Message from the President

Dear Student,

Welcome to DeVry University’s Keller Graduate School of Management! I’m excited for you to take this momentous step on your education and career journey. You, like our University, are mission-driven. At its core, our University’s mission focuses on bettering society by preparing students to thrive in careers shaped by continuous technological change. Our innovative programs, relevant partnerships and exceptional student care are born of this mission and designed to empower you to meaningfully enhance your life, community and workplace.

Balancing work, life and school – I remember it well – may not be easy. But know that in choosing Keller, you’ve tapped into a trusted partner that’s delivered graduate management education to working professionals since 1973. We’ve also led the way in online education for decades. I’m extraordinarily proud to share that Newsweek ranked DeVry University 6th of 200 on its list of “America’s Top Online Colleges.”

Students completing our MBA program or one of our specialized master’s degree programs join the roughly 13 percent of U.S. adults with advanced degrees, up from 8.6 percent in 2000. En route to their degrees, many earned one of our graduate certificates – credits from which applied to their degrees – providing a marketable credential even sooner. Be proud of yourself for preparing to join the relative few whose résumés reflect a graduate-level credential and the focus and drive needed to earn it.

Among the many benefits of Keller is learning from professors who cultivate a dynamic learning environment by infusing their real-world experience into our eight-week courses, offered online and onsite and starting six times a year. Exceptional student care – within and outside the learning environment – is another hallmark of the Keller experience.

As president of the University, my number one priority is building a university that delivers the education experience you want and helps catalyze the future you envision. We’re grateful to help advance your ambition and excited about what lies ahead for you.

Thomas L. Monahan III
President and CEO

1 Newsweek, [https://www.newsweek.com/rankings/americas-top-online-colleges-2023](https://www.newsweek.com/rankings/americas-top-online-colleges-2023)
Message from the Provost

Congratulations on pursuing your graduate education. And thank you for choosing DeVry University’s Keller Graduate School of Management as you make this significant investment in yourself – an investment I’m confident will prove invaluable now and as your career progresses.

As provost, I have a bird’s-eye view of the transformational role our University plays. It’s an exciting vantage point that confirms that Keller’s dedication to academic excellence, student support and career services makes a meaningful difference to learners like you, the workforce and the communities we call home.

Ensuring that the education you receive at Keller is relevant today – and prepares you to evolve as workplace and workforce demands shift – is paramount. This is accomplished through strategic collaboration among dedicated professors; industry leaders on our national advisory committees, who provide valuable feedback on our programs; and administrators and staff whose passion for students’ well-being and success knows no bounds. The resulting ecosystem is designed to help you thrive in class and beyond.

The pages that follow highlight the many academic programs and student services upon which Keller has built its reputation over the past 50 years. Our commitment to teaching and learning excellence is further supported by the University’s institutional accreditation from the Higher Learning Commission* and the diverse programmatic accreditors that recognize the value our academic programs provide. I invite you to learn more about institutional and programmatic accreditation, and about DeVry University’s Accountability Principles, which guide us – always – to do what’s best for students.

I admire you for investing in yourself and taking this step toward creating a brighter future. Please know that Keller faculty, administrators and staff are here to support you through your academic journey.

All the best,

Shantanu Bose, PhD
Provost and Chief Academic Officer

* DeVry University is accredited by the Higher Learning Commission (HLC). www.hlcommission.org. The University’s Keller Graduate School of Management is included in this accreditation. HLC is a national agency that accredits U.S. colleges and universities at the institutional level and is recognized by both the U.S. Department of Education and the Council for Higher Education Accreditation. Accreditation provides assurance to the public and to prospective students that standards of quality have been met. Contact information for the HLC is: Higher Learning Commission, 230 S. LaSalle St., Ste. 7-500, Chicago, IL 60604, 800.621.7440, www.hlcommission.org.
University Mission

Mission and Accountability Principles
DeVry University strives to close our society’s opportunity gap by preparing learners to thrive in careers shaped by continuous technological change. Through innovative programs, relevant partnerships and exceptional care, we empower students to meaningfully improve their lives, communities, and workplaces.

In addition, DeVry’s Accountability Principles support the mission and hold the University publicly accountable for doing what’s best for students. DeVry’s Accountability Principles are currently focused on four areas:

- Academic and Student Support
- Accountability and Transparency
- Financial Literacy and Responsible Borrowing
- Responsible Recruiting and Enrollment

More information about DeVry’s Accountability Principles can be found on the DeVry website at https://www.devry.edu/about/accountability-principles.html.
Academic Calendar

Keller delivers courses in a session format, with two 8-week sessions offered each semester. Sessions within the University’s summer, fall and spring semesters are designated in two overlapping calendar cycles. Students are assigned either a Cycle 1 or Cycle 2 schedule (visit the Student-Centric Period section) when matriculating.

Note: Each session, instruction ends at 11:59 pm MT on Saturday of week 8. No instruction occurs on holidays or during noted break periods.

Cycles 1 and 2 Breaks
- **2023 Summer Break**: Sunday-Sunday, June 25-July 2
- **2023 Winter Break**: Sunday-Sunday, December 17-December 31
- **2024 Spring Break**: Sunday-Sunday, April 21-April 28
- **2024 Summer Break**: Sunday-Sunday, June 23-July 7

Cycle 1 Academic Calendar
2023 Summer Semester: May 1, 2023-August 26, 2023
- **May 2023 Session**
  - Monday, May 1: Session Begins
  - Monday, May 29: Memorial Day Holiday
  - Monday, June 19: Juneteenth Holiday
  - Saturday, June 24: Session Ends
- **2023 Summer Break**: Sunday-Sunday, June 25-July 2
- **July 2023 Session**
  - Monday, July 3: Session Begins
  - Tuesday, July 4: Independence Day Holiday
  - Saturday, August 26: Session Ends

2023 Fall Semester: August 28, 2023-December 16, 2023
- **September 2023 Session**
  - Monday, August 28: Session Begins
  - Monday, September 4: Labor Day Holiday
  - Saturday, October 21: Session Ends
- **November 2023 Session**
  - Monday, October 23: Session Begins
  - Thursday-Friday, November 23-24: Thanksgiving Break
  - Saturday, December 16: Session Ends
- **2023 Winter Break**: Sunday-Sunday, December 17-December 31
2024 Spring Semester: January 1, 2024-April 20, 2024
- **January 2024 Session**
  - Monday, January 1: Session Begins, New Year’s Day Holiday
  - Monday, January 15: Martin Luther King, Jr. Day Holiday
  - Saturday, February 24: Session Ends
- **March 2024 Session**
  - Monday, February 26: Session Begins
  - Friday, March 29: Spring Holiday
  - Saturday, April 20: Session Ends
- **2024 Spring Break: Sunday-Sunday, April 21-April 28**

2024 Summer Semester: April 29, 2024-August 31, 2024
- **May 2024 Session**
  - Monday, April 29: Session Begins
  - Monday, May 27: Memorial Day Holiday
  - Wednesday, June 19: Juneteenth Holiday
  - Saturday, June 22: Session Ends
- **2024 Summer Break: Sunday-Sunday, June 23-July 7**
- **July 2024 Session**
  - Monday, July 8: Session Begins
  - Saturday, August 31: Session Ends

Cycle 2 Academic Calendar

2023 Summer Semester: July 3, 2023-October 21, 2023
- **July 2023 Session**
  - Monday, July 3: Session Begins
  - Tuesday, July 4: Independence Day Holiday
  - Saturday, August 26: Session Ends
- **September 2023 Session**
  - Monday, August 28: Session Begins
  - Monday, September 4: Labor Day Holiday
  - Saturday, October 21: Session Ends

2023 Fall Semester: October 23, 2023-February 24, 2024
- **November 2023 Session**
  - Monday, October 23: Session Begins
  - Thursday-Friday, November 23-24: Thanksgiving Break
  - Saturday, December 16: Session Ends
- **2023 Winter Break: Sunday-Sunday, December 17-December 31**
- **January 2024 Session**
  - Monday, January 1: Session Begins, New Year’s Day Holiday
  - Monday, January 15: Martin Luther King, Jr. Day Holiday
  - Saturday, February 24, Session Ends
2024 Spring Semester: February 26, 2024-June 22, 2024
  • March 2024 Session
    o Monday, February 26: Session Begins
    o Friday, March 29: Spring Holiday
    o Saturday, April 20: Session Ends
  • 2024 Spring Break: Sunday-Sunday, April 21-April 28
  • May 2024 Session
    o Monday, April 29: Session Begins
    o Monday, May 27: Memorial Day Holiday
    o Wednesday, June 19: Juneteenth Holiday
    o Saturday, June 22: Session Ends
  • 2024 Summer Break: Sunday-Sunday, June 23-July 7

2024 Summer Semester: July 8, 2024-October 26, 2024
  • July 2024 Session
    o Monday, July 8: Session Begins
    o Saturday, August 31: Session Ends
  • September 2024 Session
    o Monday, September 2: Session Begins, Labor Day Holiday
    o Saturday, October 26: Session Ends
Credit Hour Definition & Schedule Information

Credit Hour Definition
DeVry University follows the federal definition of a semester credit hour. The U.S. Department of Education (USDE) defines a credit hour as one hour (i.e., 50 minutes) of classroom or direct faculty/qualified instructor instruction and a minimum of two hours of out-of-class student work each week for approximately 15 weeks (i.e., 45 hours of learning activities). This definition also aligns with definitions from the Higher Learning Commission (HLC) and the Illinois Board of Higher Education (IBHE).

The University operates on a semester calendar; each semester consists of two eight-week sessions (visit the Student-Centric Period section). Courses may be offered through alternate scheduling options and teaching modalities, which are awarded equivalent semester-credit hours. Teaching modalities include traditional classroom and online formats or a combination of the two formats. Course materials, learning objectives and program outcomes are equivalent across all teaching modalities.

DeVry University defines one credit hour based on a 15-week semester as the reasonable equivalent of one hour of documented faculty-directed instruction and two hours of academically engaged student learning. One hour of instruction is further defined as a 50-minute period. The combined three hours occur each week for 15 weeks. Alternate scheduling options equate to the 15-week semester.

Scheduling options are shown in the Academic Calendar section. The University’s course delivery formats are outlined in the Course Delivery Formats section.

At DeVry University, a credit hour is defined as the learning that takes place in at least 45 hours of in-person or online learning activities, which include time for faculty-directed instruction, class meetings, laboratories, examinations, presentations, tutorials, preparation, reading, studying, hands-on experiences, simulations, case studies and other learning activities; or a demonstration by the student of learning equivalent to the established student outcomes.

Students should note that credit hours shown in each program in Keller’s Degree Programs and in Keller’s Certificate Programs are semester-credit hours, as aligned with credit hour definitions from the USDE, HLC and IBHE.

Student-Centric Period
The student-centric period (SCP) is defined as an academic semester consisting of any two consecutive sessions that begins when a student matriculates and that ends when time requirements for a semester have been fulfilled.

Two overlapping calendar cycles designate sessions corresponding to the University’s summer, fall and spring semesters. At the time students matriculate, they are assigned an SCP designator code of Cycle 1 or Cycle 2. The following chart outlines how sessions correspond to a student’s spring, summer and fall semesters, based on assigned SCP cycle.
<table>
<thead>
<tr>
<th>Semester</th>
<th>Cycle 1 Sessions</th>
<th>Cycle 2 Sessions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spring</td>
<td>January, March</td>
<td>March, May</td>
</tr>
<tr>
<td>Summer</td>
<td>May, July</td>
<td>July, September</td>
</tr>
<tr>
<td>Fall</td>
<td>September, November</td>
<td>November, January</td>
</tr>
</tbody>
</table>

Certain processes are conducted on a session basis; others are conducted on a semester basis.

**Academic Year**

The academic year at DeVry University is defined as two consecutive semesters.

The University offers enrollment in three semesters per 12-month period. DeVry University offers courses in a session-based format (visit the [Student-Centric Period](#) section).
About Keller

A Tradition of Innovation
For 50 years, Keller Graduate School of Management has served the unique needs of working adult students. Our innovative, practitioner approach is based on the idea that effective teaching and student mastery of practical skills are the most important components of graduate management education. Our first class had seven students – a number that grew to 900 by the late 1970s, as students began taking advantage of our evening MBA program. Today, Keller Graduate School of Management provides a broad range of master’s degree and graduate certificate programs.

In 1991, we introduced our Project Management program and are proud to be a Project Management Institute Premier level Authorized Training Partner (ATP). Additionally, most Keller project management offerings, including our MPM program, are accredited by the Global Accreditation Center for Project Management Education Programs (GAC). Visit the Accreditation section to learn which programs are GAC accredited.) DeVry University, including Keller Graduate School of Management, is among a limited number of U.S. universities and schools worldwide to be granted this designation. More information on this accreditation is available via https://www.pmi.org/global-accreditation-center.

In 1993, we broadened our portfolio with the addition of our Human Resource Management program. And expansion continued with other program offerings: Network & Communications Management (1997); Accounting & Financial Management, and Information Systems Management (1998); Public Administration (2001); and Accounting (2012). A recent focus is the burgeoning area of information security – critical in today’s business and government sectors.

Recognizing that the most valuable employees are those with relevant real-world business and technology skills, we established a presence in the continuing and professional education arena.

In 1996, Becker CPA Review was acquired, which subsequently joined forces with Conviser Duffy CPA Review. Today, Becker Professional Education complements DeVry University’s growing range of education services and is a leading provider of preparatory coursework for various professional certification exams.

In addition, the University’s DeVryWORKS offers a unique mix of corporate education, tailored learning and professional training solutions that addresses today’s most pressing business challenges. Helping achieve measurable results, our offerings can be delivered at your company facility, at Keller sites nationwide or online globally.

Mission of Keller’s Graduate Business Programs
DeVry University’s Keller Graduate School of Management offers a variety of master’s degree and graduate certificate programs. Programs are designed to help students develop management skills needed to lead teams and organizations in today’s global business world. Guiding the University’s graduate-level business programs is the following mission:

The mission of the business programs within DeVry University’s Keller Graduate School of Management is to prepare students to become innovative leaders of a diverse workforce by applying business and management techniques to critically explore workplace issues leading to the application of creative strategies for organizational growth and improvement.
This mission is supported by activities throughout the graduate curriculum. Examples include:

- Demonstrating in-depth knowledge of enterprise-wide processes relevant in the global economy.
- Applying leadership and conflict management theories to foster collaboration within multicultural and interdisciplinary business environments.
- Employing strategic solutions to evaluate and solve challenges facing organizations.
- Assessing and managing operational performance and risk through proven business practices and sound financial decision-making.
- Utilizing workplace technology to support business strategy and operations domestically and globally.
- Applying analytics tools and techniques to analyze data and develop solutions to improve organizational effectiveness.
- Employing an interdisciplinary perspective to integrate strategic leadership; diversity; and financial, human resource and project management techniques to solve complex problems and enhance the success of a business enterprise.

Keller Advantage

Program-Completion-Time Options
At Keller, each program can be completed on a normal schedule or on an accelerated schedule, or through a combination of these schedule options. Each session within their student-centric period (semester), students choose the schedule that best suits their goals and their commitments outside of school.

Each program outline within the sections entitled Keller’s Degree Programs and Keller’s Certificate Programs shows program completion time in terms of semesters for both normal and accelerated schedules.

- **Normal schedule – all students**: Students choosing a normal schedule (normal time to complete) in both sessions within their student-centric period enroll in an average of six semester-credit hours of coursework per semester. Students choosing a normal schedule enroll in an average of three semester-credit hours of coursework per session.

- **Accelerated schedule – master's degree program students**: Master’s degree program students choosing an accelerated schedule in both sessions within their student-centric period enroll in 9-12 credit hours per semester, or an average of 10 semester-credit hours of coursework per semester. Typically, students on an accelerated schedule enroll in two courses per session. Accelerated completion times shown in the Keller's Degree Programs section assume students qualify for and apply nine semester-credit hours of prior learning credit and remain on an accelerated schedule throughout their program. **NOTE**: Prior learning credit may not be applied to Keller’s master's degree programs in Accounting and in Accounting & Financial Management.

- **Accelerated schedule – graduate certificate program students**: Graduate certificate program students choosing an accelerated schedule in both sessions within their student-centric period enroll in an average of nine semester-credit hours of coursework per semester. (The average is 10 semester-credit hours for students in the graduate certificate program in CPA Preparation.) Typically, students on an accelerated schedule enroll in two courses per session. Students should note that accelerated completion times shown in the Keller’s Certificate Programs section assume students remain on an accelerated schedule throughout their program.
Stated completion times for both normal and accelerated schedules assume continuous year-round enrollment, defined as enrollment in all six sessions within a period of 12 consecutive months, with no interruption of studies once a student has begun their program. Program completion times are expressed in calendar time, defined as any period of 12 consecutive months starting at the beginning of a DeVry University session.

**Practitioner Orientation**

All Keller programs are regularly reviewed for relevance to both students and employers. Faculty members focus squarely on critical competencies for today’s successful managers, in areas such as business communications, technology, ethics, quality and international business, which are woven throughout the curricula.

**Excellence in Teaching**

Our professors are enthusiastic educators who enjoy sharing their business acumen with students. Faculty supplement the core curriculum with a variety of instructional activities focused on helping students achieve course outcomes and real-world standards of excellence.

Students also play an integral role in maintaining high teaching standards by regularly providing feedback on faculty effectiveness. University administrators then use this feedback to coach faculty and improve and enhance teaching methods and instructional technique.

**Professional Connections and Memberships**

To keep current with industry practices and developments, and provide highly relevant education, the University’s graduate-level faculty, staff and alumni are active in various professional organizations including:

- American Institute of Certified Public Accountants
- Federation of Schools of Accountancy
- Institute of Managerial Accounting
- Project Management Institute
- Academy of Management
- American Management Association
- American Marketing Association
- American Society for Quality
- National Black MBA Association
- United States Association of Small Business and Entrepreneurship
- American College of Healthcare Executives
- American Health Information Management Association
- American Society of Training and Development
- Society for Human Resource Management
- American Society of Industrial Security
- Association of Information Technology Professionals
- Association for Business Communication
- American Association of Cost Engineering International
- IEEE

In addition, faculty and staff actively participate in professional organizations to remain current on education trends and to continue the University’s leading role in the education arena. Among others, organizations include:
Continuous Improvement
Change management, improved productivity and commitment to quality are vitally important in today’s competitive global economy. To this end, Keller’s quality assurance initiatives stress ongoing program and process improvement based on critical feedback from students, faculty and staff.

Keeping curricula responsive to changes in business theory and practice is essential. To maintain an appropriate balance of continuity and change, our academic experts integrate faculty input and regularly review course content and level, as well as texts. In addition, they consult faculty on proposals for new course content and course development.

Also of critical importance in ensuring quality is an ongoing cycle of planning, implementing, assessing of outcomes and acting on feedback to continually improve all aspects of the education experience. Our quality focus means attention, every day, to understanding and meeting student and faculty needs, thus creating long-term value for students, graduates and employers.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.
Accreditation & State Authorization

Note: Upon request to a student support advisor or location leader, copies of documents describing DeVry University’s accreditation, as well as its state and federal approvals, are available for review.

Institutional Accreditation
DeVry University* is accredited by the Higher Learning Commission (HLC), www.hlcommission.org. The University’s Keller Graduate School of Management is included in this accreditation.

HLC is a national agency that accredits U.S. colleges and universities at the institutional level and is recognized by both the U.S. Department of Education and the Council for Higher Education Accreditation. Accreditation provides assurance to the public and to prospective students that standards of quality have been met. Contact information for the HLC is:

Higher Learning Commission
230 S. LaSalle St., Ste. 7-500, Chicago, IL 60604
800.621.7440
www.hlcommission.org

DeVry University is a member of the Council for Higher Education Accreditation (CHEA), a national advocate and institutional voice for self-regulation of academic quality through accreditation. CHEA, an association of more than 8,200 degree-granting colleges and universities, recognizes more than 80 institutional and programmatic accrediting organizations.

* In New York, DeVry University operates as DeVry College of New York.

Programmatic Accreditation and Recognition

ACBSP
The following Keller master’s degree programs have achieved voluntary accreditation from the Accreditation Council for Business Schools and Programs (ACBSP, https://acbsp.org), demonstrating that they have met standards of business education that promote teaching excellence: Business Administration, Human Resource Management, Project Management, Public Administration, Information Systems Management, Network & Communications Management.

The following graduate certificate programs are accredited by ACBSP: Accounting, Big Data & Analytics, CPA Preparation, Entrepreneurship, Global Supply Chain Management, Health Services Management, Human Resource Management, Information Security, Project Management.

ACBSP has also granted specialized accounting accreditation to the following established Keller degree programs: Master of Accounting & Financial Management; Master of Business Administration with a specialization in Accounting; Master of Science in Accounting.

GAC
The following Keller programs are accredited by the Global Accreditation Center for Project Management Education Programs (GAC) of the Project Management Institute: Master of Business Administration, when completed with a concentration in project management; Master of Information Systems Management, when completed with a concentration in project management; Master of Network & Communications Management, when completed with a concentration in project...
management; and Master of Project Management. DeVry University, including Keller Graduate School of Management, is among a limited number of U.S. universities and schools worldwide to be granted this designation. More information is available via https://www.pmi.org/global-accreditation-center.

**PMI ATP**
The Project Management Institute (PMI) has recognized Keller as a Premier level Authorized Training Partner (ATP), committed to enhancing the ongoing professional development of PMI members, PMI credential holders and other project management stakeholders through appropriate learning activities and products. As a Premier level ATP, Keller abides by established operational and educational criteria, and is authorized to teach project management exam preparation courses. Details are available via www.pmi.org/learning/training-development/authorized-training-partners.

**SHRM**
The Society for Human Resource Management (SHRM) has acknowledged that the following programs align with SHRM’s HR Curriculum Guidebook and Templates: Master of Human Resource Management; and Master of Business Administration with Human Resources concentration. SHRM developed the HR Curriculum Guidebook and Templates to define the minimum HR content areas that should be studied by HR students at the undergraduate and graduate levels. The SHRM Human Resource Curriculum Guidelines are part of SHRM’s Academic Initiative to define HR education standards taught in university business schools and help universities develop degree programs that follow these standards. More information on SHRM is available at www.shrm.org.

**State Relocation Notice and Distance Education Authorizations**

*State Relocation Notice*
Students may be unable to complete their program if relocating to a state in which DeVry is not authorized to operate or is not authorized to offer the program in which they’re enrolled. Students should contact Student Central if considering relocating during their course of study or transferring to a different DeVry program.

Applicants may be unable to enroll in their program if relocating to a state in which DeVry is not authorized to operate or is not authorized to offer the program in which they’re interested. Applicants should contact their admissions advisor/representative to discuss how relocation could affect their ability to enroll in certain programs.

Students and applicants should note there may be consequences, such as ineligibility for financial aid, when relocating to a state in, or transferring to a program for, which DeVry University is not authorized.

