain Management

ABOUT THIS DEGREE PROGRAM

The bachelor's degree in Management at DeVry University can help you develop the management skills needed to work in many business areas and industries, such as accounting, project management, entrepreneurship, marketing, and human resources. If you're currently employed, this can be a great way to further develop your management skills.

Our Management degree program is designed to prepare students to meet the challenges of a high-tech, global marketplace by bringing the real world into the classroom. Through experiential projects, you can develop the skills and business acumen needed in today's business world.

This program is designed to accommodate students with a wide range of experiences, including those with little or no prior college education or work experience. If you have prior work or educational experience, you may also want to consider our Technical Management degree program which is available with many of the same specializations.

1 Students enrolled at a Nevada location must take POLI332 as part of this requirement or the General Education Option.

Programs, course requirements and availability vary by location. Some courses may be available online only. All students enrolled in site-based programs will be required to take some coursework online and, for some programs and locations, a substantial portion of the program may be required to be completed online. DeVry’s academic catalog, available via devry.edu/catalogs, contains the most current and detailed program information, including admission, progression and graduation requirements. Information contained herein is effective as of date of publishing.
DeVry University's bachelor's degree program in Management can help prepare you for the workplace with a solid business foundation. Our specialization in Global Supply Chain Management can further focus your studies.

Global supply chain management professionals are responsible for streamlining the flow of everything that organizations need in order to make and deliver their products and services. Because supply chain management touches all aspects of a company's daily operations — from cost minimization and risk mitigation, to environmentally conscious sourcing decisions — it has a major impact on profitability and competitive advantage.

Our Global Supply Chain Management specialization can prepare you for a career in this field with a thorough understanding of all stages of the supply chain, the complexities of global markets, and the supply chain optimization technologies, concepts and processes used by world-class organizations.

Graduates of DeVry University's Management program with a specialization in Global Supply Chain Management might consider careers including, but not limited to, the following:

- Distribution Manager
- Global Transportation Manager
- Industrial Production Manager
- Logician
- Operations Supervisor/Manager
- Operations Research Analyst
- Procurement/Sourcing Manager
- Purchasing Manager
- Supply Chain Manager
- Supply Chain/Operations Analyst
- Transportation Manager
- Warehousing Manager

Employment in some occupations may require years of relevant experience.
