BUSN460	Senior Project	3		x Must take @ DeVry
Total Credits Required Bachelor of Science Degree		122	60	62

NOTE:

This document is only an example of how transfer credits MAY be applied and is a generic degree program for CCAF associate of science degree program graduates. All transcripts used in the award of the CCAF degree will be required for an assessment of individual student records, and all prospective DeVry students will be evaluated on an individual basis. Occupational Coursework can be used to satisfy elective credit hours and potentially technical specialty coursework but will need to be reviewed on an individual basis.

At least 30 credit hours must be earned through coursework completed at DeVry while in this program. A minimum of 42 hours must be taken in upper division coursework (DeVry courses numbered 300-400). Prerequisite coursework may be required to meet graduation requirements.

Check Tuition and Fees.

For more information, please contact John Korsak, Director of Military and Veteran Student Experience, via email at john.korsak1@devry.edu, or via mail at DeVry University, Attn: John Korsak, 1200 E. Diehl Road, Naperville, IL 60563.