*State and Distance Education Authorizations*
DeVry University is approved to participate in the National Council for State Authorization Reciprocity Agreement (SARA), which provides a voluntary, regional approach to state authorization of postsecondary distance (online) education. With that approval, and with approval from the Illinois Board of Higher Education, DeVry’s distance (online) education programs are considered approved by reciprocity with other SARA member state higher education agencies. Visit the SARA website (www.nc-sara.org) for the most current list of participating states and a detailed description of SARA.
DeVry University holds the following state authorizations to offer distance (online) education and to operate in states in which it has locations. States have varying requirements governing postsecondary distance (online) education.

- **Alabama**: DeVry holds a Private School License from the Private School Licensure Division of the Alabama Community College System, 135 South Union Street, Montgomery, AL 36104, 334.293.4500. DeVry is exempt from the Alabama Commission on Higher Education’s programmatic review.

- **Arizona**: DeVry is authorized to operate and grant degrees by the Arizona State Board for Private Postsecondary Education, 1740 W. Adams, 3rd Flr., Phoenix, AZ 85007, 602.542.5709.

- **Arkansas**: DeVry University has been granted certification by the Arkansas Higher Education Coordinating Board, 423 Main St., Ste. 400, Little Rock, AR 72201, for certain undergraduate and graduate programs offered by distance education. Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301. The student should be aware that these degree programs may not transfer. The transfer of course/degree credit is determined by the receiving institution.

- **California**: DeVry is a private institution approved to operate by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations. DeVry also holds Registration of Out of State Institution for distance education from the Bureau. For additional information, please visit the Bureau's website, [http://www.bppe.ca.gov](http://www.bppe.ca.gov). Any questions a student has regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau at 1747 N. Market Blvd., Ste. 225, Sacramento, CA; 888.370.7589 (fax: 916.263.1897). **Notice to Prospective Students**: As a prospective student, you are encouraged to review this catalog before signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you before signing an enrollment agreement. The Office of Student Assistance and Relief is available to support prospective students, current students, or past students of private postsecondary educational institutions in making informed decisions, understanding their rights, and navigating available services and relief options. The office may be reached by calling 888.370.7589, option 5, or by visiting [https://osar.bppe.ca.gov](https://osar.bppe.ca.gov).

- **Delaware**: DeVry has been granted an operating license to offer courses, programs and/or degrees to Delaware residents by the Delaware Department of Education, 401 Federal St., Ste. 2, Dover, DE 19901, 302.735.4000.

- **Florida**: DeVry is licensed by the Commission for Independent Education, Florida Department of Education. Additional information regarding this institution may be obtained by contacting the Commission at 325 W. Gaines St., Ste. 1414, Tallahassee, FL 32399, toll-free telephone number 888.224.6684.

- **Georgia**: DeVry is authorized under the Nonpublic Postsecondary Educational Institutions Act of 1990, by the Georgia Nonpublic Postsecondary Education Commission, 2082 E. Exchange Pl., Ste. 220, Tucker, GA 30084, 770.414.3300.

- **Illinois**: DeVry is authorized to operate and grant degrees by the Illinois Board of Higher Education, 1 N. Old State Capitol Plaza, Ste. 333, Springfield, IL 62701, 217.782.2551. To report unresolved complaints to the Illinois Board of Higher Education visit their web page at [https://complaints.ibhe.org](https://complaints.ibhe.org).

- **Indiana**: This institution is authorized by: The Indiana Commission for Higher Education/Indiana Board for Proprietary Education 101 W. Ohio St., Ste. 300, Indianapolis, IN 46204-4206.
• **Kansas:** DeVry is approved by the Kansas Board of Regents, 1000 SW Jackson St., Ste. 520, Topeka, KS 66612, 785.430.4240.

• **Kentucky:** DeVry University is licensed by the Kentucky Council on Postsecondary Education, 100 Airport Rd., 3rd Flr., Frankfort, KY 40601, 502.573.1555.

• **Louisiana:** DeVry University is currently licensed by the Board of Regents of the State of Louisiana, P.O. Box 3677, Baton Rouge, LA 70821. Licenses are renewed by the State Board of Regents every two years. Licensed institutions have met minimal operational standards set forth by the state, but licensure does not constitute accreditation, guarantee the transferability of credit, nor signify that programs are certifiable by any professional agency or organization.

• **Maryland:** DeVry University is registered with the Maryland Higher Education Commission, 6 N. Liberty St., 10th Flr., Baltimore, MD 21201, 410.767.3300.

• **Michigan:** DeVry is licensed by the Michigan Department of Labor & Economic Opportunity, P.O. Box 30726, Lansing, MI 48907, 517.335.4000.

• **Minnesota:** DeVry University is registered with the Minnesota Office of Higher Education, 1450 Energy Park Dr., Ste. 350, St. Paul, MN 55108, 651-642-0567, [www.ohe.state.mn.us](http://www.ohe.state.mn.us), pursuant to sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions. The Bachelor of Science in Accounting is not a "CPA Pathway" program.

• **Missouri:** DeVry is certified to operate by the Missouri Department of Higher Education, 301 W. High St., Ste. 870, Jefferson City, MO 65101, 573.751.2361.

• **Nevada:** DeVry is licensed to operate in the state of Nevada by the Nevada Commission on Postsecondary Education, 2800 E. St. Louis Ave., Las Vegas, NV 89104, 702.486.7330. **Note:** The state of Nevada requires students to meet its requirement for study of the Nevada and U.S. constitutions. DeVry's POLI332 course fulfills this requirement.

• **New Jersey:** DeVry is licensed by the New Jersey Office of the Secretary of Higher Education, P.O. Box 542, Trenton, NJ 08625, 609.292.4310.

• **New Mexico:** DeVry holds a Distance Education Authorization Certificate from the New Mexico Higher Education Department, 2044 Galisteo St., Ste. 4, Santa Fe, NM 87505, 505.476.8400.

• **New York:** DeVry has received permission to operate its academic programs in New York from the University of the State of New York Board of Regents/The State Education Department, 89 Washington Ave., 5 North Mezzanine, Albany, NY 12234, 518.474.2593.

• **North Carolina:** DeVry has been evaluated by the University of North Carolina (140 Friday Center Dr., Chapel Hill, NC 27515, 919.962.4559) and is licensed to conduct higher education degree activity. The School’s guaranty bond for unearned prepaid tuition is on file with the Board of Governors of the University of North Carolina and may be viewed by contacting the Regulatory Affairs Department at DeVry University.

• **North Dakota:** DeVry is authorized to operate in North Dakota under North Dakota Century Code 15-18.1. North Dakota University System, State Capitol, 600 E. Boulevard Ave., Dept. 215, Bismarck, ND 58505, 701.328.2960.

• **Ohio:** DeVry holds Certificate of Authorization by the Ohio Department of Higher Education, 25 S. Front St., Columbus, OH 43215, 614.466.6000.

• **Tennessee:** DeVry University has been granted optional expedited authorization by the Tennessee Higher Education Commission, Parkway Towers, Ste. 1900, Nashville, TN 37243, 615.741.5293.

• **Texas:** DeVry is authorized to grant degrees by the Texas Higher Education Coordinating Board, P.O. Box 12788, Austin, TX 78711, 512.427.6101, 512.427.6127 fax. DeVry is granted exemption as a private university by the Texas Workforce Commission. Exemption status means DeVry is not approved or regulated by the Texas Workforce Commission.

• **Utah:** DeVry is registered under the Utah Postsecondary Proprietary School Act (Title 13, Chapter 34, Utah Code). Registration under the Utah Postsecondary Proprietary School Act
does not mean that the State of Utah supervises, recommends, nor accredits the institution. It is the student’s responsibility to determine whether credits, degrees, or certificates from the institution will transfer to other institutions or meet employers’ training requirements. This may be done by calling the prospective school or employer. State of Utah, Department of Commerce, 160 East 300 South, Salt Lake City, UT 84114.

- **Virginia:** DeVry is certified to operate by the State Council of Higher Education for Virginia, 101 N. 14th St., Richmond, VA 23219, 804.225.2600. Associate degree programs are considered terminal and credits earned in these programs are generally not applicable to other degrees. More information on applicability of credits earned in associate degree programs to bachelor’s degree programs is available from DeVry admissions representatives. DeVry University’s Board of Trustees and the provost and chief academic officer have approved all degree programs and certificate programs offered by DeVry University and its Keller Graduate School of Management in the State of Virginia. DeVry’s associate of applied science programs are technical programs; credits earned may not be applicable to degree programs offered at other institutions.

- **Wisconsin:** The Wisconsin Educational Approval Program, 4822 Madison Yards Way, Madison, WI 53705, 608.266.2112 certifies that DeVry University (Online) has been approved and is legally authorized to do business in the state of Wisconsin as a private postsecondary school, subject to the provisions of 440.52 Wisconsin Statutes, and all administrative rules adopted pursuant to the statutes.

**Bankruptcy Statement**

DeVry University does not have a pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years and has not had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the U.S. Bankruptcy Code.
Master of Business Administration Program
The Master of Business Administration (MBA) program blends management theory with real-world applications, emphasizing practical skills and concepts businesses demand from management professionals. Through a comprehensive business education, students can develop management expertise and advance their knowledge and skills in areas such as corporate management, directing cross-disciplinary endeavors and integrating functions across the business enterprise.

Program Outcomes
This program is designed to produce graduates who are able to:

- Demonstrate in-depth knowledge of enterprise-wide functions relevant in the global economy.
- Demonstrate professional oral and written communication skills through written reports, research projects, business plans and oral presentations.
- Collaborate effectively with diverse populations in multiple settings.
- Analyze information to solve business problems through comprehensive research and use of appropriate technologies.
- Apply analytical tools and applications to develop analyses and solutions to address the needs of global stakeholders.

Program Details
- **Degree:** Master of Business Administration
- **Minimum credit hours required for graduation:** 39
- **Program completion time schedules, assuming continuous year-round enrollment and expressed in calendar time:**
  - **Normal time to complete:** 2 years, 2 months (7 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete:** 12 months (3 semesters), assuming 9 credit hours of prior learning credit and an average of 10 credit hours per semester**
- **Embedded Program:** Students can earn one of the graduate certificates listed below en route to the MBA. To earn the graduate certificate, students must successfully complete MBA coursework that applies to the graduate certificate. Students are encouraged to contact a student support advisor regarding course selections.
  - Accounting
  - Big Data & Analytics
- Entrepreneurship
- Global Supply Chain Management
- Health Services Management
- Human Resource Management
- Project Management

**Program Outline**

Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

### Accounting and Applied Mathematics – 15 credit hours required

- ACCT500^: Essentials of Accounting, Finance and Economics – 3 credit hours
- ACCT503: Financial Accounting: Managerial Use and Analysis – 3 credit hours
- ECON545: Business Economics – 3 credit hours
- FIN510: Corporate Finance – 3 credit hours
- MATH534^: Applied Managerial Statistics – 3 credit hours

### Strategic Business – 12 credit hours required

- MIS540^: Innovation through Technology – 3 credit hours
- MKTG525: Strategic Marketing – 3 credit hours
- One of:
  - HRM587: Managing Organizational Change – 3 credit hours
  - HRM591: Strategic Human Resource Management – 3 credit hours
  - HRM595: Negotiation Skills – 3 credit hours
- One of:
  - FIN565: International Finance – 3 credit hours
  - HRM584: Managing International Human Resources – 3 credit hours
  - INTL500: Global Perspectives for International Business – 3 credit hours

### Leadership and Technology – 9 credit hours required

- All students except those selecting the Business Intelligence and Analytics Management Optional Concentration – 9 credit hours required
- MGMT501^: Organizational Structures and Business Processes – 3 credit hours
- One of:
  - LEAD510: Digital Leadership – 3 credit hours
  - MGMT591: Leadership and Organizational Behavior – 3 credit hours
- One of:
  - BIAM500: Applications of Business Analytics I – 3 credit hours
  - HRM595: Negotiation Skills – 3 credit hours
  - MGMT520: Legal, Political and Ethical Dimensions of Business – 3 credit hours
  - MGMT550: Managerial Communication – 3 credit hours
  - MIS525: Essentials of Information Systems and Programming – 3 credit hours
  - NETW583: Strategic Management of Technology – 3 credit hours
  - PROJ586: Project Management Systems – 3 credit hours
• **Students selecting the Business Intelligence and Analytics Management Optional Concentration – 9 credit hours required**
  BIAM500: Applications of Business Analytics I – 3 credit hours
  MGMT501*: Organizational Structures and Business Processes – 3 credit hours
  **One of:**
  LEAD510: Digital Leadership – 3 credit hours
  MGMT591: Leadership and Organizational Behavior – 3 credit hours

**Capstone – 3 credit hours required**
MGMT601: MBA Capstone – 3 credit hours

**Optional Concentration – required credit hours vary by concentration**
Students may pursue 9-semester-credit-hour concentrations in an area of study. Students selecting the Project Management concentration take 18 semester-credit hours.

• **Accounting – 9 credit hours required**
  ACCT505: Managerial Accounting – 3 credit hours
  **Six credit hours from among:** Remaining ACCT courses

• **Business Intelligence and Analytics Management – 9 credit hours required**
  BIAM510: Applications of Business Analytics II – 3 credit hours
  BIAM530: Developing and Managing Databases for Business Intelligence – 3 credit hours
  BIAM560: Predictive Analytics – 3 credit hours

• **Entrepreneurship – 9 credit hours required**
  ENTR510: Entrepreneurship and New Ventures – 3 credit hours
  ENTR530: Venture Finance and Due Diligence – 3 credit hours
  **One of:**
  ENTR550: Entrepreneurial Marketing – 3 credit hours
  GSCM520: Foundations in Global Supply Chain Management – 3 credit hours

• **Finance – 9 credit hours required**
  FIN516: Advanced Managerial Finance – 3 credit hours
  **Six credit hours from among:** Remaining FIN courses

• **Global Supply Chain Management – 9 credit hours required**
  GSCM520: Foundations in Global Supply Chain Management – 3 credit hours
  GSCM530: Global Supply Chain Resource Planning and Management – 3 credit hours
  **One of:**
  GSCM540: Relationship Management, Procurement and Sourcing Strategy – 3 credit hours
  GSCM588: Managing Quality – 3 credit hours

• **Health Services – 9 credit hours required**
  Three of:
  HSM541: Health Service Systems – 3 credit hours
  HSM542: Health Rights and Responsibilities – 3 credit hours
  HSM543: Health Services Finance – 3 credit hours
HSM544: Health Policy and Economics – 3 credit hours
HSM546: Managed Care – 3 credit hours

- **Human Resources – 9 credit hours required**
  Three of:
  HRM530: Human Resources and Technology – 3 credit hours
  HRM587: Managing Organizational Change – 3 credit hours
  HRM591: Strategic Human Resource Management – 3 credit hours
  HRM592: Training and Development – 3 credit hours
  HRM593: Employment Law – 3 credit hours
  HRM594: Strategic Staffing – 3 credit hours
  HRM595: Negotiation Skills – 3 credit hours

- **Information Systems Management – 9 credit hours required**
  MIS581: Systems Analysis, Planning and Control – 3 credit hours
  MIS582: Database Concepts – 3 credit hours
  One of:
  MIS589: Networking Concepts and Applications – 3 credit hours
  SEC571: Principles of Information Security and Privacy – 3 credit hours

- **Marketing – 9 credit hours required**
  MKTG550: Digital Marketing – 3 credit hours
  MKTG570: Marketing Research – 3 credit hours
  One of:
  ENTR550: Entrepreneurship Marketing – 3 credit hours
  MKTG578: Consumer Behavior – 3 credit hours

- **Project Management – 18 credit hours required**
  GSCM588**: Managing Quality – 3 credit hours
  PROJ586: Project Management Systems – 3 credit hours
  PROJ587: Program Management – 3 credit hours
  PROJ592: Project Cost and Schedule Control – 3 credit hours
  PROJ595: Project Risk Management – 3 credit hours
  PROJ598: Contract and Procurement Management – 3 credit hours

**PMI ATP**
As a Premier level Authorized Training Partner (ATP) of the Project Management Institute (PMI), Keller is proud to offer project management exam preparation course PROJ605. This course provides authorized content enabling students to meet education requirements for the Project Management Professional (PMP)® certification exam. Faculty teaching PROJ605 have completed specialized training and have earned the ATP Instructor badge.

* Assumes students remain on a normal schedule throughout their program. Program completion time shown is for students not completing an optional program concentration. Normal program completion time for students completing a Project Management concentration is 3 years, 2 months (10 semesters). Normal program completion time for students completing all other concentrations is 2 years, 8 months (8 semesters).
** Assumes students remain on an accelerated schedule throughout their program and qualify for and apply nine semester-credit hours of prior learning credit. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section. Program completion time shown is for students not completing an optional program concentration. Accelerated program completion time for students completing a Project Management concentration is 1 year, 8 months (5 semesters). Accelerated program completion time for students completing all other concentrations is 1 year, 4 months (4 semesters).

^ Students who hold an undergraduate business degree, a technology degree or a degree with a technology specialization may be eligible to waive up to three courses (nine credit hours). Students with undergraduate degrees in other disciplines may also be eligible to waive select courses upon review of their undergraduate transcript. Course waiver availability varies by location. Visit the Course Waivers section.

^^ Qualified students may substitute PROJ605 with permission from the appropriate academic administrator.

Notes
In New Jersey, there may be a limit on the number of courses students may complete online. Students should seek academic advising regarding online coursework.

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

Employment positions determined to be in field for graduates of the Master of Business Administration (MBA) degree program – all concentrations except Project management – include General and Operations Managers (11-1021.00); Sales Managers (11-2022.00); Administrative Service Managers (11-3012.00); Investment Fund Managers (11-3031.03); Industrial Production Managers (11-3051.00); Transportation, Storage, and Distribution Managers (11-3071.00); Supply Chain Managers (11-3071.04); Social and Community Service Managers (11-9151.00); Managers, All Other (11-9199.00); Regulatory Affairs Managers (11-9199.01); Compliance Managers (11-9199.02); Loss Prevention Managers (11-9199.08); Cost Estimators (13-1051.00); Management Analysts (13-1111.00). Employment positions determined to be in field for graduates of the MBA program with a concentration in Project Management include Wind Energy Operations Managers (11-9199.09); Wind Energy Project Managers (11-9199.10). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/mba webpage.
Master of Science in Accounting Program
The Master of Science in Accounting program is designed for individuals with an undergraduate specialization in accounting or finance who wish to advance in the field. Specifically, the program can benefit students preparing to seek CPA licensure; those who have passed the CPA exam and are seeking to meet additional academic requirements for CPA licensure; and licensed CPAs seeking a credential that may enable them to teach accounting in higher education institutions.

**TECHPATH**
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Apply current accounting theory and practice in a wide range of occupations.
- Demonstrate a comprehensive understanding of advanced accounting theory and practice to pursue professional licensure.
- Analyze new and existing regulations and standards.
- Apply accounting research regarding technical, tax and audit issues to managerial decision-making.

Program Details
- **Degree:** Master of Science in Accounting
- **Minimum credit hours required for graduation:** 30
- **Program completion time schedules, assuming continuous year-round enrollment and expressed in calendar time:**
  - **Normal time to complete:** 1 year, 8 months (5 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete:** 12 months (3 semesters), assuming an average of 10 credit hours per semester**

Program Outline – All Students Except Those Planning to Sit for the CPA Exam in Texas
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Program Core – 9 credit hours required**
- ACCT525: Current Issues in Accounting – 3 credit hours
- ACCT540: Professional Research for Accountants – 3 credit hours
- ACCT601: Accounting Capstone – 3 credit hours
**Accounting Profession – 9 credit hours required**
Students choose from among the ACCT courses. For those wishing to pursue CPA certification, the following CPA exam preparation courses are recommended:

ACCT591: CPA Exam Preparation: Auditing and Attestation – 2 credit hours  
ACCT592: CPA Exam Preparation: Business Environment and Concepts – 2 credit hours  
ACCT593: CPA Exam Preparation: Financial Accounting and Reporting – 2 credit hours  
ACCT594: CPA Exam Preparation: Regulation – 2 credit hours

**Focus – 6 credit hours required**
Students choose from among remaining ACCT courses or the FIN courses.

**Elective – 6 credit hours required**
Students choose any courses for which they meet prerequisites. Visit the [Course Descriptions](#) section.

**Program Outline – All Students Planning to Sit for the CPA Exam in Texas**
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Program Core – 9 credit hours required**
ACCT540: Professional Research for Accountants – 3 credit hours  
ACCT601: Accounting Capstone – 3 credit hours  
MGMT550: Managerial Communication – 3 credit hours

**Accounting Profession – 9 credit hours required**
ACCT530: Accounting Ethics and Related Regulatory Issues – 3 credit hours  
ACCT555: External Auditing – 3 credit hours  
ACCT559: Advanced Financial Accounting and Reporting Issues – 3 credit hours

**Focus – 12 credit hours required**
ACCT560: Advanced Studies in Federal Taxes and Management Decisions – 3 credit hours  
ACCT564: International Accounting and Multinational Enterprises – 3 credit hours  
ACCT567: Governmental and Not-for-Profit Accounting – 3 credit hours  
ACCT571: Accounting Information Systems – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the [Program-Completion-Time Options](#) section.

**Notes**
Special requirements apply to those who wish to be admitted to the MSAC program (visit the [Additional Admission Requirements for Applicants to the Master of Science Degree Program in Accounting](#) section).
Though some courses may be available in more than one course area (Program Core, Accounting Profession, Focus and Elective), each course may be applied to fulfill one graduation requirement only.

Transfer credit cannot be applied to ACCT525 or ACCT540.

Students enrolling in the MSAC program are expected to have knowledge of content in introductory accounting and finance courses, including ACCT500, ACCT503, ACCT505, ACCT550, ACCT551, ACCT553, ACCT557 and FIN510. Students may not self-register for courses requiring these courses as prerequisites; a student support advisor registers students for such courses.

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

Employment positions determined to be in field for graduates of the Master of Science in Accounting degree program include Accountants and Auditors (13-2011.00); Budget Analysts (13-2031.00); Credit Analysts (13-2041.00); Financial Examiners (13-2061.00); Tax Examiners and Collectors, and Revenue Agents (13-2081.00); Business Teachers, Postsecondary (25-1011.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/ma webpage.
Master of Accounting & Financial Management Program
The Master of Accounting & Financial Management (MAFM) program emphasizes coursework – taught from the practitioner’s perspective – focusing on applying concepts and skills in areas including financial accounting and reporting, managerial accounting, external and operational auditing, and taxation. The program is designed to help students build knowledge, skills and competencies needed in finance, financial management, financial analysis and accounting.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That's why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Demonstrate in-depth knowledge of accounting theory and apply that knowledge to specific accounting practices in a global economy.
- Demonstrate professional oral and written communication skills through written reports, research projects, business plans and oral presentations.
- Collaborate effectively with diverse populations in multiple settings.
- Conduct quantitative and qualitative business analyses, evaluate outcomes, and make recommendations for effective legal and ethical business decisions.
- Develop analyses and solutions in support of business needs using appropriate software applications.

Information regarding programmatic accreditation for this program is available in the Programmatic Accreditation and Recognition section.

