Bachelor’s Degree Program
TECHNICAL MANAGEMENT
Specialization: Sales and Marketing

ABOUT THIS DEGREE PROGRAM
For those with prior college education or professional experience, the bachelor’s degree completion program in Technical Management at DeVry University can help you develop the management skills needed to work in many business areas and industries, such as accounting, project management, entrepreneurship, marketing, and human resources. With previously earned qualifying college credits, you may be able to earn your bachelor's degree in less time.

Our Technical Management degree program is designed to prepare students to meet the challenges of a high-tech, global marketplace by bringing the real world into the classroom. Through experiential projects, you can develop the skills and business acumen needed in today's business world.

If you have prior work or educational experience, you may also want to consider our Management degree program, which is available with many of the same specializations.

DID YOU KNOW?
DeVry University’s Bachelor of Science in Technical Management program has achieved voluntary accreditation from the Accreditation Council for Business Schools and Programs (ACBSP) www.acbsp.org, demonstrating that it has met the standards of business education that promote teaching excellence.

Programs, course requirements and availability vary by location. Some courses may be available online only. All students enrolled in site-based programs will be required to take some coursework online and, for some programs and locations, a substantial portion of the program may be required to be completed online. DeVry’s academic catalog, available via devry.edu/catalogs, contains the most current and detailed program information, including admission, progression and graduation requirements. Information contained herein is effective as of date of publishing.
DeVry University's bachelor's degree program in Technical Management helps prepare you for the workplace with a solid business foundation. Our specialization in Sales and Marketing can further focus your studies.

The field of sales and marketing is driven by understanding consumers and their buying motivation and behavior. Marketing and sales professionals use this insight to develop pricing and promotions for products and services that resonate and motivate the consumer to purchase.

Sales and marketing professionals use a variety of tools to help them market and sell products and services. Marketers may utilize market research to collect, analyze and interpret information about the consumer. Sales people working in a territory, with the customer, can also help gather important information to better market and sell products and services. Advertising and public relations can be used to expand the impact and reach of sales and marketing professionals to a larger audience.

Our curriculum will explore some of the common tasks performed in sales and marketing including researching consumer behaviors, creating promotions, developing advertising campaigns and tracking purchase behavior.

Graduates of DeVry University's Technical Management program with a specialization in Sales and Marketing may consider careers including, but not limited to, the following:

- Account Manager
- Advertising Manager
- Brand Manager
- Brand Specialist
- Community Marketing Manager
- Community Marketing Specialist
- Customer Service Representative
- Digital Marketing Manager
- Digital Marketing Specialist
- Email Marketing Manager
- Email Marketing Specialist
- Industrial Buyer
- Internet Marketing and Sales Manager