ACCT563: Advanced Managerial Accounting Issues – 3 credit hours
ACCT564: International Accounting and Multinational Enterprises – 3 credit hours
ACCT567: Governmental and Not-for-Profit Accounting – 3 credit hours
ACCT571: Accounting Information Systems – 3 credit hours
ACCT573: Accounting Fraud Criminology and Ethics – 3 credit hours
ACCT574: Forensic Accounting: Ethics and the Legal Environment – 3 credit hours
ACCT591: CPA Exam Preparation: Auditing and Attestation – 2 credit hours
ACCT592: CPA Exam Preparation: Business Environment and Concepts – 2 credit hours
ACCT593: CPA Exam Preparation: Financial Accounting and Reporting – 3 credit hours
ACCT594: CPA Exam Preparation: Regulation – 2 credit hours

• **Certified Public Accountant Preparation – students planning to sit for the CPA Exam in Texas – 15 credit hours required**
ACCT550: Intermediate Accounting I – 3 credit hours
ACCT551: Intermediate Accounting II – 3 credit hours

**Nine credit hours from among:**
ACCT530: Accounting Ethics and Related Regulatory Issues – 3 credit hours
ACCT552: Cost Accounting – 3 credit hours
ACCT553: Federal Taxes and Management Decisions – 3 credit hours
ACCT556: Budgeting – 3 credit hours
ACCT557: Intermediate Accounting III – 3 credit hours
ACCT560: Advanced Studies in Federal Taxes and Management Decisions – 3 credit hours
ACCT562: Auditing: An Operational and Internal Perspective Including Fraud Examination – 3 credit hours
ACCT563: Advanced Managerial Accounting Issues – 3 credit hours
ACCT564: International Accounting and Multinational Enterprises – 3 credit hours
ACCT567: Governmental and Not-for-Profit Accounting – 3 credit hours
ACCT571: Accounting Information Systems – 3 credit hours
ACCT573: Accounting Fraud Criminology and Ethics – 3 credit hours
ACCT574: Forensic Accounting: Ethics and the Legal Environment – 3 credit hours

• **Finance – 15 credit hours required**
FIN560: Securities Analysis – 3 credit hours
FIN561: Mergers and Acquisitions – 3 credit hours
FIN564: Management of Financial Institutions – 3 credit hours
FIN565: International Finance – 3 credit hours
FIN575: Advanced Financial Statement Analysis – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.
**Notes**

Students completing degree requirements at a Texas location must fulfill a minimum residency requirement of 36 semester-credit hours at Keller.

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the [Prerequisite Skills Requirements](#) section.

Students may complete optional elective coursework by choosing any two courses for which they meet prerequisites. Visit the [Course Descriptions](#) section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

**Employment positions determined to be in field for graduates of the Master of Accounting & Financial Management degree program include Financial Managers (11-3031.00); Treasurers and Controllers (11-3031.01); Accountants and Auditors (13-2011.00); Financial and Investment Analysts (13-2051.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the [Occupational Information Network](#) website.**

For additional program information, visit the [keller.edu/mafm](#) webpage.
Master of Human Resource Management Program

The Master of Human Resource Management (MHRM) program (availability varies by location) prepares students to be strategic and tactical contributors in their organizations and achieve success as human resource management professionals. Coursework, taught from the practitioner’s perspective, focuses on applying human resource competencies to real-world challenges and opportunities.

The MHRM program is aligned with the current HR Curriculum Guidebook and Templates of the Society for Human Resource Management.

TECHPATH

Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That's why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes

This program is designed to produce graduates who are able to:

- Integrate distinct professional HR competencies and practical applications in HR management to ensure that an organization’s most important asset is available, capable and effective in an ever-changing business environment.
- Employ an interdisciplinary perspective for strategic leadership, HR management and decision-making so as to add value to the overall success of a business enterprise.
- Assess the culture and workplace environment and propose and make HR decisions that align with and help achieve an organization’s strategic goals.

Information regarding programmatic accreditation for this program is available in the Programmatic Accreditation and Recognition section.

Program Details

- **Degree:** Master of Human Resource Management
- **Minimum credit hours required for graduation:** 39
- **Program completion time schedules, assuming continuous year-round enrollment and expressed in calendar time:**
  - Normal time to complete: 2 years, 2 months (7 semesters), assuming an average of 6 credit hours per semester*
  - Accelerated time to complete: 12 months (3 semesters), assuming 9 credit hours of prior learning credit and an average of 10 credit hours per semester**
- **Embedded Program:** Students can earn a graduate certificate in Human Resource Management en route to the master’s degree in Human Resource Management.

Program Outline

Course areas are shown with required credit hours. Courses are shown by designator (e.g., MGMT591), title and credit hours.
**Accounting and Applied Mathematics – 6 credit hours required**
ACCT500*: Essentials of Accounting, Finance and Economics – 3 credit hours
MATH534*: Applied Managerial Statistics – 3 credit hours

**Human Resources – 21 credit hours required**
HRM530: Human Resources and Technology – 3 credit hours
HRM587: Managing Organizational Change – 3 credit hours
HRM591: Strategic Human Resource Management – 3 credit hours
HRM592: Training and Development – 3 credit hours
HRM593: Employment Law – 3 credit hours
HRM594: Strategic Staffing – 3 credit hours
HRM595: Negotiation Skills – 3 credit hours

**Management – 9 credit hours required**
MGMT501*: Organizational Structures and Business Processes – 3 credit hours
MGMT520: Legal, Political and Ethical Dimensions of Business – 3 credit hours
One of:
LEAD510: Digital Leadership – 3 credit hours
MGMT591: Leadership and Organizational Behavior – 3 credit hours

**Capstone – 3 credit hours required**
HRM601: Human Resources Capstone – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program and qualify for and apply nine semester-credit hours of prior learning credit. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

*^ Students may be eligible to waive up to three courses (nine credit hours) upon review of their undergraduate degree. Course waiver availability varies by location. Visit the Course Waivers section.

** Notes**
Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Students may complete optional elective coursework by choosing any two courses for which they meet prerequisites. Visit the Course Descriptions section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

Employment positions determined to be in field for graduates of the Master of Human Resource Management degree program include Human Resources Specialist (13-1071.00);
Business Teachers, Postsecondary (25-1011.00); Compensation and Benefits Managers (11-3111.00); Human Resources Managers (11-3121.00); Training and Development Managers (11-3131.00); Compensation, Benefits, and Job Analysis Specialists (13-1141.00); Training and Development Specialists (13-1151.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/mhrrm webpage.
Master of Project Management Program
The Master of Project Management (MPM) program (availability varies by location) helps students develop the ability to solve real-world management problems, and to exercise sound management judgment through practical application of project management concepts and skills. MPM students are taught specific concepts and skills required to successfully implement new, or enhance existing, commercial and/or technical programs. In addition, they learn to develop and apply new procedures to resolve existing problems. The program also provides business management expertise needed in key areas such as accounting and finance, marketing and applied statistics. This combination of coursework ensures that students obtain the full complement of skills required to successfully manage projects.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

• Model an advanced, integrated, and applied understanding of project management as a discipline.
• Demonstrate the skills required to scope and solve complex problems and develop innovative solutions that minimize risks and optimize impacts.
• Manage complex and technical activities within both predictable and unpredictable environments by integrating knowledge and solutions from practitioner and academic viewpoints.
• Evaluate complex sociocultural factors, ethical issues, and social responsiveness to maximize the management of resources, procedures, and processes.
• Apply leadership skills to promote a positive environment, motivate team members, and deliver a sustained competitive advantage.

Information regarding programmatic accreditation for this program is available in the Programmatic Accreditation and Recognition section.

Program Details
• **Degree**: Master of Project Management
• **Minimum credit hours required for graduation**: 39
• **Program completion time schedules, assuming continuous year-round enrollment and expressed in calendar time**:
  o **Normal time to complete**: 2 years, 2 months (7 semesters), assuming an average of 6 credit hours per semester*
  o **Accelerated time to complete**: 12 months (3 semesters), assuming 9 credit hours of prior learning credit and an average of 10 credit hours per semester**

## Program Outline

Course areas are shown with required credit hours. Courses are shown by designator (e.g., MGMT591), title and credit hours.

### Accounting and Applied Mathematics – 9 credit hours required

- ACCT500: Essentials of Accounting, Finance and Economics – 3 credit hours
- ACCT503: Financial Accounting: Managerial Use and Analysis – 3 credit hours
- MATH534: Applied Managerial Statistics – 3 credit hours

### Management – 12 credit hours required

- GSCM588: Managing Quality – 3 credit hours
- MGMT501: Organizational Structures and Business Processes – 3 credit hours
- MGMT520: Legal, Political and Ethical Dimensions of Business – 3 credit hours

One of:

- LEAD510: Digital Leadership – 3 credit hours
- MGMT591: Leadership and Organizational Behavior – 3 credit hours

### Project Management – 15 credit hours required

- PROJ586: Project Management Systems – 3 credit hours
- PROJ587: Program Management – 3 credit hours
- PROJ592: Project Cost and Schedule Control – 3 credit hours
- PROJ595: Project Risk Management – 3 credit hours
- PROJ598: Contract and Procurement Management – 3 credit hours

### Capstone – 3 credit hours required

- PROJ601: Project Management Capstone – 3 credit hours

### PMI ATP

As a Premier level Authorized Training Partner (ATP) of the Project Management Institute (PMI) Keller is proud to offer project management exam preparation course PROJ605. This course provides authorized content enabling students to meet education requirements for the Project Management Professional (PMP)\(^*\) certification exam. Faculty teaching PROJ605 have completed specialized training and have earned the ATP Instructor badge.

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program and qualify for and apply nine semester-credit hours of prior learning credit. Credit-hour requirements also apply. Visit the [Program-Completion-Time Options](#) section.

\(^*\) Students may be eligible to waive up to three courses (nine credit hours) upon review of their undergraduate degree. Course waiver availability varies by location. Visit the [Course Waivers](#) section.

\(^\text{**}\) Qualified students may substitute PROJ605 with permission from the appropriate academic administrator.
Notes
In New Jersey, there may be a limit on the number of courses students may complete online. Students should seek academic advising regarding online coursework.

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Students may complete an optional elective by choosing any one course for which they meet prerequisites. Visit the Course Descriptions section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

Employment positions determined to be in field for graduates of the Master of Project Management degree program include Supply Chain Managers (11-3071.04); Managers, All Other (11-9199.00); Regulatory Affairs Managers (11-9199.01); Compliance Managers (11-9199.02); Loss Prevention Managers (11-9199.08); Wind Energy Operations Managers (11-9199.09); Wind Energy Project Managers (11-9199.10). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/mpm webpage.
Master of Public Administration Program
The Master of Public Administration (MPA) program (availability varies by location) focuses on concepts and skills needed to effectively manage organizations lying outside the boundaries of the traditional business environment.

TECHPATH
Today's leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That's why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Determine and execute the objectives of non-profit and/or governmental organizations
- Collaborate effectively with diverse populations in multiple settings.
- Demonstrate professional oral and written communication skills through written reports, research projects, project plans and oral presentations.
- Synthesize leadership and team-building skills and effective management practices to ensure stakeholders are engaged and resources are used effectively.

Information regarding programmatic accreditation for this program is available in the Programmatic Accreditation and Recognition section.

Program Details
- **Degree**: Master of Public Administration
- **Minimum credit hours required for graduation**: 39
- **Program completion time schedules**, assuming continuous year-round enrollment and expressed in **calendar time**:
  - **Normal time to complete**: 2 years, 2 months (7 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete**: 12 months (3 semesters), assuming 9 credit hours of prior learning credit and an average of 10 credit hours per semester**
- **Embedded Program**: Students can earn a graduate certificate in Health Services Management en route to the master's degree in Public Administration with an emphasis in Healthcare Management.

Master of Information Systems Management Program
The Master of Information Systems Management program (MISM, availability varies by location, Master of Science in Information Systems Management program in New York) is designed to equip students with the business, management and technical skills needed to function effectively as senior analysts, information systems (IS) project leaders and management information systems (MIS) managers – positions that form the backbone of the IS field. The program, taught from a practitioner perspective, focuses on applying IS concepts and skills to real-world situations, helping students understand and evaluate technology applications and alternatives.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Develop and enhance business, technical and management skills needed to function effectively as IS managers.
- Employ information systems to an organization’s strategic and competitive benefit.
- Apply relevant tools for application development, operational effectiveness, information asset management and decision-making.
- Analyze and design computer/network-based applications of information technology and manage IS resources.
- Manage projects and execute project tasks with respect to information systems.

Information regarding programmatic accreditation for this program is available in the Programmatic Accreditation and Recognition section.

Program Details
- **Degree:** Master of Information Systems Management
- **Minimum credit hours required for graduation:** 45
- **Program completion time schedules, assuming continuous year-round enrollment and expressed in calendar time:**
  - Normal time to complete: 2 years, 6 months (8 semesters), assuming an average of 6 credit hours per semester*
  - Accelerated time to complete: 1 year, 4 months (4 semesters), assuming 9 credit hours of prior learning credit and an average of 10 credit hours per semester**
- **Embedded Program:** Students can earn a graduate certificate in Information Security en route to the master’s degree in Information Systems Management with a concentration in Information Security.
Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (e.g., MGMT591), title and credit hours.

Program Core – 18 credit hours required
HRM587: Managing Organizational Change – 3 credit hours
MATH534*: Applied Managerial Statistics – 3 credit hours
MGMT591: Leadership and Organizational Behavior – 3 credit hours
MIS540*: Innovation Through Technology – 3 credit hours
NETW583*: Strategic Management of Technology – 3 credit hours
PROJ586: Project Management Systems – 3 credit hours

Technology Core – 15 credit hours required
MIS581*: Systems Analysis, Planning and Control – 3 credit hours
MIS582*: Database Concepts – 3 credit hours
MIS589*: Networking Concepts and Applications – 3 credit hours
MIS601: Technology Management Capstone – 3 credit hours
SEC571*: Principles of Information Security and Privacy – 3 credit hours

Concentration – one concentration selected^^ – 12 credit hours required
• Information Security – 12 credit hours required
  SEC572: Network Security – 3 credit hours
  SEC573: E-Business Security – 3 credit hours
  SEC591: Disaster Recovery/Forensics and Security – 3 credit hours
  SEC592: IT Governance – 3 credit hours

• Data Administration and Management – 12 credit hours required
  BIAM500: Applications of Business Analytics I – 3 credit hours
  BIAM510: Applications of Business Analytics II – 3 credit hours
  MIS562: Database Programming and Applications – 3 credit hours
  MIS563: Business Intelligence Systems – 3 credit hours

• Project Management – 12 credit hours required
  Four of:
  PROJ584: Managing Software Development Projects – 3 credit hours
  PROJ587: Program Management – 3 credit hours
  PROJ592: Project Cost and Schedule Control – 3 credit hours
  PROJ595: Project Risk Management – 3 credit hours
  PROJ598: Contract and Procurement Management – 3 credit hours
  PROJ605: Project Management Exam Preparation – 3 credit hours

PMI ATP
As a Premier level Authorized Training Partner (ATP) of the Project Management Institute (PMI), Keller is proud to offer project management exam preparation course PROJ605. This course provides authorized content enabling students to meet education requirements for the Project
Management Professional (PMP)® certification exam. Faculty teaching PROJ605 have completed specialized training and have earned the ATP Instructor badge.

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program and qualify for and apply nine semester-credit hours of prior learning credit. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

^ Students may be eligible to waive up to five courses (15 credit hours) upon review of their undergraduate degree. Course waiver availability varies by location. Visit the Course Waivers section.

^^ Students not wishing to pursue a focused concentration must pursue a general studies concentration by choosing any four courses from those listed in the concentration areas above. All students must declare either a focused or general studies concentration prior to graduation.

Notes
Essentials of Information Systems and Programming, MIS525, must be completed successfully by students without a technical background; if required, this course is in addition to standard program requirements, though the grade earned is not used in computing grade point averages. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

Employment positions determined to be in field for graduates of the Master of Information Systems Management degree program include Computer and Information Systems Managers (11-3021.00). This position is used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/mism webpage.
Master of Information Technology Management Program
The Master of Information Technology Management (MITM) program (availability varies by location) is designed to equip students with management skills and technical knowledge of information systems and networking technologies. The program, taught from a practitioner perspective, prepares students to apply information systems and networking concepts and skills to real-world situations, and to recognize opportunities in which application of technology can provide strategic benefit to organizations. Coursework provides perspectives on managerial decision-making and managing an enterprise in a technological environment. The program focuses on aspects of information systems and network technologies, helping students to understand and evaluate technology applications and alternatives employed in business and industry.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Develop and demonstrate the business, technical and management skills needed to function effectively as Information Systems (IS) managers.
- Identify opportunities for an organization’s strategic and competitive benefit through application development, operational effectiveness, information asset management and networking technology.
- Provide critical learning tools for application development, operational effectiveness, information asset management, networking technology and decision-making for the strategic benefit of an organization.
- Utilize appropriate tools and technology to analyze and design computer/network-based applications of information technology and manage IS resources.
- Develop and demonstrate project management skills needed to lead projects and execute project tasks with respect to information systems.

Information regarding programmatic accreditation for this program is available in the Programmatic Accreditation and Recognition section.

Master of Network & Communications Management Program
The Master of Network & Communications Management program (availability varies by location), appropriate for those with or without communications technology or networking experience, is designed to equip students with managerial skills and technical knowledge of network and communications technology. The program, taught from a practitioner’s perspective, prepares students to recognize opportunities in which application of communications technology can provide strategic benefit to organizations by reducing costs, improving customer service and enhancing operational efficiencies. Coursework provides perspectives on managerial decision-making and managing an enterprise in a technological environment. It also focuses on aspects of communications technologies that help students understand and evaluate technology applications and alternatives employed in business and industry.

Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Synthesize managerial and technical skills to develop, implement and oversee an organization’s telecommunications infrastructure.
- Integrate managerial and technical skills to determine cost, improve customer service and boost operating efficiencies.
- Employ communications and networking technology for the strategic benefit of an organization.
- Apply project management methodology in order to ensure greater success in project implementation in all functional areas.

Information regarding programmatic accreditation for this program is available in the Programmatic Accreditation and Recognition section.

Program Details
- **Degree:** Master of Network and Communications Management
- **Minimum credit hours required for graduation:** 45
- **Program completion time schedules, assuming continuous year-round enrollment and expressed in calendar time:**
  - **Normal time to complete:** 2 years, 6 months (8 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete:** 1 year, 4 months (4 semesters), assuming 9 credit hours of prior learning credit and an average of 10 credit hours per semester**
- **Embedded Program:** Students can earn a graduate certificate in Information Security en route to the master’s degree in Network and Communications Management with a concentration in Information Security.
Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (e.g., MGMT591), title and credit hours.

Program Core – 18 credit hours required
ACCT504: Accounting and Finance: Managerial Use and Analysis – 3 credit hours
HRM587: Managing Organizational Change – 3 credit hours
MIS540: Innovation Through Technology – 3 credit hours
MIS589: Networking Concepts and Applications – 3 credit hours
NETW583: Strategic Management of Technology – 3 credit hours
PROJ586: Project Management Systems – 3 credit hours

Technology Core – 15 credit hours required
MIS601: Technology Management Capstone – 3 credit hours
NETW584: Telecommunications Law and Regulation – 3 credit hours
NETW585: Network Design and Management – 3 credit hours
NETW589: Wireless Communication Systems – 3 credit hours
SEC572: Network Security – 3 credit hours

Concentration – one concentration selected – 12 credit hours required
- Information Security – 12 credit hours required
  SEC571: Principles of Information Security and Privacy – 3 credit hours
  SEC573: E-Business Security – 3 credit hours
  SEC591: Disaster Recovery/Forensics and Security – 3 credit hours
  SEC592: IT Governance – 3 credit hours

- Project Management – 12 credit hours required
  Four of:
  PROJ584: Managing Software Development Projects – 3 credit hours
  PROJ587: Program Management – 3 credit hours
  PROJ592: Project Cost and Schedule Control – 3 credit hours
  PROJ595: Project Risk Management – 3 credit hours
  PROJ598: Contract and Procurement Management – 3 credit hours
  PROJ605: Project Management Exam Preparation – 3 credit hours

PMI ATP
As a Premier level Authorized Training Partner (ATP) of the Project Management Institute (PMI), Keller is proud to offer project management exam preparation course PROJ605. This course provides authorized content enabling students to meet education requirements for the Project Management Professional (PMP)® certification exam. Faculty teaching PROJ605 have completed specialized training and have earned the ATP Instructor badge.

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program and qualify for and apply nine semester-credit hours of prior learning credit. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.
^ Students may be eligible to waive up to five courses (15 credit hours) upon review of their undergraduate degree. Course waiver availability varies by location. Visit the Course Waivers section.

^^ Students not wishing to pursue a focused concentration must pursue a general studies concentration by choosing any four courses from those listed in the concentration areas above. All students must declare either a focused or general studies concentration prior to graduation.

Notes
Essentials of Information Systems and Programming, MIS525, must be completed successfully by students without a technical background; if required, this course is in addition to standard program requirements, though the grade earned is not used in computing grade point averages. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

Employment positions determined to be in field for graduates of the Master of Network & Communications Management degree program include Computer Network Support Specialists (15-1231.00); Network and Computer Systems Administrators (15-1244.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/mncm webpage.
Keller’s Certificate Programs

Note: Select courses within Keller's graduate certificate programs, including courses required for tracks within certain graduate certificate programs, may be available at some DeVry University locations. Graduate certificate credentials are issued by DeVry University’s main campus, in Naperville, Illinois.

Accounting Graduate Certificate Program

Keller’s Accounting graduate certificate program is designed to increase students' practical knowledge and abilities in the field of accounting. Coursework covers financial statement reporting and disclosures, taxes, investments, working capital management, cost of capital and financial forecasting from a business perspective.

TECHPATH

Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes

This program is designed to produce graduates who are able to:

- Demonstrate a comprehensive understanding of accounting theory and practice related to financial reporting and managerial decision-making.
- Communicate accounting issues and solutions clearly to individuals in the accounting profession as well as to management and stakeholders in an organization.
- Measure outcomes using existing measurement criteria such as Generally Accepted Accounting Principles (GAAP), Other Common Basis of Accounting (OCBOA), Internal Revenue Service (IRS) regulations, International Financial Reporting Standards (IFRS) or other non-authoritative measurement tools.

Program Details

- **Credential**: Graduate Certificate in Accounting
- **Minimum credit hours required for certificate completion**: 18
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time**:
  - **Normal time to complete**: 12 months (3 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete**: 8 months (2 semesters), assuming an average of 9 credit hours per semester**

Program Outline

Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.
**Accounting and Finance – 12 credit hours required**
ACCT500: Essentials of Accounting, Finance and Economics – 3 credit hours
ACCT503: Financial Accounting: Managerial Use and Analysis – 3 credit hours
ACCT505: Managerial Accounting – 3 credit hours
FIN510: Corporate Finance – 3 credit hours

**Intermediate Accounting – 6 credit hours required**
ACCT550: Intermediate Accounting I – 3 credit hours
ACCT551: Intermediate Accounting II – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

**Notes**
Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

**Employment positions determined to be in field for graduates of the Graduate Certificate in Accounting program include** Financial Managers (11-3031.00); Treasurers and Controllers (11-3031.01); Accountants and Auditors (13-2011.00); Financial Analysts (13-2051.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

**For additional program information, visit the keller.edu/ga webpage.**
Big Data & Analytics Graduate Certificate Program

Keller’s Big Data & Analytics graduate certificate program is designed to help students analyze important data that ultimately drives strategic business decisions. Students can develop proficiency in the methods and technologies needed to gather, store and report on big data. Coursework explores topics such as business analytics, social network analysis, relational database management, data warehousing, data modeling and decision trees.

**TECHPATH**

Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes

This program is designed to produce graduates who are able to:

- Identify and evaluate, based on relative strengths and weaknesses, the appropriate analytical tools needed to solve multidimensional business problems.
- Construct business analyses and translate the findings to a diverse audience of experts.
- Explain the strategic implications of applying the techniques of business analytics to support the decision-making of senior-level managers in their organization.

Program Details

- **Credential:** Graduate Certificate in Big Data and Analytics
- **Minimum credit hours required for certificate completion:** 18
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time:**
  - **Normal time to complete:** 12 months (3 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete:** 8 months (2 semesters), assuming an average of 9 credit hours per semester**

Program Outline

Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Accounting and Mathematics – 3 credit hours required**
MATH534: Applied Managerial Statistics – 3 credit hours

**Technology Management – 3 credit hours required**
MIS540: Innovation Through Technology – 3 credit hours

**Business Intelligence and Analytics Management – 12 credit hours required**
BIAM500: Applications of Business Analytics I – 3 credit hours
BIAM510: Applications of Business Analytics II – 3 credit hours
BIAM530: Developing and Managing Databases for Business Intelligence – 3 credit hours
BIAM560: Predictive Analytics – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

Notes
Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Employment positions determined to be in field for graduates of the Graduate Certificate in Big Data & Analytics Management program include General and Operations Managers (11-1021.00); Management Analysts (13-1111.00); Business Intelligence Analysts (15-2051.01); Computer Occupations, All Other (15-1299.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/gbda webpage.
CPA Preparation Graduate Certificate Program
Keller’s CPA Preparation graduate certificate program is designed for students interested in preparing for the CPA exam by focusing on professional competency in accounting through completion of advancing accounting coursework. Coursework covers financial statement reporting and disclosures, taxes, investments, working capital management, cost of capital and financial forecasting from a business perspective.

The certificate is designed as a standalone credential, some credits from which are transferable to the Master of Accounting and Financial Management program.

To support their goals, students interested in CPA preparation can focus their studies on either advanced accounting or professional leadership.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Demonstrate a comprehensive understanding of advanced accounting theory and practice to pursue professional licensure.
- Communicate accounting issues and solutions clearly to individuals in the accounting profession as well as management and stakeholders in an organization.
- Measure outcomes using existing measurement criteria such as Generally Accepted Accounting Principles (GAAP), Other Common Basis of Accounting (OCBOA), Internal Revenue Service (IRS) regulations, International Financial Reporting Standards (IFRS) or other non-authoritative measurement tools.
- Apply accounting research regarding technical, tax and audit issues to managerial decision-making.

Program Details
- **Credential**: Graduate Certificate in CPA Preparation
- **Minimum credit hours required for certificate completion**: 30
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time**:
  - **Normal time to complete**: 1 year, 8 months (5 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete**: 12 months (3 semesters), assuming an average of 10 credit hours per semester**
Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Accounting – 12 credit hours required**
ACCT559: Advanced Financial Accounting and Reporting Issues – 3 credit hours
ACCT564: International Accounting and Multinational Enterprises – 3 credit hours
ACCT571: Accounting Information Systems – 3 credit hours
ACCT574: Forensic Accounting: Ethics and the Legal Environment – 3 credit hours

**CPA Exam Preparation – 9 credit hours required**
ACCT591: CPA Exam Preparation: Auditing and Attestation – 2 credit hours
ACCT592: CPA Exam Preparation: Business Environment and Concepts – 2 credit hours
ACCT593: CPA Exam Preparation: Financial Accounting and Reporting – 3 credit hours
ACCT594: CPA Exam Preparation: Regulation – 2 credit hours

**Track – one track selected – 9 credit hours required**
- **Advanced Accounting – 9 credit hours required**
  ACCT560: Advanced Studies in Federal Taxes and Management Decisions – 3 credit hours
  ACCT562: Auditing: An Operational and Internal Perspective Including Fraud Examination – 3 credit hours
  ACCT573: Accounting Fraud Criminology and Ethics – 3 credit hours

- **Professional Leadership – 9 credit hours required**
  FIN564: Management of Financial Institutions – 3 credit hours
  HRM587: Managing Organizational Change – 3 credit hours
  PROJ586: Project Management Systems – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

Notes
Students enrolling in the Graduate Certificate in CPA Preparation program are expected to have knowledge of content in introductory accounting and finance courses, including ACCT500, ACCT503, ACCT505, ACCT550, ACCT551, ACCT553, ACCT557 and FIN510. Students may not self-register for courses requiring these courses as prerequisites; a student support advisor may register students for such courses.

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Credits and degrees earned from Keller do not automatically qualify the holder to participate in professional licensing exams required to practice certain professions. Persons interested in
practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest.

Employment positions determined to be in field for graduates of the Graduate Certificate in CPA Preparation program include Financial Managers (11-3031.00); Treasurers and Controllers (11-3031.01); Accountants and Auditors (13-2011.00); Financial Analysts (13-2051.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/gcpap webpage.
Entrepreneurship Graduate Certificate Program
Keller’s Entrepreneurship graduate certificate program helps students launch a business or build a team by providing fundamental knowledge. Coursework explores idea generation, opportunity assessment, market research, segmentation, raising capital and equity financing.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Demonstrate the entrepreneurial process from idea generation to business formation.
- Analyze various corporate structures to differentiate the factors new ventures use to successfully compete, and evaluate the resources required to operate the business.
- Evaluate the options an entrepreneur has to meet the ultimate goal of return on investment and other financial goals for generating financial capital.
- Apply entrepreneurial skills to generate an idea, develop a concept, articulate a business solution and secure financial support for implementation.

Program Details
- **Credential**: Graduate Certificate in Entrepreneurship
- **Minimum credit hours required for certificate completion**: 18
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time**:
  - **Normal time to complete**: 12 months (3 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete**: 8 months (2 semesters), assuming an average of 9 credit hours per semester**

Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Accounting and Leadership – 9 credit hours required**
- ACCT500: Essentials of Accounting, Finance and Economics – 3 credit hours
- INTL500: Global Perspectives for International Business – 3 credit hours

**One of:**
- LEAD510: Digital Leadership – 3 credit hours
- MGMT591: Leadership and Organizational Behavior – 3 credit hours
Entrepreneurship – 9 credit hours required

ENTR510: Entrepreneurship and New Ventures – 3 credit hours
ENTR530: Venture Finance and Due Diligence – 3 credit hours
ENTR550: Entrepreneurial Marketing – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

Notes

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Employment positions determined to be in field for graduates of the Graduate Certificate in Entrepreneurship program include Administrative Services Managers (11-3012.00); Investment Fund Managers (11-3031.03); Supply Chain Managers (11-3071.04). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/ge webpage.
Global Supply Chain Management Graduate Certificate Program
Keller’s Global Supply Chain Management graduate certificate program helps students gain the knowledge needed to create and maintain lean and efficient operations systems in diverse, international environments. Coursework covers topics such as logistics, operations research and supply chain efficiency.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Evaluate and select an appropriate supply chain transportation strategy based upon factors such as product characteristics, cost, packaging and speed of delivery.
- Demonstrate the benefits of key design features including supply chain member collaboration, synchronization and operational transparency to help mitigate supply chain dysfunction.
- Assess the probability and impact of potential supply chain risks and develop appropriate risk mitigation strategies.

Program Details
- **Credential:** Graduate Certificate in Global Supply Chain Management
- **Minimum credit hours required for certificate completion:** 18
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time:**
  - Normal time to complete: 12 months (3 semesters), assuming an average of 6 credit hours per semester*
  - Accelerated time to complete: 8 months (2 semesters), assuming an average of 9 credit hours per semester**

Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Accounting and Leadership – 9 credit hours required**
ACCT500: Essentials of Accounting, Finance and Economics – 3 credit hours
INTL500: Global Perspectives for International Business – 3 credit hours
One of:
LEAD510: Digital Leadership – 3 credit hours
MGMT591: Leadership and Organizational Behavior – 3 credit hours
Global Supply Chain Management – 9 credit hours required
GSCM520: Foundations in Global Supply Chain Management – 3 credit hours
GSCM530: Global Supply Chain Resource Planning and Management – 3 credit hours
GSCM540: Relationship Management, Procurement and Sourcing Strategy – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

Notes
Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Employment positions determined to be in field for graduates of the Graduate Certificate in Global Supply Chain Management program include Supply Chain Managers (11-3071.04). This position is used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/ggscm webpage.
Health Services Management Graduate Certificate Program
Keller’s Health Services Management graduate certificate program helps students prepare for a professional role in the health services industry. Coursework addresses key topics such as healthcare systems administration, patient rights and responsibilities, healthcare policy and healthcare finance.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Explain how decisions impact stakeholders by applying an understanding of how and why decisions are made along the healthcare continuum.
- Apply an understanding of the overall U.S. healthcare model and the history of legislation and available public/private programs to issues in the contemporary healthcare field. Also, apply an understanding of the U.S. model as compared to other models around the globe.
- Analyze the legal and ethical aspects of healthcare as it has evolved over time in order to determine the moral responsibilities of healthcare workers and how today’s legal system affects the types of care provided to the patient.
- Assess the value of available health plans and explain the value-proposition of different types of health plans (public and private) to patients. Synthesize the business perspective of healthcare relative to the consumer perspective of healthcare and how each affects the other.

Program Details
- **Credential:** Graduate Certificate in Health Services Management
- **Minimum credit hours required for certificate completion:** 18
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time:**
  - Normal time to complete: 12 months (3 semesters), assuming an average of 6 credit hours per semester*
  - Accelerated time to complete: 8 months (2 semesters), assuming an average of 9 credit hours per semester**

Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.
Accounting and Leadership – 6 credit hours required
ACCT500: Essentials of Accounting, Finance and Economics – 3 credit hours
One of:
LEAD510: Digital Leadership – 3 credit hours
MGMT591: Leadership and Organizational Behavior – 3 credit hours

Technology Management – 3 credit hours required
MIS540: Innovation Through Technology – 3 credit hours

Health Services Management – 9 credit hours required
HSM541: Health Service Systems – 3 credit hours
HSM542: Health Rights and Responsibilities – 3 credit hours
HSM543: Health Services Finance – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

Notes
Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Employment positions determined to be in field for graduates of the Graduate Certificate in Health Services Management program include Administrative Services Managers (11-3012.00). This position is used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Human Resource Management Graduate Certificate Program
Keller’s Human Resource Management graduate certificate program helps students enhance their abilities in key areas of human resources such as team building, employment law, human capital management and managing human dynamics.

**TECHPATH**
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Analyze and demonstrate an ability to implement and oversee mid- to senior-level human resource management (HRM) functions, including change management, employment regulatory concerns and employee legal matters.
- Synthesize the role of HRM and contribute to the progression and achievement of an organization’s strategic plan through partnership.
- Create metrics to analyze organizational performance and inform improvement initiatives, and strategically design objectives resulting in the efficient use of technology, human capital, organizational culture, leadership, workforce planning and talent management.

Program Details
- **Credential**: Graduate Certificate in Human Resource Management
- **Minimum credit hours required for certificate completion**: 18
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time**:
  - Normal time to complete: 12 months (3 semesters), assuming an average of 6 credit hours per semester*
  - Accelerated time to complete: 8 months (2 semesters), assuming an average of 9 credit hours per semester**

Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Accounting and Leadership – 6 credit hours required**
ACCT500: Essentials of Accounting, Finance and Economics – 3 credit hours

**One of:**
LEAD510: Digital Leadership – 3 credit hours
MGMT591: Leadership and Organizational Behavior – 3 credit hours

**Human Resource Management – 12 credit hours required**
HRM530: Human Resources and Technology – 3 credit hours
HRM587: Managing Organizational Change – 3 credit hours
HRM591: Strategic Human Resource Management – 3 credit hours
HRM593: Employment Law – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

Notes
Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Employment positions determined to be in field for graduates of the Graduate Certificate in Human Resource Management program include Human Resources Specialists (13-1071.00); Business Teachers, Postsecondary (25-1011.00); Compensation and Benefits Managers (11-3111.00); Human Resources Managers (11-3121.00); Training and Development Managers (11-3131.00); Compensation, Benefits, and Job Analysis Specialists (13-1141.00); Training and Development Specialists (13-1151.00). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/ghrm webpage.
Information Security Graduate Certificate Program
Keller’s Information Security graduate certificate program helps students develop technical knowledge in key areas of information security, including basic cryptography, intrusion detection and legal issues surrounding data protection. Coursework also addresses industry standards and the inherent risks of computer networking.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the workplace becomes digitized at an unprecedented pace, success is fueled by the ability to use technology to make data-driven decisions. That’s why DeVry University infuses programs with technology and hands-on experiential learning. We call it TechPath, and the goal is simple: to provide our graduates with real-world opportunities to solve problems, think critically, work in teams, analyze data, present solutions and stand out as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

- Assess opportunities to apply information security to an organization’s protection, strategic and competitive benefit.
- Develop and manage information security projects, which include work breakdown structures (WBS), risk management assessment and planning, schedules, and/or budgets.
- Evaluate disaster recovery processes and propose procedures and guidelines to safeguard the organization’s technology assets.

Program Details
- **Credential:** Graduate Certificate in Information Security
- **Minimum credit hours required for certificate completion:** 18
- **Program completion time, assuming continuous year-round enrollment and expressed in calendar time:**
  - **Normal time to complete:** 12 months (3 semesters), assuming an average of 6 credit hours per semester*
  - **Accelerated time to complete:** 8 months (2 semesters), assuming an average of 9 credit hours per semester**

Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (i.e., MGMT591), title and credit hours.

**Networking – 3 credit hours required**
MIS589: Networking Concepts and Applications – 3 credit hours

**Technology Management – 3 credit hours required**
NETW583: Strategic Management of Technology – 3 credit hours

**Information Security – 12 credit hours required**
SEC571: Principles of Information Security and Privacy – 3 credit hours
SEC572: Network Security – 3 credit hours
SEC591: Disaster Recovery/Forensics and Security – 3 credit hours
SEC592: IT Governance – 3 credit hours

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

Notes
Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Employment positions determined to be in field for graduates of the Graduate Certificate in Information Security program include Information Security Analysts (15-1212.00). This position is used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

Project Management Graduate Certificate Program
Keller’s Project Management graduate certificate program helps students develop the knowledge
and skills needed to create effective project plans that incorporate risk analysis, cost control and
performance objectives. Coursework helps students understand how to plan, budget and control
multi-project programs that may involve legal and ethical issues.

TECHPATH
Today’s leading businesses are powered by innovation and technology. As the
workplace becomes digitized at an unprecedented pace, success is fueled by the ability
to use technology to make data-driven decisions. That’s why DeVry University infuses
programs with technology and hands-on experiential learning. We call it TechPath, and
the goal is simple: to provide our graduates with real-world opportunities to solve
problems, think critically, work in teams, analyze data, present solutions and stand out
as leaders in our digitally driven world.

Program Outcomes
This program is designed to produce graduates who are able to:

• Model an advanced and integrated understanding of the project management discipline and its
  interface with other disciplines and research developments.
• Apply the skills required to solve complex problems and interpret relevant strategic concepts to
  realize objectives and develop innovative solutions that minimize risks and optimize impacts.
• Demonstrate professional conduct and accountability during the management of complex and
  technical activities for both projects and programs.
• Evaluate complex sociocultural factors, ethical issues and social responsiveness to maximize
  the management of resources, procedures and processes.

Program Details
• Credential: Graduate Certificate in Project Management
• Minimum credit hours required for certificate completion: 18
• Program completion time, assuming continuous year-round enrollment and expressed
  in calendar time:
  o Normal time to complete: 12 months (3 semesters), assuming an average of 6 credit
    hours per semester*
  o Accelerated time to complete: 8 months (2 semesters), assuming an average of 9 credit
    hours per semester**

Program Outline
Course areas are shown with required credit hours. Courses are shown by designator (i.e.,
MGMT591), title and credit hours.

Leadership and Quality – 6 credit hours required
GSCM588*: Managing Quality – 3 credit hours
One of:
LEAD510: Digital Leadership – 3 credit hours
MGMT591: Leadership and Organizational Behavior – 3 credit hours
**Project Management – 12 credit hours required**

PROJ586: Project Management Systems – 3 credit hours
PROJ587: Program Management – 3 credit hours
PROJ592: Project Cost and Schedule Control – 3 credit hours
PROJ595: Project Risk Management – 3 credit hours

**PMI ATP**

As a Premier level Authorized Training Partner (ATP) of the Project Management Institute (PMI), Keller is proud to offer project management exam preparation course PROJ605. This course provides authorized content enabling students to meet education requirements for the Project Management Professional (PMP)® certification exam. Faculty teaching PROJ605 have completed specialized training and have earned the ATP Instructor badge.

* Assumes students remain on a normal schedule throughout their program.

** Assumes students remain on an accelerated schedule throughout their program. Credit-hour requirements also apply. Visit the Program-Completion-Time Options section.

^ Qualified students may substitute PROJ605 with permission from an appropriate academic administrator.

**Notes**

Students requiring additional development of mathematics and/or writing skills take prerequisite skills coursework, MATH500 and/or ENGL510, respectively. Required prerequisite skills coursework may affect program length and cost. Visit the Prerequisite Skills Requirements section.

Employment positions determined to be in field for graduates of the Graduate Certificate in Project Management program include Supply Chain Managers (11-3071.04); Managers, All Other (11-9199.00); Regulatory Affairs Managers (11-9199.01); Compliance Managers (11-9199.02); Loss Prevention Managers (11-9199.08); Wind Energy Operations Managers (11-9199.09); Wind Energy Project Managers (11-9199.10). These positions are used to calculate graduate employment rates required by the state of California and to meet regulation requirements of other state authorization agencies. Learn more by searching career titles or SOC numbers above at the Occupational Information Network website.

For additional program information, visit the keller.edu/gpm webpage.
Course Descriptions

Keller’s broad range of courses addressing today’s business needs.

Students without prerequisites for a course who believe they have compensating work or education experience may submit a request to waive prerequisite(s) to the admissions representative/student support advisor.

Courses are three semester-credit hours unless otherwise noted. Course descriptions are presented alphabetically, by course discipline. Alpha designators indicate the discipline of the course (e.g., ACCT for accounting). Numeric designators indicate the course level. Courses at the 500-level represent program core, specialization and elective coursework; 600-level courses represent capstone courses and may include exam preparation coursework.

<tbody>
<tr>
<td>ACCT500</td>
<td>Essentials of Accounting, Finance and Economics</td>
<td>This course introduces core accounting, finance, and economic concepts and principles needed by managers. Accounting topics cover the basics of financial statements, transaction analysis and the accounting cycle. Finance topics include an introduction to the finance function, the role of the financial manager, time value of money concepts and basic financial statement analysis. Topics in economics include an introduction to economic resources, scarcity and systems with a focus on key business fundamentals, including supply and demand, forms of competition, profit maximization and basic macroeconomic concepts</td>
<td>None</td>
</tr>
<tr>
<td>ACCT503</td>
<td>Financial Accounting: Managerial Use and Analysis</td>
<td>This course focuses on core accounting concepts as well as tools needed by managers to create the key financial statements that reflect an organization’s financial health. Financial analyses and statements are examined for management control, decision-making and reporting purposes.</td>
<td>ACCT500</td>
</tr>
<tr>
<td>ACCT504</td>
<td>Accounting and Finance: Managerial Use and Analysis</td>
<td>This course introduces core accounting and finance concepts, as well as tools used to summarize the accounting of business transactions into standardized statements. Students use these tools to diagnose and document an organization’s fiscal health, as well as examine financial analyses and statements for management control, decision-making and reporting.</td>
<td>None</td>
</tr>
<tr>
<td>Course Designator and Number</td>
<td>Course Title</td>
<td>Course Description</td>
<td>Prerequisite</td>
</tr>
<tr>
<td>-----------------------------</td>
<td>------------------------------------------------</td>
<td>--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
<td>--------------------------------------------------</td>
</tr>
<tr>
<td>ACCT505</td>
<td>Managerial Accounting</td>
<td>Managerial Accounting focuses on developing, interpreting and applying accounting information for managerial decision-making. The course stresses using financial information within organizations for understanding and analyzing activities and operations. Students learn linkages between accounting information and management planning through cost analysis (including activity-based costing), operational and capital budgeting, and performance measurement.</td>
<td>ACCT503 or ACCT504</td>
</tr>
<tr>
<td>ACCT525</td>
<td>Current Issues in Accounting</td>
<td>This course addresses current issues in the field of accounting. Topics include ethics; harmonization of accounting and financial reporting methods; recent accounting pronouncements and the effect of these pronouncements on various entities; and current issues being addressed by the Federal Accounting Standards Advisory Board (FASAB), the Securities and Exchange Commission (SEC) and International Financial Reporting Standards (IFRS).</td>
<td>ACCT503 or ACCT504 or permission from the appropriate academic administrator</td>
</tr>
<tr>
<td>ACCT530</td>
<td>Accounting Ethics and Related Regulatory Issues</td>
<td>This course examines core values such as ethical reasoning; integrity; objectivity and independence; and processes for ethical decision-making. Current state, national and international regulatory developments are addressed. Case studies and analyses focus on concepts of professional responsibility and values, legal requirements and codes of professional conduct related to the accounting profession.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT540</td>
<td>Professional Research for Accountants</td>
<td>This course examines professional research skills critical in the accounting profession. Students identify research problems and authoritative sources, develop search criteria, gather and evaluate data, and formulate conclusions using a real-world case study approach in the areas of financial accounting, tax and audit. Students prepare a written report of their research and findings, and present recommendations.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT550</td>
<td>Intermediate Accounting I</td>
<td>This course deals with financial accounting practice and theory, including generally accepted accounting principles (GAAP); the conceptual framework; accounting information systems, including financial statement reporting and disclosures; the time value of money; cash controls; and accounting and reporting for cash, receivables, inventories and long-term assets.</td>
<td>ACCT503</td>
</tr>
<tr>
<td>ACCT551</td>
<td>Intermediate Accounting II</td>
<td>Intermediate Accounting II extends the coverage of ACCT550 to include investments; intangible assets; current and long-term liabilities; stockholders' equity; contributed capital and retained earnings; dilutive securities; and earnings per share.</td>
<td>ACCT550</td>

<tr>
<td>-----------------------------</td>
<td>--------------------------------------------------</td>
<td>-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
<td>----------------</td>
</tr>
<tr>
<td>ACCT552</td>
<td>Cost Accounting</td>
<td>Cost Accounting deals with measurement and control of business production activities and improvement of corporate profitability through cost management. Topics include job order and process cost systems; flexible budgets and standard costs; overhead applications; variance analysis; pricing decisions; and performance measurements and rewards. Topics are covered within the context of dramatic changes in production methods that will have a profound impact on the structure of cost measurement, control and management.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT553</td>
<td>Federal Taxes and Management Decisions</td>
<td>This course deals with the need to recognize important tax consequences of common business transactions and how substantially different tax liabilities can result from nearly identical economic events. The course emphasizes practical results rather than technical compliance requirements to achieve those results.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT555</td>
<td>External Auditing</td>
<td>External Auditing deals with accepted principles, practices and procedures used by public accountants for certification of financial statements. The major focus is on external audit services; auditor and management responsibilities; professional standards of external auditors; evidence and procedures used by external auditors; and audit reports.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT556</td>
<td>Budgeting</td>
<td>Budgeting addresses managers’ need to understand the goals, technical procedures and effects of budgeting. The course provides a comprehensive and integrated approach to budgeting – from the details of preparing the many schedules that compose a master budget to fundamental managerial issues affected by the profit planning and control process.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT557</td>
<td>Intermediate Accounting III</td>
<td>Intermediate Accounting III extends the coverage of ACCT551 to include revenue recognition; accounting for income taxes; pensions and postretirement benefits; leases; accounting changes and error analysis; statement of cash flows; and disclosure issues.</td>
<td>ACCT551</td>
</tr>
<tr>
<td>ACCT559</td>
<td>Advanced Financial Accounting and Reporting Issues</td>
<td>This course covers financial accounting practice and theory in relation to consolidations; foreign currency transactions and financial statement translations; and partnership accounting, including formation, maintenance, reorganizations and liquidations.</td>
<td>ACCT551</td>
</tr>
<tr>
<td>ACCT560</td>
<td>Advanced Studies in Federal Taxes and Management Decisions</td>
<td>This course expands the foundation of tax topics for non-tax accounting and financial professionals. The course furthers the coverage, and examines the complexity, of corporate and partnership taxation, as well as introduces topics such as estates and gifts, fiduciary accounting, tax-exempt entities, and qualified and nonqualified plans.</td>

<tr>
<td>ACCT562</td>
<td>Auditing: An Operational and Internal Perspective Including Fraud Examination</td>
<td>This course examines why increased complexity in organizations requires management to establish means of monitoring control systems. Coursework examines the audit process using criteria and controls to evaluate causes and effects of – and conditions for – operational, performance and fraud audits. Emphasis is placed on standards, objectives, principles and procedures involved in reviewing the reliability and integrity of information; compliance with policies, plans, procedures, laws and regulations (including the Sarbanes-Oxley Act of 2002); means of safeguarding assets; appraising economical and efficient use of resources; and reviewing achievement of established objectives and goals (including accounting ethics) for operations and programs.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT563</td>
<td>Advanced Managerial Accounting Issues</td>
<td>This course focuses on analysis and problem-solving skills used in planning and controlling organizations. Managerial tools and concepts such as target and activity-based costing; activity-based management; strategy and management accounting; measuring and managing quality costs and capacity; and emerging managerial accounting issues are explored.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT564</td>
<td>International Accounting and Multinational Enterprises</td>
<td>Topics in this course are studied in the context of multinational enterprises and from a strategic perspective. Topics include accounting for foreign currency transactions, translation of foreign financial statements, transfer pricing, comparative accounting standards, taxation, and multinational systems and control.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>ACCT567</td>
<td>Governmental and Not-for-Profit Accounting</td>
<td>This course introduces core concepts and tools of accounting and financial reporting for managers of governmental and nonprofit organizations. Topics include transaction analysis, financial statement analysis and interpretation, compliance issues, and operational and cash budgeting. In addition, the impact of standards such as those promulgated by the Governmental Accounting Standards Board (GASB) and the Federal Accounting Standards Advisory Board (FASAB) are investigated and evaluated.</td>
<td>ACCT503 or ACCT504 or permission from the appropriate academic administrator</td>
</tr>
<tr>
<td>ACCT571</td>
<td>Accounting Information Systems</td>
<td>This course addresses computerized accounting information systems, focusing on reporting objectives, management needs, transaction trails, documentation, security, internal controls, and integration of accounting systems in software evaluation and selection. Systems analysis techniques are discussed. Coursework also prepares students interested in pursuing the Certified Fraud Examiner (CFE) credential.</td>

<td>------------------------------</td>
</tr>
<tr>
<td>ACCT573</td>
<td>Accounting Fraud Criminology and Ethics</td>
<td>This course examines the nature of occupational fraud and how it is committed, and introduces actions to detect it and procedures to deter it. The course also covers how allegations of fraud should be investigated to meet requirements of civil and/or criminal court procedures. Also examined are ethics and governance in business as fraud-prevention tools. Coursework prepares students interested in earning the Certified Fraud Examiner (CFE) credential, examining tools and techniques for gathering evidence and information during fraud examinations.</td>
<td>ACCT503 or ACCT504</td>
</tr>
<tr>
<td>ACCT574</td>
<td>Forensic Accounting: Ethics and the Legal Environment</td>
<td>This course focuses on conducting fraud examinations, and includes discussion of procedures used in forensic accounting examinations and reasons behind using these procedures. In addition, coursework addresses how allegations of fraud should be investigated to meet requirements of civil and/or criminal court procedures. Also covered are detection, investigation and prevention of specific types of fraud. Coursework focuses on preparing students interested in earning the Certified Fraud Examiner (CFE) credential, examining criminology and ethics.</td>
<td>ACCT503 or ACCT504</td>
</tr>
<tr>
<td>ACCT591</td>
<td>CPA Exam Preparation: Auditing and Attestation</td>
<td>This course covers auditing procedures, auditing standards generally accepted in the United States (GAAS) and other standards related to attestation engagements. Also covered are skills needed to apply that knowledge in auditing and other attestation engagements. The auditing and attestation section of the CPA exam tests knowledge in the context of five broad engagement tasks. (The course is two semester-credit hours and is graded on a Satisfactory/Unsatisfactory basis.)</td>
<td>ACCT551 or equivalent</td>
</tr>
<tr>
<td>ACCT592</td>
<td>CPA Exam Preparation: Business Environment and Concepts</td>
<td>This course prepares students to pass the business environment and concepts section of the CPA exam. Coursework focuses on business structure; economic concepts essential to understanding an entity’s operation, business and industry; financial management; information technology; and planning and measurement. Students become familiar with underlying business reasons for – and accounting implications of – transactions, and gain skills needed to apply that knowledge in financial statement audit and attestation engagements, as well as perform other functions affecting the public interest. (The course is two semester-credit hours and is graded on a Satisfactory/Unsatisfactory basis.)</td>
<td>ACCT551 or equivalent</td>
</tr>
<tr>
<td>ACCT593</td>
<td>CPA Exam Preparation: Financial Accounting and Reporting</td>
<td>This course prepares students to pass the financial accounting and reporting section of the CPA exam. Coursework covers accounting principles generally accepted in the United States (GAAP) that affect business enterprises, not-for-profit organizations and government entities. Also addressed are skills needed to apply such knowledge, as well as financial accounting concepts and standards. (The course is graded on a Satisfactory/Unsatisfactory basis.)</td>

<tr>
<td>ACCT594</td>
<td>CPA Exam Preparation: Regulation</td>
<td>This course prepares students to pass the regulation section of the CPA exam. Topics include federal taxation, ethics, professional and legal responsibilities, and business law, as well as skills needed to apply that knowledge. Topics address CPAs’ professional and legal responsibilities, and legal implications of business transactions, particularly as they relate to accounting and auditing. Coursework focuses on federal and widely adopted uniform state laws, as well as principles of – and procedures for – federal income, estate and gift taxation. (The course is two semester-credit hours and is graded on a Satisfactory/Unsatisfactory basis.)</td>
<td>ACCT551 or equivalent</td>
</tr>
<tr>
<td>ACCT601</td>
<td>Accounting Capstone</td>
<td>Students in this culminating course integrate knowledge and skills learned throughout the MSAC program. Students apply what they have learned to challenges faced by accountants balancing the needs of customers, shareholders, employees and other stakeholders within ethical and legal considerations.</td>
<td>Successful completion of all other program core and MSAC focus courses, and permission from the appropriate academic administrator</td>
</tr>
<tr>
<td>ACCT605</td>
<td>MAFM Capstone</td>
<td>This culminating course provides MAFM students with the opportunity to integrate knowledge and skills learned throughout the program and is intended to be taken as the last course other than the exam-preparation courses. Students integrate strategic planning, critical thinking and communication skills relating to both treasury and accounting responsibilities from the perspective of a chief financial officer</td>
<td>Successful completion of all other required MAFM program courses (except exam-preparation courses) and permission from the appropriate academic administrator</td>

<tr>
<td>BIAM500</td>
<td>Applications of Business Analytics I</td>
<td>This course focuses on the role of business intelligence in facilitating implementation of business process changes. Constructing data-based models and examining their impact on major business functions are emphasized. Students use software tools to assess strengths and weaknesses of various models. The course also addresses handling large data sets, and analyzing text and network data.</td>
<td>None</td>
</tr>
<tr>
<td>BIAM510</td>
<td>Applications of Business Analytics II</td>
<td>Building on concepts presented in BIAM500, this course examines how to appropriately use business analytics tools. Topics include data warehousing, accessing data sources, customer profiling, customer churn and social network analysis. Understanding how business analytics fits into business processes is emphasized.</td>
<td>BIAM500; and MATH533 or MATH534</td>
</tr>
<tr>
<td>BIAM530</td>
<td>Developing and Managing Databases for Business Intelligence</td>
<td>This course addresses designing relational databases and building large database applications, including tables, queries, forms, reports and macros. Also addressed are implementing basic database security, backup and recovery procedures, the role of normalization and meeting business requirements. Data warehousing, implementation of data mining tools, data modeling and decision trees are also examined. Case studies are used throughout the course.</td>
<td>None</td>
</tr>
<tr>
<td>BIAM540</td>
<td>Internet Analytics Strategies</td>
<td>Based on analysis of an organization’s mission and goals for its web presence, students explore strategies for implementing Internet analytics tools to evaluate the effectiveness of the organization’s web presence, including its web and social media sites. Key performance indicators are examined. Students gain familiarity with several Internet analytics tools and data sources such as web logs, big data and social media.</td>
<td>None</td>
</tr>
<tr>
<td>BIAM560</td>
<td>Predictive Analytics</td>
<td>Students in this course examine exploratory data, and cluster and association analyses, with current and historical facts to make predictions. Also covered are logistic regression, text analytics and decision trees. Managerial issues of how to select models for specific business problems are examined.</td>
<td>BIAM510</td>
</tr>
<tr>
<td>BIAM570</td>
<td>Modeling for Decision-Making</td>
<td>This course introduces basic concepts of mathematical approaches to organizational decision-making and model development for formal decisions. Topics include model building, linear and nonlinear optimization, simulation, time series analysis, network models and decision analysis.</td>

<tr>
<td><strong>Economics</strong></td>
<td><strong>ECON545</strong> Business Economics</td>
<td>Business Economics provides a basic understanding of managerial economics and the impact of the economic environment on business decision-making. The course develops micro- and macroeconomic topics, with particular emphasis on marginal analysis, and supply and demand considerations.</td>
<td>MGMT501 or permission from the appropriate academic administrator</td>
</tr>
<tr>
<td><strong>Entrepreneurship</strong></td>
<td><strong>ENTR510</strong> Entrepreneurship and New Ventures</td>
<td>This course provides an overview of entrepreneurship in the context of new ventures. Coursework examines identifying and assessing opportunities, as well as forming and managing a new venture through maturity and exit. Topics include the entrepreneurship process; idea generation; opportunity assessment and selection; business plan creation; differentiation; new venture equity financing; due diligence; management team characteristics; growth management; and liquidity and exit mechanisms.</td>
<td>None</td>
</tr>
<tr>
<td></td>
<td><strong>ENTR530</strong> Venture Finance and Due Diligence</td>
<td>This course examines the process of positioning and selling a new venture to equity sources, including making internal preparations; identifying and communicating with venture firms; and evaluating and negotiating investment offers. Processes investors use to assess and determine opportunities and entrepreneurs in which they will invest are also examined.</td>
<td>ENTR510</td>
</tr>
<tr>
<td></td>
<td><strong>ENTR550</strong> Entrepreneurial Marketing</td>
<td>This course covers the critical role of marketing in the success of a new venture. Coursework addresses opportunity screening, assessment and selection; market research, analysis, valuation and sizing; the value proposition and distinctive competence; segmentation, targeting and positioning; pricing; channels; sales management; communications; hiring; raising capital; and creating marketing plans to address various audiences.</td>
<td>ENTR510</td>
</tr>
<tr>
<td></td>
<td><strong>ENTR570</strong> Startup and New Venture Planning</td>
<td>This applications-based course addresses in-depth planning for executing a start-up venture. Students work through the entrepreneurial process – from research, planning and opportunity assessment; to team and company formation; to business model creation; to entrepreneurial finance and equity financing; to company development; and to exit planning. Students also prepare a business plan and deliver an investor pitch.</td>

<tr>
<td>FIN510</td>
<td>Corporate Finance</td>
<td>This course focuses on financial concepts and tools needed for effective business planning. Topics discussed from a practitioner viewpoint include financial statement analysis, time value of money concepts, securities valuation, working capital management, cost of capital, financial forecasting, external sources of capital, capital structure and company valuation.</td>
<td>ACCT503 or ACCT504</td>
</tr>
<tr>
<td>FIN515</td>
<td>Managerial Finance</td>
<td>Managerial Finance teaches students financial concepts and tools needed for effective business planning. Topics, discussed from a practitioner viewpoint, include formation of interest rates, income taxes, working capital management, cost of capital, financial forecasting, external sources of capital, capital structure, company valuation and bankruptcy.</td>
<td>ACCT505</td>
</tr>
<tr>
<td>FIN516</td>
<td>Advanced Managerial Finance</td>
<td>This course addresses risk, return and the capital asset pricing model; dividend policy; financing flexibility; valuation of securities; derivatives and risk management; and capital structure with the Modigliani-Miller models. The course provides a comprehensive view of financial management with insight into securities analysis, mergers/acquisitions and financial/futures options.</td>
<td>FIN510 or FIN515</td>
</tr>
<tr>
<td>FIN560</td>
<td>Securities Analysis</td>
<td>Securities Analysis develops analytical skills for personal or business investment activities. Security selection based on technical and fundamental analyses is stressed. Techniques for analyzing risk and return are covered for specific investment opportunities. Modern and traditional portfolio management techniques are discussed.</td>
<td>FIN510 or FIN515</td>
</tr>
<tr>
<td>FIN561</td>
<td>Mergers and Acquisitions</td>
<td>This course addresses corporate recombinations and resource allocation. Topics include advanced capital budgeting techniques and valuation methods. Strategies, tactics and rationale for mergers, acquisitions, leveraged buyouts and restructuring are discussed.</td>
<td>FIN510 or FIN515</td>
</tr>
<tr>
<td>FIN564</td>
<td>Management of Financial Institutions</td>
<td>This course focuses on managing commercial banks and other financial institutions, and on the interaction of participants in money and capital markets. Management of lending is a major topic, and funds acquisition, capital management, portfolio management and issues relating to risk are discussed.</td>
<td>FIN510 or FIN515</td>
</tr>
<tr>
<td>FIN565</td>
<td>International Finance</td>
<td>International Finance examines, in detail, international financial flows and balance of payment considerations. Corporate exposure to international currency fluctuations (including foreign exchange rates and markets), and methods of hedging risks in international transactions, are addressed.</td>
<td>FIN510 or FIN515</td>
</tr>
<tr>

<tr>
<td>FIN567</td>
<td>Options and Financial Futures Markets</td>
<td>This course develops students’ ability to use current concepts, tools and strategies available in financial markets to enhance or protect investments. Topics include put and call buying; covered call writing; put hedging; futures speculation and hedging; and arbitrage. Also discussed are methods of valuation, and the function and purpose of the marketplace.</td>
<td>FIN510 or FIN515</td>
</tr>
<tr>
<td>FIN575</td>
<td>Advanced Financial Statement Analysis</td>
<td>This course emphasizes fundamental techniques of financial statement analysis. Building on core accounting and investment concepts, coursework addresses analysis (including ratio analysis) and interpretation of financial accounting information such as that presented in balance sheets, income statements and statements of cash flows. Coursework also examines accounting information in investment and credit decisions.</td>
<td>ACCT503 or ACCT504</td>
</tr>
<tr>
<td>FIN580</td>
<td>Personal Financial Planning</td>
<td>This course addresses personal cash flow management, goal setting, creating and maintaining annual cash budgets, investments, taxation, insurance, and retirement and estate planning. The course helps students achieve satisfaction and success in their personal financial futures. Topics are presented from a practitioner point of view.</td>
<td>ACCT503 or ACCT504</td>
</tr>
<tr>
<td>FIN590</td>
<td>Real Estate Finance</td>
<td>This course introduces and develops tools used in forecasting, measuring and analyzing returns from real estate operations. These tools are also used in real estate valuation for funding and sale purposes. With profit maximization the goal, students examine financial leverage and the consequence of income tax, as well as their influences. The inherent risk of real estate and its reduction through modern portfolio theory is discussed. Students apply course concepts using real-world problems.</td>
<td>FIN510 or FIN515</td>

<td>Health Services Finance</td>
<td>This course provides an understanding of the unique features of healthcare finance, including payment sources and reimbursement arrangements, as well as of emerging trends within the healthcare industry that impact the financial decision-making process of various healthcare industries. Covered are financial planning, operating revenue, working capital, resource allocation, financial analysis and the future of healthcare. Special emphasis is given to managing inpatient and outpatient costs and ratios, capitated payment systems, the resource-based relative value system (RBRVS), the prospective payment system (PPS), the impact of mergers, compliance issues and joint venture activities.</td>
<td>None</td>
</tr>
<tr>
<td>HSM544</td>
<td>Health Policy and Economics</td>
<td>This course focuses on the relationship between healthcare economics and public policy, and assists students in developing an understanding of the public policy formulation and implementation process, as well as awareness of critical issues in American health policy. Students are exposed to healthcare economics issues of supply and demand, technology, healthcare labor, equity and efficiency, and application of economic analysis to the public policy development process.</td>
<td>None</td>
</tr>
<tr>
<td>HSM546</td>
<td>Managed Care</td>
<td>Managed Care examines evolution and development of managed care approaches to delivering and financing health services in the United States. Fundamental concepts of insurance and risk management are reviewed, as are forces that have driven growth of managed healthcare. Types of managed care organizations and operational models are outlined. Perspectives of consumers, providers, purchasers and insurers of healthcare are discussed. Recent trends and issues affecting evolution of health insurance and managed care are considered, as are relevant legislative and regulatory standards shaping these industries.</td>

<td>Labor Relations</td>
<td>Labor Relations focuses on the interaction of management and labor in the corporation. The course discusses the history of the American labor movement, federal and state labor laws, collective bargaining, mediation and work stoppage. Contract administration and interpretation, and the relationship between management rights and employee discipline are discussed.</td>
<td>None</td>
</tr>
<tr>
<td>HRM587</td>
<td>Managing Organizational Change</td>
<td>This course addresses concepts and techniques required to successfully implement change across an organization. Coursework focuses on identifying an organization’s vision as well as opportunities that can align the vision with the organization’s structures, processes, culture and orientation to the environment. Also addressed are opportunities for, and problems in, managing human dynamics in organizations, including intervention techniques, models, principles and values that indicate how to take charge of planned change efforts in order to achieve success.</td>
<td>None</td>
</tr>
<tr>
<td>HRM591</td>
<td>Strategic Human Resource Management</td>
<td>This course surveys contemporary principles and practices for human capital management as a corporate strategic asset. Subject matter focuses on the changing nature of work in a dynamic global economy that requires flexible staffing, new approaches to workforce planning and talent management. Other topics covered include decentralized and virtual work environments, diversity, legal requirements, compliance as well as the ethics of managing human capital for competitive advantage.</td>
<td>None</td>
</tr>
<tr>
<td>HRM592</td>
<td>Training and Development</td>
<td>This course surveys training, and employee and organizational development techniques organizations use to build group and individual skills while tying anticipated results to improvements in organizational effectiveness. Topics related to creating such a development strategy include conducting needs analyses, linking identified needs to business objectives, developing an implementation plan, implementing the plan using a variety of modalities and best practices, and assessing results. These aspects are covered for both individual and group enhancement.</td>
<td>None</td>
</tr>
<tr>
<td>HRM593</td>
<td>Employment Law</td>
<td>Employment Law provides a comprehensive analysis of federal and state laws as they affect the human resource function, including equal employment opportunity, wage/overtime payment, employment agreements and other restrictions on management’s rights. Emphasis is placed on applying employment laws to develop programs that enable organizations to be proactive in meeting both company and workforce needs, with an eye to resolving workplace disputes, preventing litigation, and implementing and administering personnel policies and practices in compliance with applicable law.</td>

<td>Strategic Staffing</td>
<td>This course develops a strategic framework for providing corporations with the human resources needed to achieve corporate goals. The course focuses on policies and procedures for short- and long-range human resource planning, recruiting and selection. Rightsizing, employee separations and retention are also included.</td>
<td>None</td>
</tr>
<tr>
<td>HRM595</td>
<td>Negotiation Skills</td>
<td>This course introduces general business negotiation techniques, strategies and tactics. Strategies focus on approaches to negotiation situations; tactics focus on moves effectuated during negotiations. In addition to developing and enhancing students' negotiating proficiency, the course emphasizes processes and methods of conflict resolution. Topics include preparing for negotiations; distributive and integrative bargaining; resolution of impasse; ethics; the roles of power, personality and dispute resolution processes; and communication processes. Students use developed skills in the classroom, electronically and through telephonic negotiation situations.</td>
<td>None</td>
</tr>
<tr>
<td>HRM598</td>
<td>Compensation</td>
<td>Compensation focuses on how organizations use pay systems as strategic tools for improving organizational effectiveness. Major systems of the design of pay, paying for performance, and administering and applying pay systems are appraised and assessed.</td>
<td>None</td>
</tr>
<tr>
<td>HRM599</td>
<td>Benefits</td>
<td>This course examines, in-depth, employee benefits including legally required benefits (social security, worker compensation and unemployment compensation), as well as voluntary programs (health, disability, life, retirement, time-off, educational, work/life and others). The strategic importance of using employee benefits as part of the total compensation package is emphasized. In addition, financial, actuarial, administrative and legal implications of benefit plans are discussed.</td>
<td>None</td>
</tr>
<tr>
<td>HRM601</td>
<td>Human Resources Capstone</td>
<td>Students in this culminating course, intended to be taken as the last course, complete a comprehensive written plan for a company's human resource function. In preparing the plan, students review and integrate concepts and skills developed in other human resource courses. In addition to preparing the written plan, students make an oral presentation to the professor, the class and, when feasible, to a panel of human resource professionals.</td>

<td>Essentials of Information Systems and Programming</td>
<td>This course introduces students to the logical structure of business computer programs, as well as to applications and management issues involved with corporate information systems. It also provides a foundation for programming in a business-oriented language. Students concentrate on developing programming logic to solve business problems. Design tools such as flowcharts and pseudocode are introduced and used as a foundation for developing programs.</td>
<td>None</td>
</tr>
<tr>
<td>MIS540</td>
<td>Innovation Through Technology</td>
<td>This course explores the critical role of technology and innovation in reshaping the management and operation functions of contemporary organizations. Focusing on how organizations use technology to reinvent business processes and increase competitiveness in an increasingly virtual and interdependent world, the course addresses emerging organizational forms; competitive advantages; strategic initiatives; managing innovation projects; enterprise systems; the use of data for supporting decision making; global supply chains and business processes. Social and ethical issues are explored in the context of how technology is used to drive business innovation.</td>
<td>None</td>
</tr>
<tr>
<td>MIS562</td>
<td>Database Programming and Applications</td>
<td>This course reviews the industry standard ANSI Structured Query Language (SQL), the core of the relational database and associated applications. Students examine the features and programming of SQL extensions supported by leading relational databases widely used in industry, such as Oracle and Microsoft SQL Server. They also learn to develop reports, forms and other types of database application components essential to carry out transactional and analytical operations that support modern business. Applications-oriented projects and cases enhance the learning experience.</td>
<td>MIS582</td>
</tr>
<tr>
<td>MIS563</td>
<td>Business Intelligence Systems</td>
<td>This course focuses on concepts needed for analyzing, designing and applying effective systems for meeting management’s information needs for tactical short-term, and strategic long-term, planning and decision-making. The course covers various models of business intelligence and decision support systems, based largely on database design in support of data warehousing and data mining concepts. Topics include data modeling for the data warehouse and data mart, and application of OLAP and artificial intelligence concepts as applied to data mining.</td>
<td>MIS582</td>
</tr>
<tr>
<td>MIS574</td>
<td>Visual Basic</td>
<td>This course teaches programming fundamentals as applied to the Visual Basic.NET programming language. Topics include the .NET framework, event-driven programming, graphical user interface design, and using object-linking and embedding to manipulate Windows applications. Students also learn object-oriented programming fundamentals, and web-based and Windows application design.</td>

<td>MIS581</td>
<td>Systems Analysis, Planning and Control</td>
<td>This course introduces concepts and tools of systems development and implementation, and emphasizes using the life-cycle approach to effectively manage business information. The course provides practice in each major phase of the life-cycle approach: planning, analysis, design, implementation and operation/support. Business re-engineering techniques and project management models are used. Students apply concepts and tools learned in a term project.</td>
<td>MIS525 and MIS540; or permission from the appropriate academic administrator</td>
</tr>
<tr>
<td>MIS582</td>
<td>Database Concepts</td>
<td>Database Concepts provides a detailed introduction to database concepts, components and management issues. The course covers data definition and modeling, database access and command languages, and design and implementation in the context of the relational model. Relative advantages and disadvantages of other database models are considered from a management standpoint. Coursework examines basic managerial issues for database publishing on the web, and for multi-user and enterprise database processing. The course requires a term project involving a commercial data-modeling package.</td>
<td>MIS525 and MIS540; or permission from the appropriate academic administrator</td>
</tr>
<tr>
<td>MIS589</td>
<td>Networking Concepts and Applications</td>
<td>This course focuses on design, development and operation of a data communications system and computer network, and emphasizes managing data distribution and access. The course includes essential elements of networks including hardware, software and interfaces. Students use a networking software tool to build and analyze network models.</td>
<td>None</td>
</tr>
<tr>
<td>MIS601</td>
<td>Technology Management Capstone</td>
<td>This course provides students with the opportunity to integrate concepts and skills learned throughout the program and is intended to be taken as the last course. Students develop, design and present an information systems and/or network project, requiring synthesis of strategic management of technology, network concepts, systems analysis, security and privacy, and management of technology projects. Students plan and justify the project; meet performance, schedule and budget requirements; adjust for unplanned occurrences; and provide project reports. Options for the project may include a case study, simulation or approved project for an existing company.</td>

<tr>
<td>INTL500</td>
<td>Global Perspectives for International Business</td>
<td>This course presents international strategy, operations, supply chain management, marketing and finance concepts required for global commerce. Using case studies and best-practice examples from international corporations, students gain management perspective needed to understand the unique roles of culture, politics and economics in executing multinational business strategy.</td>
<td>None</td>
</tr>
<tr>
<td>ITP580</td>
<td>Graduate Internship Seminar</td>
<td>In this course, the first in a two-course sequence, students examine experiential learning internship opportunities designed to complement skills and knowledge students learn throughout their program. To prepare for an internship with a professional organization, students attend seminar meetings and complete all requirements that may allow them to interview for – and potentially secure – an internship. No credit is awarded for the course. Students earn grades of A, B or F upon course completion; the final grade earned in this course is not used in GPA calculations.</td>
<td>Permission from the appropriate academic administrator</td>
</tr>
<tr>
<td>ITP585</td>
<td>Graduate Internship</td>
<td>In this course, the second in a two-course sequence, students supplement coursework with experiential learning in a professional organization. Using acquired knowledge and skills, students complete organizational initiatives and/or processes and provide effective solutions. During the eight-week onsite assignment, students acclimate to a real-world professional environment and culture, hone their communication and professional skills, gain valuable insight, and develop leadership skills through self-reflection and host-organization analysis and feedback. The course is strongly recommended for students without business/industry experience and for those seeking to change fields.</td>

<td>Digital Leadership</td>
<td>This course provides tools and strategies essential for becoming successful leaders in the evolving digital workplace. Coursework draws on real-world examples of innovative decision-making, helping students evaluate the leadership mindset and its impact on team engagement and future preparedness. The course also emphasizes how to leverage data and technology to lead and sustain successful change.</td>
<td>None</td>
</tr>
<tr>
<td>LEAD560</td>
<td>Intercultural Leadership</td>
<td>This course explores leadership skills critical in today's increasingly global, culturally diverse and interconnected world. Coursework addresses cultural competence and intercultural communication, and readings, discussions and project-based learning help students gain a foundational understanding of various leadership styles. Topics include workforce diversity, leadership development, and opportunities and challenges facing leaders in global industry.</td>
<td>None</td>
</tr>
<tr>
<td>LEAD580</td>
<td>Women in Global Industry</td>
<td>This course explores the role of gender in leadership. Coursework examines theories of gender, power, identity formation, communication, and social and cultural perception, which form the foundation for understanding contemporary issues that impact women in the workforce and in leadership. Opportunities, challenges and organizational dynamics women experience are addressed, as are social issues in the workplace, including stereotypes, bias, inequality, discrimination, and domestic expectations and responsibilities.</td>
<td>None</td>
</tr>
<tr>
<td>MGMT501</td>
<td>Organizational Structures and Business Processes</td>
<td>This course covers essential management and marketing concepts and principles needed by managers. The course also reviews the legal and ethical environment of business. Management topics include fundamental functions of management, key business functions and business policy in a dynamic global marketplace. Topics include marketing strategy fundamentals, organizations as customers, determining marketing communications and opportunities, as well as, topics within an ethical and legal framework.</td>

<td>MGMT520</td>
<td>Legal, Political and Ethical Dimensions of Business</td>
<td>This course introduces students to the legal, political and regulatory controls that define, promote and limit business practice opportunities. Fundamental interactions of law, politics, ethics and corporate social responsibility are emphasized. Topics include business and the legal system; foundations of business ethics; the constitution and business; regulatory and administrative agencies; regulation of private business conduct; the employer-employee relationship; formation and performance of contracts; ownership and control of business; antitrust, trade practices and consumer protection; land use and environmental protection; and the legal environment of international business.</td>
<td>MGMT501 or permission from the appropriate academic administrator</td>
</tr>
<tr>
<td>MGMT550</td>
<td>Managerial Communication</td>
<td>Managerial Communication emphasizes communication competencies that help ensure business success. Students learn how to write effective, persuasive and negative messages; conduct business research, analyze information, and write a business proposal or report; deliver an effective oral presentation with visual aids; and create corporate training materials. Also addressed are group dynamics, intercultural communication, media relations and ethics.</td>
<td>None</td>
</tr>
<tr>
<td>MGMT591</td>
<td>Leadership and Organizational Behavior</td>
<td>This course examines inter- and intrapersonal dynamics as they affect achievement of corporate goals. Topics include theories of organizational behavior concepts and applications, including motivation, group dynamics, organizational communication processes, leadership, power, authority, team building and organizational development. Managing change in a complex domestic and international environment is also emphasized. Students are provided with a solid foundation for examining organizational behavior in a systematic manner.</td>
<td>None</td>
</tr>
<tr>
<td>MGMT601</td>
<td>MBA Capstone</td>
<td>In this culminating course experience, MBA candidates integrate concepts and skills developed in previous coursework. Students research and develop a new business opportunity which requires synthesis of communications, analysis, marketing, operations, finance, human resources and leadership principles. Options for developing the business opportunity may include a case study, business plan, simulation, or an approved project for an existing company.</td>

<td>Strategic Marketing</td>
<td>This course surveys contemporary principles and practices for marketing management as a corporate strategic asset. In a dynamic global marketplace requiring rapid response to consumer need and behavior, this course focuses on marketing strategies for creating customer-driven value in products and services. Topics include consumer research techniques; product positioning and differentiation; branding; customer segmentation; target marketing by demographics, psychographics and behavioral variables; and using both traditional and digital channels to reach niche or mass market audiences. Ethical implications of online behavioral tracking and targeting are explored in the context of the value chain.</td>
<td>MKMT501</td>
</tr>
<tr>
<td>MKTG550</td>
<td>Digital Marketing</td>
<td>This course examines the emergence of digital marketing as a contemporary business discipline as well as use of digital media as part of a comprehensive marketing plan. Topics include website and blog publishing; social media and email marketing; digital behavior tracking; and web analytics.</td>
<td>MKTG522 or MKTG525</td>
</tr>
<tr>
<td>MKTG570</td>
<td>Marketing Research</td>
<td>Marketing Research teaches students how to gather and analyze data to assist in making marketing decisions. The course addresses both quantitative and qualitative research techniques, including written questionnaires, telephone surveys, test marketing and focus groups. Emphasis is placed on examining how marketing research can help managers make better decisions regarding target markets, product features, positioning, pricing, advertising and new product introductions. Students are encouraged to consider ethical implications of specific marketing research activities.</td>
<td>MKTG522 or MKTG525</td>
</tr>
<tr>
<td>MKTG572</td>
<td>New Product Development</td>
<td>This course presents a framework for planning, implementing and evaluating new product introductions. The course addresses the new product development process – from idea generation to commercialization. Emphasis is placed on examining how organizations can manage resources to maximize the opportunity for successful new product introductions.</td>
<td>MKTG522 or MKTG525</td>
</tr>
<tr>
<td>MKTG575</td>
<td>Advertising Management</td>
<td>Advertising Management presents a structured approach to managing advertising, sales promotion and public relations activities from a corporate perspective. Students are taught how to determine promotional objectives, select campaign themes, choose media, control advertising costs, design sales promotions and evaluate results. The course also addresses agency selection and management.</td>

<td>Network Design and Management</td>
<td>This course focuses on technologies and processes used to design, optimize and manage networks. Topics include functions of network standards, protocols and architecture; network design and optimization processes; and network management. Topics also include network design requirements for support of high bandwidth multimedia applications, wireless local area connections and security strategies. Students use a networking software tool to build and simulate network models.</td>
<td>None</td>
</tr>
<tr>
<td>NETW589</td>
<td>Wireless Communication Systems</td>
<td>This course provides an essential foundation in core wireless technologies. Topics provide managers with required knowledge of voice and data systems. The current wireless industry, its recent past and emerging systems are explored through real-world projects and practitioner-based case studies.</td>
<td>MIS589</td>
</tr>
<tr>
<td>PROJ584</td>
<td>Managing Software Development Projects</td>
<td>This course examines knowledge, strategies and techniques needed to manage software product development. The course helps students develop skills managers need to create – and successfully execute – plans for software development. Topics include software project development processes; software development standards; project planning, scheduling and control strategies; risk assessment and mitigation; team building and managing technical personnel.</td>
<td>PROJ586</td>
</tr>
<tr>
<td>PROJ586</td>
<td>Project Management Systems</td>
<td>This course introduces project management fundamentals and principles from the standpoint of the project manager who must organize, plan, implement, monitor and control nonroutine activities to achieve project objectives. Topics covered include the project life cycle, organizational structures, project charters, project scope statements, work breakdown structures, responsibility assignment matrixes, project scheduling, budgeting, and risk management. Planning and control methods are introduced, such as PERT/CPM, Gantt charts, earned value systems, project management information system software, and project audits.</td>
<td>None</td>
</tr>
<tr>
<td>PROJ587</td>
<td>Program Management</td>
<td>This course examines how program managers plan, strategize, manage program benefits, engage with stakeholders, and create appropriate program governance controls. In addition, the distinction between project, program and portfolio management is examined to determine the impact each has in organizational project management. The importance of stakeholders, program and project teams and program closure as it relates to program life cycle management is investigated. Activities such as discussions, assignments, quizzes and research projects allow students to demonstrate their mastery of the material.</td>

<td>PA584</td>
<td>Intergovernmental Management</td>
<td>This course provides a comparative study of issues involved in formulating and implementing government programs that impact multiple jurisdictions. Students investigate ways in which various levels of government relate to each other in matters of legality and responsibility, including issues of intergovernmental externalities and their resolution. Methods of resolving intergovernmental conflicts are explored and evaluated.</td>
<td>None</td>
</tr>
<tr>
<td>PA601</td>
<td>Public Administration Capstone</td>
<td>Students in this culminating course, intended to be taken as the last course, integrate knowledge and skills learned throughout the program. Students develop a project related to their area of emphasis within the MPA program.</td>
<td>Successful completion of all other required MPA program courses, and permission from the appropriate academic administrator</td>
</tr>

<td>SEC571</td>
<td>Principles of Information Security and Privacy</td>
<td>This course provides a broad overview of security in information systems. Covered are various aspects of security in computing, including security threats and controls; basic cryptography and its applications; network intrusion detection and prevention; security administration and planning; anonymity and privacy; legal issues; protection; and ethics. Coursework also examines controls in information systems, and addresses security issues surrounding information systems and computer-generated data.</td>
<td>None</td>
</tr>
<tr>
<td>SEC572</td>
<td>Network Security</td>
<td>This course addresses concepts and industry standards of computer networking, including the OSI Reference Model, TCP/IP and network routing concepts, as well as inherent risks in their use. Also addressed are digital cryptography principles and practices; major email security standards; and methods by which networks may be attacked. Students use a networking software tool to build a secure network, as well as prepare to assist in incident response and management activities in the event of a network breach.</td>
<td>MIS589, or a technical undergraduate degree and/or associated professional experience with preparation equivalent to or beyond MIS589</td>
</tr>
<tr>
<td>SEC573</td>
<td>E-Business Security</td>
<td>This course covers issues involved in protecting an e-business from external threats while safeguarding customer privacy. Students examine external threats to a company’s systems and learn how to react if systems and business goals conflict.</td>
<td>SEC571</td>
</tr>
<tr>
<td>SEC591</td>
<td>Disaster Recovery/Forensics and Security</td>
<td>This course focuses on preserving and recovering business operations in the event of outages, disasters or workforce interruptions. Measures and technologies used for forensics, as well as computer crime and security investigation, are addressed.</td>
<td>MIS589 and SEC571, or a technical undergraduate degree and/or associated professional experience with preparation equivalent to or beyond MIS589 and SEC571</td>

**Fundamental Skills for Education Success**

A solid foundation is critical to success in any graduate-level program. To help students who could benefit from skills enhancement as they return to the classroom, Keller offers fundamental skills courses that help foster long-term program and career success.

Students in the following courses earn grades of A, B or F upon course completion. The final grade earned in the course is not used in GPA calculations, and credit hours earned are not applicable to credit hours required for graduation. Required prerequisite skills coursework may affect program length and cost.
Admission Requirements

General Admission Requirements
To be admitted to DeVry University’s Keller Graduate School of Management, applicants must hold a baccalaureate degree from a University-recognized postsecondary institution. International applicants must hold a degree recognized as equivalent to a U.S. baccalaureate degree. Applicants who hold a University-recognized professional degree may also be eligible for admission.

All applicants must demonstrate quantitative and verbal skills proficiency (visit the Prerequisite Skills Requirements section). No specific or preparatory coursework is required for admission; certain exceptions apply. Applicants should note that all instruction and services are provided in English.

Applicants who meet baccalaureate degree requirements and whose undergraduate cumulative grade point average (CGPA) is 2.50 or higher (on a 4.00 scale) are eligible for admission. Applicants who earned a grade of B or better in both college algebra and English composition need not complete the Graduate Management Admission Test (GMAT), the Graduate Record Examination (GRE) or Keller-administered placement testing.

Applicants who meet baccalaureate degree requirements and whose undergraduate CGPA is below 2.50 must achieve acceptable scores on the GMAT, GRE or Keller-administered admission test to be eligible for admission. The Keller-administered test may be completed, by appointment, wherever the University’s graduate programs are offered or through the University’s Assessment Center. GMAT and GRE test scores are valid up to five years from the date of the exams.

All applicants must also complete an interview with an admissions advisor (admissions representative in Florida, Massachusetts, Minnesota and Nebraska, and online). Interview appointments can be scheduled during day or evening hours on weekdays, or on Saturday, by contacting an admissions advisor/representative. Admission interviews can be scheduled by calling 800.839.9009.

All admission decisions are based on evaluation of a candidate’s academic credentials, applicable test scores and interview. DeVry reserves the right to deny admission to any applicant and to change entrance requirements without prior notice.

Students attending a Nevada, New Jersey or New York location must present proof of immunization against certain diseases as required by state law. Applicants should contact the Student Services Office for further information. For all states with the proof of immunization requirement: In the event of an outbreak of disease against which immunization is required, no exemption or exception from immunization shall be recognized and exempted persons may be subject to exclusion from school and quarantine.

Additional Admission Requirements for Applicants to the Master of Science Degree Program in Accounting
To be admitted to the MSAC program, applicants must provide evidence of one of the following:

- A bachelor’s degree or higher in accounting
- A bachelor’s degree or higher with a specialization in accounting or finance
• Having passed all parts of the CPA exam
• A CPA license

Additional Admission Requirements for Applicants Not Enrolling in a Program of Study
Applicants wishing to enroll in courses for personal or professional enrichment but who do not intend to pursue a program of study must submit an application for admission and complete a nonmatriculated student enrollment agreement. Some general admission requirements and procedures may be waived. Applicants must demonstrate that they possess skills and competencies required for the intended coursework and meet requirements outlined in the English-Language-Proficiency Admission Requirement section; an academic administrator will evaluate applicants’ status by appropriate means. Applicants who do not demonstrate basic skills required for the chosen program or who fail to meet the University’s standards of academic progress may not enroll as nonmatriculated students.

Enrollment with nonmatriculated status is limited to course attempts totaling nine semester-credit hours; further restrictions may be imposed if students are not making adequate progress. Nonmatriculated students seeking to pursue a program of study must submit a written request to the program administrator; meet all admission, financial and academic requirements for the intended program; and submit a matriculated student application before permission to pursue the program of study is granted.

Nonmatriculated students are not eligible for career services, federal or state financial aid, or benefits through the U.S. Department of Veterans Affairs.

Other requirements may apply for nonmatriculated students seeking admission to the Master of Science degree program in Accounting.

Prerequisite Skills Requirements
All applicants must demonstrate quantitative and verbal skills proficiency. Proficiency can be demonstrated by submitting acceptable GMAT, GRE or Keller-administered-test scores, or through prior coursework performance. Applicants whose demonstrated proficiency indicates they are prepared to enroll directly into their program’s standard coursework without any preceding prerequisite skills coursework are referred to as placing at the standard level.

Selected programs have additional program-related prerequisite skills requirements, which are noted in the program descriptions. Prerequisite skills courses must be completed in addition to standard program requirements and may affect program length and cost.

All prerequisite skills courses must be completed with grades of B (3.00) or better in order for students to continue in their programs. Prerequisite skills courses may not be applied to elective course requirements.

Students with prerequisite skills needs must begin their required prerequisite skills coursework in their first session of enrollment and must continue to enroll in at least one required prerequisite skills course each session of attendance until all skills requirements have been satisfied. Those who have not met these requirements may not be able to self-register for courses until all skills requirements have been satisfied. Permission to enroll in many standard courses is dependent on successful completion of prerequisite skills coursework. Note: Students requiring prerequisite skills coursework may not be able to select an accelerated schedule until all prerequisite skills course requirements have been fulfilled, which would
increase program completion time. Such students should work with a student support advisor to determine an appropriate schedule.

Students who cannot self-register should contact their student support advisor to complete the registration process.

Prerequisite skills course grades are not included in grade point averages; however, their semester-credit hours are included in satisfactory academic progress calculations. Visit the Standards of Academic Progress section.

Prerequisite skills courses are unlikely to transfer to other institutions.

Quantitative Skills Proficiency
Applicants whose demonstrated proficiency indicates their quantitative skills meet only minimum University standards must successfully complete Foundations of Managerial Mathematics (MATH500) with a grade of B (3.00) or better before they may enroll in most courses at the 500 level or above. However, students enrolled in MATH500 who do not require Foundations of Professional Communication (ENGL510) may also enroll in one of the following: HRM587, HRM591, HRM592, HRM594, MGMT501, MGMT520, MGMT591 or SEC571.

Verbal Skills Proficiency
Applicants whose demonstrated proficiency indicates their verbal skills meet only minimum University standards must successfully complete Foundations of Professional Communication (ENGL510) with a grade of B (3.00) or better before they may enroll in most courses at the 500 level or above. However, students enrolled in ENGL510 who do not require MATH500 may also enroll in one of the following: ACCT500, ACCT503, ECON545, GSCM588, MATH534, MIS540, MIS589 or PROJ586.

MISM and MNCM Additional Requirements
MISM and MNCM students who do not have undergraduate degrees in a technical discipline or applicable prior experience must take the prerequisite skills course MIS525. The academic administrator evaluates the academic record for applicable prior education and/or experience.

Take Advantage of Keller's Streamlined Admission Process
Keller’s streamlined admission procedure keeps your education aspirations moving forward. Just complete these steps and you’ll be on your way. A person seeking admission must:

- **Complete the Application** – Complete and submit an application for admission. It’s a simple process that doesn’t require any preparation.
- **Submit Proof of Graduation** – Submit proof of graduation during the admission process. Acceptable documents include “Issued to Student” transcripts and copies of diplomas.
- **Interview with Keller** – Complete a personal interview with an admissions advisor/representative. Students who wish to complete their first course online are encouraged to participate in an Internet-based orientation session.
- **Review Assessment Options** – You may not be required to complete any testing to be admitted. If your undergraduate grade point average was at least 2.50, based on a 4.00 scale, and you earned a grade of B or better in both college algebra and English composition, you can begin your program without testing. If testing is required, you can provide GMAT or GRE scores, or take the Keller-administered admission test, which can be scheduled at the time of the interview at no charge.
• **Provide Transcripts** – Submit unofficial academic transcripts from the college or university where the baccalaureate or advanced degree was earned prior to receiving the admission decision. Documentation requirements and deadlines for students requiring an I-20 are found in the [Additional Admission Requirements for International Applicants](#) section.

Applicants should send their materials to:

DeVry University
Graduate Admissions Department
1200 E. Diehl Rd.
Naperville, IL 60563

Qualified applicants will be notified in writing of their acceptance within one week of completing all application procedures. They’ll then be notified of any prerequisite skills coursework that may be required before they may enroll in most program courses. Required prerequisite skills coursework may affect program length and cost. A $30 application fee is also required. Visit the [Application Fee/Cancellation Policy](#) section for further information.

**Admission of Post-Baccalaureate-Degree Holders**

Applicants with post-baccalaureate degrees, or the international equivalents, from University-recognized institutions may be granted admission to pursue additional degrees or to complete additional coursework. Such applicants must complete an application, interview with an admissions advisor/representative and provide official documentation of their degrees; however, they are not required to submit GMAT or GRE scores, or to complete a Keller-administered admission test.

**Communication Competency**

Successful professionals must have effective written and oral communication skills. Therefore, communication errors (e.g., improper grammar, improper sentence/paragraph structure, misspellings and incorrect punctuation) are unacceptable in coursework. Students who do not demonstrate communication competency may be required to successfully complete Foundations of Professional Communication (ENGL510).

Conducting applied research – defining problems, determining appropriate solutions, and using primary and secondary sources to acquire needed information – is an objective of all the University’s master’s curricula. Once research has been conducted, students may be required to communicate their findings in written reports and oral presentations. To assist them in doing so, the University has adopted *Writing the Research Paper: A Handbook*, 7th edition, by Anthony C. Winkler and Jo Ray McCuen-Metherell, as a resource for research processes and documentation. This textbook can be purchased through the online book ordering service.

**Technology Specifications**

Because technology changes rapidly, students should note that their computer or computing device used to complete coursework may need upgrading during the course of their program. Students are responsible for checking hardware/software requirements before registering for courses. Requirements are specified at [www.devry.edu/online-education/system-requirements.html](http://www.devry.edu/online-education/system-requirements.html).

Students must own or have off-site access to a computing device that meets current program-based requirements. They are also expected to have access to a reliable Internet source.
Students attending classes at a DeVry University location are expected to take their personal computing devices to class. The University does not guarantee computing devices will be available for student use at its locations. For more information, students should contact a student support advisor.

**Calculator Competency**
A number of courses require students to competently use a hand-held financial/statistical calculator. The Texas Instruments TI-83/84 calculator is recommended.

**Additional Admission Requirements for International Applicants**
Note: International applicants should obtain academic advising prior to enrolling to ensure they can retain nonimmigrant status while enrolled at DeVry University.

Most DeVry locations are authorized by Immigration and Customs Enforcement (ICE) to accept and enroll F-1 Visa students and require international applicants to submit certain financial and academic documentation before they will be considered for admission. The University provides support for foreign students needing F-1 Visas by issuing the I-20, if requirements are met, and sponsoring students while they are attending their specific academic program for the duration of their F-1 Visa. International applicants are responsible for applying for their visa and for all associated fees to be paid by the student directly to the Student Exchange and Visitor Program (SEVP).

To be considered for admission to the University, and before an I-20 can be issued, international applicants must:

- Provide certified copies of acceptable documents demonstrating the required level of prior education. Such documents may include high school transcripts, leaving certificates, scores on approved examinations or college transcripts (visit the Specially Recruited International Applicants section). Foreign diplomas and supporting foreign transcripts not written in English must be translated into English by a certified translator and may require review by one of the following approved educational credentials evaluation agencies at the applicant’s expense*:
  - A current member of the National Association of Credential Evaluation Services (NACES)
  - AACRAO International Education Services (formerly AACRAO’s Foreign Educational Credential Service)
  - Educated Choices, LLC
  - Foreign Credentials Service of America
  - Institute of Foreign Credential Services
  - A current member of the Association of International Credentials Evaluators (AICE)
- Meet requirements outlined in the English-Language-Proficiency Admission Requirement section, if applicable.
- Meet all other University admission requirements. International applicants must submit appropriate GMAT or GRE scores, if necessary; transcripts of prior college coursework; or acceptable documentation of prior mathematics and overall educational performance deemed appropriate for placement into the intended program. DeVry-administered online math and verbal placement tests are available to international applicants.

Applicants should check with their consulate or embassy for other pertinent requirements.
The University is also authorized to accept and enroll international applicants who wish to transfer to Keller from other U.S. institutions. In addition to providing the items listed above, transfer applicants must notify the current institution of their intent to transfer. DeVry University will communicate with the current institution and process immigration forms required to complete the transfer.

* The University may require an applicant’s foreign credentials to be evaluated by a specific agency. In the event an applicant has already submitted a credentials evaluation from another agency and Keller determines an additional evaluation is required, the University will pay for the additional evaluation.

**Specially Recruited International Applicants**

International applicants recruited by recognized agents must provide certified copies of acceptable documents demonstrating the required level of prior education before the end of the second session of enrollment. All other admission requirements for international applicants apply. For a list of recognized agents, visit [www.devry.edu/admissions/international/international-students-admissions.html](http://www.devry.edu/admissions/international/international-students-admissions.html).

**Employment Outside the United States**

Applicants and students outside the United States or planning to move outside the United States for employment should be aware that professional standards of practice may vary by country. Persons interested in employment outside the United States are encouraged to contact the national association or regulatory agency for their field of interest.

**Prerequisite Enrollment**

Students currently enrolled in prerequisite courses meet the prerequisite requirement for registration into subsequent courses. Students who do not successfully complete prerequisite course requirements are administratively dropped from any courses requiring the prerequisite. Students are also administratively dropped from courses if an Incomplete is recorded for the prerequisite course. Students are notified of dropped courses by email. A reduction in enrolled hours may affect financial aid eligibility and/or awards.

**Primary Program of Enrollment**

A student’s first program of study is considered the primary program unless the student requests a program change (visit the [Program Transfers](#) section).

All students enrolled in site-based programs are required to take some coursework online. Some students in certain programs and at certain locations may be required to complete a substantial portion of program coursework online.

**English-Language-Proficiency Admission Requirement**

All instruction and services are provided in English.

Applicants must provide documentation of English-language proficiency by submitting one of the following:

- U.S. high school diploma (education completed in English)
- GED certificate (education completed in English)
- Equivalent of a high school diploma as awarded by the state (education completed in English)
- Documents verifying at least two years’ service in the U.S. military
• Documents demonstrating successful completion of a DeVry-recognized advanced-level English as a Second Language (ESL) course
• Postsecondary transcript verifying completion of 30 semester-credit hours of baccalaureate-level courses (excluding remedial or developmental courses) with at least a C (70 percent) average from an institution in which the language of instruction was English; students may demonstrate that the language of instruction was English by submitting a letter from the school’s registrar
• Postsecondary transcript verifying completion of the equivalent of DeVry’s freshman English composition course, with a grade of B (80 percent) or higher, from a DeVry-recognized postsecondary institution or community college
• Postsecondary transcript verifying completion of two or more baccalaureate-level English writing or composition courses with grades of B (80 percent) or higher, from a DeVry-recognized postsecondary institution or community college
• Transcript demonstrating successful completion of secondary or postsecondary education from a country in which English is identified as the official/primary language, as listed in the CIA World Factbook
• An official letter from the secondary or postsecondary institution attended indicating the language of instruction was English
• An approved international credentials evaluation report indicating the language of instruction of the institution attended, and/or the program completed, was English
• Successful completion of a DeVry-approved SEVP-certified external English language program. Note: For applicants requiring an I-20, DeVry cannot issue a pending letter of acceptance until the applicant has been accepted into a SEVP-certified language school. Also, DeVry cannot issue an I-20 until the applicant has successfully completed the IEP or English language program and DeVry receives documentation indicating completion.
• Acceptable test scores from one of the following:

<table>
<thead>
<tr>
<th>Test Name</th>
<th>Admitted Requiring Prerequisite Skills (ENGL510*)</th>
<th>Admitted without Prerequisite Skills Needs</th>

</tbody>
</table>

* Applicants not requiring an I-20 who do not meet the minimum score requirement may be admitted. If admitted, such applicants must attempt ENGL510 during their first session of
enrollment and successfully complete the course by the end of their second session of enrollment.

**Rescinding Admission**

Applicants who submit documents that are forged, fraudulent, altered, obtained inappropriately, materially incomplete or otherwise deceptive may be denied admission or have their admission rescinded.

For those already enrolled when a fraudulent document is discovered, the misconduct is adjudicated using procedures specified in the Code of Conduct and may result in rescission of admission; revocation of a financial aid award; and/or in permanent expulsion from all DeVry institutions, including other DeVry University locations.

Students whose admission is rescinded remain responsible for fulfilling financial obligations to any DeVry institution; federal, state and local governments; and private loan providers.
Student Services

Course Schedules
Keller’s year-round course schedule includes six 8-week sessions. New students may start their program at the beginning of any session. Continuing students may take a session off, as needed, to accommodate their schedules (visit the Student-Centric Period section). All Keller courses are taught within the eight-week-session model. Online courses have the added benefit of enabling students to complete coursework at the most convenient time, and place, for them.

Keller also offers students the advantage of completing their program on a normal schedule (normal time to complete) or on an accelerated schedule – to reach program completion sooner – or through a combination of both options. Each session, students choose the schedule that best fits their goals and their commitments outside of school. Visit the Program-Completion-Time Options section for more information.

Course Availability and Program-Completion Time
Students should note that course availability may vary by session. This may affect the time needed to complete a program, as well as the length of both normal and accelerated schedules shown in the sections entitled Keller’s Degree Programs and Keller’s Certificate Programs.

Course Delivery Formats
Courses are delivered in two formats, “blended” and “all-online.” Both formats are designed to achieve the same student outcomes and are academic equivalents. Course availability may be subject to enrollment minimums. Course and program outcomes are provided in course syllabi, and program outcomes are included in the Keller’s Degree Programs section and in the Keller’s Certificate Programs section.

Blended Onsite Learning
The blended format enhances education and corresponds to the dominant reality of the workplace, where onsite and online interaction are combined to accomplish organizational objectives. Students meet with faculty face-to-face onsite for three-and-one-half hours per week and participate in professor-guided online activities. Onsite activities include interactive lectures and discussions, plus demonstrations of problems and concepts.

Course outcomes are supported by combining weekly onsite activities with relevant online guidance and feedback from faculty and fellow students throughout the week. Course syllabi note both onsite and online time commitments.

All students enrolled in site-based programs will be required to take some coursework online. Students in certain programs and at certain locations will be required to complete a substantial portion of the program online.

Dynamic Online Learning
Students in courses delivered entirely online must have the same dedicated effort as those in classroom-based courses. However, they are expected to assume a greater level of personal responsibility for their learning. Online activities may include direct interaction with faculty and other students (e.g., online discussion, group projects and case studies) as well as activities students complete independently, with subsequent interaction with faculty (e.g., quizzes and research assignments).
The all-online format integrates today’s high-tech capabilities with the University’s proven methodology. Typical online learning technologies include:

- The online site, https://learn.keller.edu/, accessible 24 hours a day and offering course syllabi and assignments, the virtual library and other web-based resources
- Electronic textbooks and interactive course materials
- Study notes or “professor lectures” on the website for student review

Student academic performance for online courses is assessed via thorough evaluation of contributions to team/group activities; participation in threaded discussions; and performance on individual exercises, projects, papers and case studies. Professors build complete portfolios reflecting student mastery of course outcomes by assessing performance on individual assignments, quizzes and exams.

**Specific Provisions for Online Students**

Many Keller courses are offered in a purely online format. For all programs, regardless of modality, the University observes student success measures that are holistic and support overall student completion. After registering for a course, students are granted access to preview the course shell for up to two weeks prior to the scheduled course start date. Prior to beginning courses, students are required to attend a virtual New Student Orientation session (live or recorded) for a thorough introduction to their course shell, the online functionality and to the general requirements of online courses at Keller.

**Commuter-Friendly Locations**

For students choosing to attend classes onsite, the University offers the convenience of locations in major metropolitan areas nationwide. Additionally, coursework transfers easily among all Keller locations. Students can also complete courses online should relocation be necessary.

Note: Students who relocate while enrolled at DeVry University may be unable to complete their program if relocating to a state where DeVry is not authorized to offer a particular program. Prospective students should contact their admissions advisor/representative to discuss how relocation could affect their ability to complete their program; current students should contact Student Central if they are considering relocating during their course of study.

Note: There may be consequences, such as ineligibility for financial aid, for applicants and students who relocate to a state where DeVry is not authorized. There may also be program limitations, even in states where DeVry is authorized; applicants/students may not be able to apply, continue, or transfer to a particular program, as not all programs may be approved by a state authorization agency. Visit the [State and Distance Education Authorizations](#) section for additional information.

**Supportive Learning Environment**

Through our computer-based instructional provider, students and faculty have unlimited access to web-based short courses of professional or personal interest. Courses are self-paced, tutorial in nature and range from two to 10 hours in length.

In addition, THE HUB 2.0 is designed to enhance students’ online learning experience. Containing a wealth of student resources, THE HUB helps students easily:
• Access the online library
• Connect with faculty and classmates using blogs and forums
• Find all University-related contact information
• Enhance written communication skills via the Writing Source
• View more than 1,500 educational videos
• Add program resources, a personal biography, avatars and more

**Academic Advising**
Keller is committed to helping students achieve their education goals. Supporting students throughout their academic journey is a team of colleagues, including Student Central leaders, student support advisors (SSAs) and faculty, that can direct students to online and onsite resources. SSAs offer academic and financial advising, and are also available to discuss career plans, professional services and extracurricular activities. Students can find their assigned SSAs within the Student Finance tab on their student portal at https://learn.keller.edu/home. Contact information, including phone number, for a student’s assigned SSA is listed. While each student has an assigned advisor, any SSA within Student Central may assist the student.

Students may be required to participate in formal academic advising if:

• They must repeat a course to achieve an adequate grade.
• The academic administrator determines a formal intervention might be beneficial to the student.

Advising may result in a written plan for improvement and follow-up that is agreed upon by the student and the advisor. Students are encouraged to reach out to faculty for support and guidance.

**Library**
The library of DeVry University and its Keller Graduate School of Management supports student learning. Students can access library materials digitally via their personal devices 24/7 from the library website at [http://library.devry.edu/](http://library.devry.edu/). Resources include periodical and research databases, e-books, full-text journal articles and information from academic and trade publications. Students may access this information through our Learning Commons, located across the country. The Learning Commons is an open space where students can collaborate, study or conduct their online research.

The University’s professional librarians are available to help students access library resources, search for information and provide direction for their research questions. Students can contact librarians by live chat, email or by calling a dedicated toll-free number. To learn more, visit [http://library.devry.edu/ask-a-librarian.html](http://library.devry.edu/ask-a-librarian.html).

**Career Services**
Students and alumni are entitled to career services to help them enter business or industry. The Career Services department, through self-directed career-planning appointments, helps students and graduates acquire professional development skills that will serve them throughout their careers. Areas addressed include assessing career goals; developing résumés; increasing marketability; building networking and interviewing techniques; and improving salary negotiation skills. Additional assistance is provided through local and national job postings, which identify currently available career opportunities. While employment cannot be guaranteed, Career Services will continue to work with students after graduation.
Note: No programs offered by DeVry University’s Keller Graduate School of Management include an internship, externship, or production work as a part of their requirements.

**Student Records**
All materials submitted in support of students’ applications, including transcripts from other institutions, letters of reference and related documents, become the property of DeVry University. During a student’s enrollment, DeVry maintains records that include admission and attendance information, academic transcripts and other relevant data. Student academic records are maintained in accordance with DeVry’s academic document retention schedule after the student is no longer enrolled. Students may review the content of their files by notifying the registrar in writing.

Except as required by law, no information regarding attendance, grades or any other aspect of students’ academic standing will be released to any third party without written student consent.

**Official Transcripts:** Students are provided an electronic, final transcript at no charge upon graduation. Students and alumni must submit requests for official transcripts via the student portal. Visit the [Official Transcript Request](#) section.

**Document Requests:** To obtain student records such as billing statements, diplomas, enrollment agreements, registration documents and transcripts, students should contact their student support advisor at 877.496.9050. Requests may also be submitted by one of the following methods:

- Email: [documentrequest@devry.edu](mailto:documentrequest@devry.edu)
- Fax: 630.689.4003 (Attn: Document Request)
- Mail: DeVry University  Attn: Document Request  1200 E. Diehl Rd.  Naperville, IL 60563

**Hours of Operation**
Typically, administrative hours at DeVry University locations are Monday through Friday 10 am to 6 pm; specific information is available from each location. In general, onsite classroom hours are Monday through Friday beginning at 6 pm and ending as late as 10 pm. Virtual student support is available by calling 877-496-9050:

- Monday-Thursday 6 am to 7 pm MT
- Friday 6 am to 6 pm MT
- Saturday 7 am to 3 pm MT

Services and administrative office hours vary by location and may be limited evenings and weekends.

**Academic Instruction and Faculty Office Hours**
Each session, instruction ends at 11:59 pm MT on Saturday of week 8. No instruction occurs on holidays or during breaks. Online instruction, professor feedback and student-student interaction in the virtual classroom are continuous processes during each session. Faculty office hours are scheduled at the discretion of each faculty member. Faculty telephone numbers and email
addresses are included on course syllabi, which indicate when and how students can contact professors.

**StudentLinc Student Assistance Program**

To help address everyday issues, DeVry provides a student assistance program at no additional cost. StudentLinc offers access to expert guidance through:

- A licensed clinician, accessible by phone 24/7/365, who can address student concerns such as work-related pressures, depression, stress, anxiety, grief/loss, relationship problems or substance abuse.
- Consultation with a licensed financial counselor, to help with financial planning.
- Convenience resources, such as referrals for child and elder care; home repair and housing needs; pet care and adoption; and more.
- Legal consultation with a local attorney by phone or in person.

**Accessing Support**

Students can access support, including self-improvement programs and educational modules; legal and financial resources; child and elder search engines; and thousands of articles, tip sheets and videos:

- Via DeVry’s student portal
- By calling 888.893.5462 – 24/7/365
- By emailing support@curalinc.com
- By texting “support” to 51230
- Via live chat, using the eConnect® mobile app or through DeVry’s student portal
- Via video chat counseling (desktop or mobile)
- Via Textcoach® personalized coaching (desktop or mobile)
- Through Animo self-directed modules (desktop or mobile)
- Through in-person consultation with a local counselor

StudentLinc’s confidentiality standards ensure students’ privacy, except in cases where there is imminent threat to the student’s or others’ safety (in such cases, StudentLinc clinicians reach out to local emergency services to request a well-being check) or as required by law. More information is available at www.mystudentlinc.com (password: devry) and from DeVry student support advisors.

**Disability Accommodations**

Reasonable accommodations are provided to students with disabilities in accordance with applicable laws. The Office of Student Disability Services can provide additional information about the University’s Nondiscrimination policy and assistance with accommodation requests during the admission process or after enrollment. To learn more, email adaofficer@devry.edu.
Academic Policies

Residency Requirement – All Students
The residency requirement defines the minimum number of credit hours students must successfully complete at Keller. Prior learning credit, as defined below and including transfer credit, challenge exams, course waivers and portfolio assessment, cannot be used to meet the residency requirement.

Residency Requirement – Degree-Seeking Students
Students must successfully complete 50 percent of their degree program’s credit hours, rounded down to the nearest three-credit-hour course, at Keller.

Students should note the following state-specific residency requirements:

- **Arizona**: Students must successfully complete 51 percent of their degree program’s credit hours at Keller.
- **California**: Students must successfully complete 80 percent of their degree program’s credit hours at Keller.
- **Missouri**: Students must successfully complete 75 percent of their degree program’s credit hours at Keller.
- **Texas**: MAFM program students must successfully complete 36 credit hours at Keller.

Additional restrictions may apply.

Residency Requirement – Graduate-Certificate-Seeking Students
Students must successfully complete 50 percent of the graduate certificate’s credit hours, rounded down to the nearest three-credit-hour course, at Keller.

Multiple Degree Programs
Students are required to declare a primary program. A student’s first program of study is considered the primary program unless the student requests a program change. Students wishing to pursue additional degrees in any of the University’s master’s degree programs must inform their student support advisor, in writing, of their intent. They must also seek academic advising from their advisor regarding a course of study that supports each degree. While
students may enroll in courses applicable to a second degree prior to completing the primary degree, they should focus on completing their primary degree.

Those opting to pursue multiple degrees must meet all course requirements for each degree as well as a minimum of 18 semester-credit hours beyond those required for the prior degree. MISM, MITM and MNCM program students may pursue a second or subsequent degree in a different specialization only.

Students are awarded their degrees at the end of the session in which they satisfactorily met all graduation requirements.

Alumni who already hold a DeVry University graduate degree have the opportunity to pursue additional graduate-level coursework at an alumni tuition rate. Visit the [Alumni Tuition Benefit](#) section.

**Multiple Certificate Programs**
Students may pursue more than one graduate certificate. Students wishing to enroll in courses for an additional certificate should contact their student support advisor.

**Embedded Graduate Certificate Programs**
Students who complete qualifying coursework in the following master’s degree programs are awarded the associated embedded graduate certificates. Students should contact their student support advisor for more information.

Work-Based Learning Experiences
Work-based learning (WBL) opportunities, such as those noted below, provide experiential learning that augments traditional college coursework. DeVry University evaluates WBL opportunities and may offer:

- **Sponsored Projects:** These provide academic credit and count toward graduation requirements typically as part of a capstone course.
- **Internships:** These may provide credit toward academic program requirements and may count toward graduation requirements.
- **Co-ops and Practica:** These typically provide credit toward academic program requirements and apply to graduation. Practica may be graduation requirements for certain academic programs and may be included in the programs as course requirements.
- **Apprenticeships, Externships and Service Learning:** Generally, these opportunities do not provide academic credit and as such do not count toward academic program or graduation requirements, unless components are applied to a course or other academic requirement.

Individual WBL program materials and/or contacts may provide programs details, including information about potential payment.

To participate in WBL experiences, students must submit appropriate documentation, such as an application; be in good academic standing; meet minimum grade point average and credit hour requirements for the WBL program; and meet program, employer and/or WBL site requirements. More information may also be available from student support advisors.

DeVry University Semesters and Sessions
DeVry University’s annual academic calendar is divided into three 16-week semesters. Two
overlapping calendar cycles designate sessions corresponding to the University’s summer, fall and spring semesters (visit the Student-Centric Period section). At the time students initially start courses, they are assigned an SCP designator code of Cycle 1 or Cycle 2.

To provide maximum flexibility, courses are offered in two 8-week sessions within each semester. Because certain academic policies and measurements specify actions on a semester basis, and many procedures occur on a session basis, students should note how semesters and sessions relate to their planned coursework.

**Enrollment Status**

Enrollment status is determined separately for each semester and is based on all courses in which the student was enrolled during the two sessions comprising the student’s semester/student-centric period. Enrollment status is determined as of the first scheduled class in the student’s earliest session (first day of the earliest session for online students). Enrollment status is not affected by the date of application or interview. Students taking six or more credit hours in a semester are full-time students. Those taking four to five credit hours in a semester are three-quarter-time students. Those taking fewer than three credit hours in a semester are considered enrolled less than half time. Students enrolled in courses that do not carry credit hours are also considered enrolled less than half time. Students who change their enrollment status also change their financial aid status, which may impact eligibility for financial aid.

Note: F-1 students are required by the Department of Homeland Security (DHS) to maintain a full course of study in their program. Any exception to this requirement must be approved and updated in the student’s Student and Exchange Visitor Information System (SEVIS) record prior to a change in enrollment (visit the student handbook for more information). Graduate F-1 students must maintain at least six credit hours per semester and must enroll in at least one onsite course each eight-week session to maintain a full course of study.

**Governing Rules**

Students are generally governed by graduation requirements in effect at the time of initial enrollment, provided their enrollment has been continuous. Students who change programs are governed by graduation requirements of the new program in effect at the time of the program change. Curriculum changes may occur, as DeVry reserves the right to change graduation requirements and to revise, add or delete courses. Consequently, curriculum changes may affect current and returning students. Program or policy changes that affect students who are already enrolled are announced at least 90 days prior to the effective date of the change.

Continuous enrollment requires no instance of more than six consecutive sessions out of school. For each interruption of continuous enrollment, students must apply for readmission and are governed by graduation requirements and academic rules and policies in effect at the time of readmission.

Course sequences may vary, and the University reserves the right to revise, add or delete courses; alter the total number of class hours; and suspend, cancel or postpone a class for reasons including, but not limited to, natural occurrences or other circumstances beyond the University’s control, holidays, special institutional activity days and registration days. If it becomes necessary for any reason to interrupt its regular class schedules or starting dates, the University may, upon reasonable advance notice, suspend or cancel instruction. The University will advise students as soon as possible of dates for resumption of classes.
If the number of students enrolling in a starting class is deemed insufficient, the University reserves the right to cancel the starting class (a class which begins the first term of an academic program). If this occurs, applicants will be given a full refund, within 30 days, of the application fee and prepaid tuition. If a continuing program or class is cancelled, students will be offered the opportunity to transfer within the University system with full credit for all course work completed. Not all programs are offered at all locations and online. Some courses may not be offered every session. All students enrolled in site-based programs must take some coursework online, and for some programs and locations, a substantial portion of the program must be completed online. Students should check with a student support advisor regarding course availability and delivery format.

Students may transfer to another Keller location and retain credit for all coursework completed; however, program availability varies by location.

**Academic Engagement**
Academic engagement is active participation by a student in an instructional activity related to the student’s course of study as defined by Academic Events (visit the Academic Events section). Academic engagement is directly tied to academic performance; therefore, regular academic engagement is required. Students may be withdrawn from DeVry or from individual courses for academic engagement violations.

This academic catalog is available on DeVry University’s website and includes the academic engagement policy, which serves as notification to students of the policy. Students must adhere to the policy and check for revisions each semester. Students who may not be able to meet requirements of the policy should contact their professor or an academic dean as soon as possible.

Nonmatriculated students also must adhere to DeVry’s academic engagement policy.

DeVry does not have a leave-of-absence policy for its students.

**Academic Events**
Academic events are recorded for the purpose of determining academic engagement status.

Academic engagement is monitored via academic events as defined below.

- In an online course, an academic event is the submission of a class assignment, participation in a discussion and/or activity, or completion of an assessment.
- In a blended course, inclusive of connected classrooms, an academic event is the submission of a class assignment, participation in a discussion and/or activity, completion of an assessment, or attendance/participation in the scheduled onsite class meeting.

**Academic Engagement Drops**
Students who never complete an academic event during the first two weeks of the session are dropped and precluded from requesting an extension. Students dropped from all courses because of lack of academic engagement are also dropped from courses in which they are enrolled for future sessions.

**Last Date of Attendance**
Academic engagement is monitored for all eight weeks of the session and recorded daily based on each academic event to ensure the last date of attendance is available for the purpose of
determining the timeframe of attendance as well as the amounts of earned and unearned financial aid.

For online courses, academic events are tracked for the purpose of determining the last date of attendance.

For blended courses, each scheduled class meeting is considered an academic event for the purpose of determining the last date of attendance.

**Academic Engagement Warning**
Students who do not complete an academic event for 7 consecutive calendar days are sent an academic engagement warning notifying the students that they will be withdrawn if they do not complete an academic event for 14 consecutive calendar days.

Students withdrawn from *all* courses because of lack of academic engagement are also dropped from courses in which they are enrolled for future sessions.

**Academic Engagement Extension**
Students may request a 7-day extension in which to complete an academic event by submitting a request to their professor. Students are limited to one extension request for each course during the session.

**Reinstatement**
Students withdrawn for violating the academic engagement policy who have extraordinary and documented circumstances may request reinstatement by providing a written request to an appropriate academic administrator.

**Unsuccessful Completion**
Unsuccessful completion is any designator of W, F, U or I. Students who are enrolled in one or more courses in their payment period and have not successfully completed their courses are considered withdrawn for Title IV purposes and must have a return to Title IV (R2T4) calculation conducted.

If a student is considered withdrawn for Title IV purposes, the final earned grade is included in the Satisfactory Academic Progress (SAP) calculation, as appropriate (visit the [Standards of Academic Progress](#) section).

**Payment Period**
The payment period is a period of enrollment for Title IV funds. The payment period at DeVry is the student-centric period (visit the [Student-Centric Period](#) section), which is the student’s semester.

**Canceled Classes**
When a scheduled class is canceled, one or a combination of the following may occur to meet contact hour requirements:

- Rescheduling the class
- Adding time to a remaining onsite class meeting(s)
- Establishing a deadline for completion of an academic event
**Religious Holiday Observance**
In support of students’ observance of their religious holidays, DeVry University has developed the Religious Holiday Observance policy. Students who expect to miss classes or other course requirements because of their observance of a religious holiday will be provided reasonable accommodations to complete missed work. In order to be provided alternative accommodations, students must notify their professor of the need to be absent from class and/or miss a course requirement prior to the observance of the religious holiday(s). Students are encouraged to contact faculty as soon as they are aware that their religious holiday will conflict with class requirements. Students who notify their professor of the need for an accommodation will be provided an alternative assignment or extension to submit work after the conclusion of the religious holiday.

**Missed Exams**
Students are expected to take quizzes and exams at regularly scheduled times. When this is not possible because of circumstances beyond their control, such as documented illness or work-related travel, students may arrange to take a make-up quiz or exam by contacting their professor.

Final exams must be taken during week 8 of the session. For all other types of exams and quizzes, the professor and student agree upon an appropriate day and time to make-up the missed exam or quiz.

**Retention and Review of Final Exams**
Final exams are not returned to students; however, they are retained one session for student review. Onsite students who wish to review their final exams should contact their location leader. Online students may contact their student support advisor to make arrangements to view their final exams at a local DeVry University location. Students unable to visit in person should contact their student support advisor to make alternate arrangements.

**Classroom Visitors**
Students are encouraged to bring prospective students to onsite classes as guests; however, they must first receive approval to do so from their location leader.

Students may not bring minors to class, nor may minors be left unattended on University premises. DeVry University is not liable for the safety of children left unattended while on University premises.

**Prior Learning Credit**
Upon the University’s evaluation, students with qualifying previous prior learning may receive credit toward graduation. As appropriate, the University awards credit for:

- Previous college coursework (transfer credit)
- Professional certifications and training (transfer credit)
- Challenge exams
- Course waivers
- Portfolio assessment

Students pursuing a master’s degree or graduate certificate may apply prior learning credit for 50 percent of their program’s credit hours, rounded up in favor of the student (visit the Residency Requirement – All Students section).
Students should note the following state-specific limits on prior learning credit:

- **Arizona**: A maximum of 49 percent of master’s degree program requirements may be satisfied through prior learning credit.
- **California**: A maximum of 20 percent of master’s degree program requirements may be satisfied through prior learning credit. As part of this, students in California may receive a maximum of six semester-credit hours of experiential learning credit toward the first 30 credit hours of their program and, if applicable, an additional three semester-credit hours of experiential learning credit toward the remaining credit hours of their program.
- **Missouri**: A maximum of 25 percent of master’s degree program requirements may be satisfied through prior learning credit.
- **Texas**: A maximum of three credit hours of transfer credit may be applied to satisfy MAFM program requirements.

Additional restrictions may apply (visit the [Portfolio Assessment](#) section).

Students seeking multiple degrees must satisfy the semester-credit-hour residency requirements outlined in the [Multiple Degree Programs](#) section. Students seeking multiple certificates must satisfy residency requirements outlined in the [Multiple Certificate Programs](#) section.

All 600-level courses, including capstone courses, must be taken through DeVry University.

**Credit for Previous College Coursework**

To receive transfer credit, the following criteria must be met:

- The course or courses taken were for graduate credit while the student was enrolled as a graduate student
- The course or courses taken are equivalent to a Keller course in content, level and credit hours
- The grade or grades earned were B or better
- The course or courses taken were completed within the 10 years preceding initial enrollment at Keller

Courses taken on a pass/fail basis may not be transferred. Transfer credit reduces the number of courses students must take and correspondingly reduces students’ costs. Transfer credit does not affect grade point average calculations.

Students who receive transfer credit for a course do not automatically receive credit for associated prerequisite courses.

To apply for transfer credit, students must complete a Request for Transfer Credit form and submit it to the admissions advisor (admissions representative in Florida, Massachusetts, Minnesota, Nebraska and online), or student support advisor, with all required materials when applying to receive transfer credit.

Students should check with their admissions representative/student support advisor for more detailed information.
Articulation agreements facilitate ease of transferring credits among institutions. DeVry University maintains articulation agreements with many colleges and universities, as well as with entities such as the military.

Transfer credit is not granted for CPA exam preparation courses and cannot be applied to ACCT525.

**Transfer Credit – Veterans**

Evaluation of previous postsecondary education and training is mandatory for VA beneficiaries. DeVry University grants appropriate credit, reduces program length proportionately, notifies students and Veterans Affairs in writing of this decision, and adjusts invoicing to the VA accordingly for students using veterans benefits and approved for transfer credit as a result of this evaluation.

DeVry University maintains a written record of previous undergraduate and graduate education completed by veterans and all persons eligible for veterans benefits. A copy of official transcripts used to evaluate transfer credit is maintained in students’ permanent records. This record, required for either program admission or transfer-credit review, clearly indicates when appropriate transfer credit has been given. Credit for up to 15 semester-credit hours may be transferred into a DeVry University graduate program. Students attending a California location may receive transfer credit for up to 20 percent of the degree program’s credit hours.

Veterans enrolled in a DeVry University course for which credit has already been earned at a University-recognized institution cannot include that course in the total hours reported to the U.S. Department of Veterans Affairs. It is students’ responsibility to be aware of prior credit eligible for transfer.

**Credit for Professional Certifications and Training**

The University awards transfer credit, as appropriate, based on recommendations from the American Council on Education (ACE) College Credit Recommendation Service, which evaluates workforce and military training programs to determine their comparability to college-level learning.

To earn credit, students must have achieved the minimum ACE-recommended score or higher for their certification or training program. Additional information on workforce and military training recommendations is available via the National Guide to College Credit for Workforce Training and the ACE Military Guide Online, respectively.

Information on other agreements the University maintains is available by contacting ArticulationInfo@devry.edu.

**Challenge Exams**

Students may wish to attempt a challenge exam if they feel course material has been mastered, either through coursework completed outside Keller for which transfer credit cannot be given or through self-study. Students who have never been enrolled in the course at Keller and have not previously attempted the challenge exam may request a challenge exam by contacting a student support advisor.

Students can receive proficiency credit for a course when they score 80 percent or higher on a challenge exam. Proficiency credit is not included in grade point averages (visit the Grades and
Designators section). Challenge exams cannot be applied to the residency requirement (visit the Residency Requirement – All Students section).

Note: Challenge exams are not available for all courses.

**Course Waivers**

Students may be eligible for course waivers based on their body of knowledge or as evaluated on a course-by-course basis. The award of waivers is limited to nine semester-credit hours for MBA, MAFM (Finance emphasis), MHRM, MPA, MPM and MITM program students, 15 semester-credit hours for MISM and MNCM program students and 18 semester-credit hours for MAFM students in the CPA emphasis (excluding Texas MAFM students) regardless of the number of degrees attempted or completed. Students pursuing graduate certificates may also be eligible for up to nine semester-credit hours of waivers depending on the certificate selected. Waivers are not applicable to capstone courses.

Students who receive waiver credit in their program of study do not need to take these courses or substitute courses. Visit the Course Substitutions section for more information about requesting an alternate course applicable to a Keller program.

Course waivers cannot be applied to the residency requirement.

Students in the MSAC degree program are not eligible for waivers.

Waiver applicability in the MAFM program is limited. Waivers granted in the Accounting certificate may not apply to the MAFM program.

Note: Application of course waivers varies by state. Students enrolled in a program whose credential is awarded by a New York location, as well as residents of Oregon attending online, are not eligible for course waivers based on undergraduate coursework; however, such students are eligible for course waivers based on graduate/professional degrees or CPA certifications. Students with degrees from outside the United States must have their courses evaluated individually and do not qualify for waivers based on a body of knowledge.

**Course Waivers Based on Body of Knowledge**

Students with a University-recognized undergraduate degree in a business or technology discipline or with a technology specialization may be eligible for three course waivers for the MBA program. Students with a University-recognized undergraduate degree in a business discipline may be eligible for three course waivers for the MHRM, MPA and MPM programs. Students with a University-recognized undergraduate degree in a technology discipline may be eligible for three course waivers in the MITM program or five course waivers for the MISM and MNCM programs. Students with undergraduate degrees in other disciplines may also be eligible to waive certain courses. Credit hour limits for course waivers based on a body of knowledge ensure that master’s degree programs include a minimum of 30 semester-credit hours of graduate-level coursework.

Students in the MAFM program and those with a bachelor’s degree in a non-applicable discipline should refer to the Course Waivers Based on Course-by-Course Evaluations section below. Students pursuing a graduate certificate or those who have completed a graduate or professional degree may also be eligible for course waivers based on a body of knowledge.
To qualify, students must have completed their qualifying degree within 10 years of their date of application to Keller and graduated with a cumulative grade point average of 3.00 or higher.

**Course Waivers Based on Course-by-Course Evaluations**
Students with a University-recognized undergraduate degree in a discipline that does not apply directly to the graduate certificate or master’s degree program selected may be eligible for waivers as evaluated on a course-by-course basis. To qualify, students must have completed an undergraduate degree, as well as completed the courses to be considered for a waiver, within 10 years of the date of application for the graduate program. In addition, students must have received a minimum grade of B (3.00) in each course presented for waiver consideration.

Students who hold CPA certification or who have passed applicable parts of the CPA exam may be granted waivers as appropriate for ACCT591, ACCT592, ACCT593 and ACCT594 in the MAFM program. These waivers may be granted in addition to waivers based on course-by-course evaluation. Therefore, MAFM students may be eligible for up to 18 semester-credit hours of waivers. Students enrolled in the MAFM program at a Texas location must complete 36 credit hours at Keller, which limits course waiver applicability.

**Portfolio Assessment**
Keller offers currently enrolled students the opportunity to earn college credit for prior learning through portfolio assessment. To be eligible to submit a portfolio for assessment, students must complete a portfolio development course at Keller, which guides them through the process of preparing and submitting the portfolio. Portfolios demonstrating achievement of course learning outcomes are awarded proficiency credit.

Students may submit a single portfolio that addresses learning outcomes for one or more courses in their program. Subsequent portfolios may be submitted for additional courses. However, they may seek portfolio assessment credit for each Keller course one time only.

**Portfolio Assessment Eligibility**
To be eligible for credit, students must:

- Demonstrate graduate-level English-language and math proficiency by placing directly into program coursework or by successfully completing required prerequisite skills courses in English (ENGL510) and/or mathematics (MATH500).
- Reside in the United States. (This includes international students on an F-1 visa; however, proficiency credit hours do not count toward minimum credit hours required to be considered full-time.)
- Submit an application to a student support advisor (SSA) while enrolled and attending classes as matriculated students in graduate coursework for the current session and prior to the final term of enrollment.
- Submit transcripts from all previously attended postsecondary institutions and request transfer credit prior to submitting the application.
- Verify with an SSA that the course or courses for which portfolio assessment credit is being sought applies to their program requirements.
- Have satisfied University residency requirements or have enough required Keller coursework remaining to satisfy residency requirements after portfolio assessment credit has been awarded.
Portfolio Assessment Policies

Students pursuing portfolio assessment credit must adhere to the following University policies:

- The first portfolio must be submitted no later than 90 days after enrolling in the portfolio development course.
- Students must submit a Portfolio Assessment Request form to an SSA prior to submitting any subsequent portfolio.
- Students may seek portfolio assessment credit for each Keller course one time only.
- Students may not appeal portfolio review decisions.
- Students may not seek portfolio assessment credit for a:
  - Keller course previously attempted, regardless of the grade or designator assigned to the attempt.
  - Keller course in which they are currently enrolled.
  - Course equivalent to one for which they have already earned credit.
- Students must complete required prerequisite courses in their program of study. A course awarded portfolio assessment credit does not waive required prerequisite courses in the program.
- Students must meet the residency requirement (visit the Residency Requirement – All Students section). Portfolio assessment credit is treated as proficiency credit and does not count toward the residency requirement. Prior learning credit, including portfolio assessment, transfer credit, course waivers and challenge exams, is limited by the residency requirement.
- Students are responsible for ensuring they are not enrolled in a course for which they intend to seek portfolio assessment credit. The University will not refund tuition to students who pay for such a course.

Students in the following states should note the limitations below:

- **California**: Students may receive a maximum of six semester-credit hours of experiential learning credit toward the first 30 credit hours of their program and, if applicable, an additional three semester-credit hours of experiential learning credit toward the remaining credit hours of their program (visit the Residency Requirement – All Students section).
- **Florida**: Students may receive a maximum of 25 percent of the total semester-credit hours required in their degree program through portfolio assessment credit.
- **Oregon**: Students are not eligible for portfolio assessment credit.
- **Texas**: Students are not eligible for portfolio assessment.
- **Virginia**: Students may receive a maximum of 30 percent of the total semester-credit hours required in their degree program through portfolio assessment.

Course Substitutions

Students with extensive academic or professional experience may substitute a course by submitting a request to a student support advisor. Documentation showing expertise in the specific discipline is required and may include, but is not limited to, relevant academic transcripts, a detailed job description, or evidence of an appropriate license or certification. The number of course substitutions a student may receive is determined by the academic administrator who reviews the request.

Substitutions do not reduce the number of courses students must take; therefore, a substituted course is replaced with an additional elective. Electives may be selected from courses listed in
the Course Descriptions section, provided all prerequisites are met. No 600-level course may be substituted.

Transfers to Other Institutions
Course credits are not guaranteed to transfer to other schools. Acceptance of credits is subject to the receiving institution’s requirements.

Note to California residents concerning transferability of credits and credentials earned at our institution: The transferability of credits you earn at DeVry University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the academic credential you earn in your program of study is also at the complete discretion of the institution to which you may seek to transfer. If the credits or academic credential that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending DeVry University to determine if your credits or academic credential will transfer.

Elective/Alternate Courses
DeVry University offers a variety of graduate-level elective/alternate courses that supports each program’s outcomes and graduation requirements. In consultation with faculty and program administrators, students may select these courses, as shown in this and other DeVry University catalogs, as replacements for recommended courses provided prerequisite requirements and credit hour minimums within each course area are satisfied. Visit the Degree Programs section. Restrictions on financial aid for these courses may apply. Visit Financial Aid Applicability to Elective/Alternate Courses section.

Internal Transfers
Note: Credit transferability may vary based on programmatic accreditation and/or state requirements.

All students intending to transfer from one program and/or location to another must:

- Apply for permission to transfer.
- Meet all admission requirements of the intended program and location.
- Meet all graduation requirements for the intended program and location in order to graduate.

Program Transfers
Students wanting to change their primary program must submit a program transfer request to the registrar prior to registering in coursework in the new program. Program transfers requested by Sunday of week 1 of the session are effective that session; requests after week 1 of the session are effective the subsequent session. Program transfers are not applicable to sessions already completed.

Financial aid eligibility for coursework not applicable to the current program may be limited. Visit the Financial Aid Applicability to Elective/Alternate Courses section. Students should contact their student support advisor for more information.

Program transfers may result in students having to take additional coursework to fulfill graduation requirements of the new program. Students transferring programs may be required
to sign an enrollment agreement addendum before beginning classes in the new program and are evaluated for admission and placement under the new program’s admission requirements.

**Location Transfers**

Students requesting a location transfer must submit the Request for Home Location Update form to the registrar. Students approved for transfer must meet all graduation requirements of the intended state, based on their residence, in order to graduate. Students on financial aid probation (academic probation) or disciplinary probation remain on probation after the transfer.

Note: Students who relocate while enrolled at DeVry University may be unable to complete their program if relocating to a state where DeVry is not authorized to offer a particular program. Prospective students should contact their admissions advisor/representative to discuss how relocation could affect their ability to complete their program; current students should contact a student support advisor if they are considering relocating during their course of study.

Note: There may be consequences, such as ineligibility for financial aid, for applicants and students who relocate to a state where DeVry is not authorized. There may also be program limitations, even in states where DeVry is authorized; applicants/students may not be able to apply to, continue in or transfer to a particular program, as not all programs may be approved by a state authorization agency. Visit the [State and Distance Education Authorizations](#) section for additional information.
Grades, Progress & Registration

Grading Philosophy
The University is committed to high academic standards that reflect real-world demands for excellence. Academic performance is evaluated using the full range of grades A through F. Grade distributions are not based on a predetermined curve.

Students receive the grades they earn without regard to tuition reimbursement or other grade point average requirements. Students' work is evaluated against a standard of performance required of successful professionals.

Grade Point System and GPAs
GPAs are computed by dividing total grade points by total credit hours for which letter grades A through F are received. For each course, grade points are calculated by multiplying course credit hours by the grade index points corresponding to the grade earned.

Three GPAs are maintained on student records:

• The term GPA (TGPA) is calculated at the end of each session.
• The semester GPA (SGPA) is calculated at the end of the semester/student-centric period and represents the GPA for work completed in a given semester only.
• Overall academic standing is stated in terms of a cumulative GPA (CGPA), which is calculated at the end of each session and is based on all grades and credit hours earned to date as a DeVry University graduate student. The CGPA, the GPA upon which degree conferral is based, becomes fixed at graduation.

All GPAs exclude grades earned in non-GPA courses (visit the Non-GPA Credit section).

Non-GPA Credit
The following appear on students' transcripts but are omitted from GPA calculations:

• Prerequisite skills courses
• Courses graded on a Satisfactory/Unsatisfactory basis
• Zero-credit-hour courses
• Audited courses

If students are required to take a non-GPA course, credit is considered when determining students' academic level and progress.

Grades and Designators
Keller uses the grading system outlined below. Designators indicate academic action rather than grades and are not included when computing academic averages. Grades are posted and made available via the student portal at the end of each session. Final grades are based on the percentage equivalent in the chart below and are not rounded to the next higher letter grade. Term, semester and cumulative grade point averages (GPAs) are calculated at the end of the session. Academic honors and academic progress evaluations – including academic standing – are calculated at the completion of each student's semester/student-centric period.

GPAs are calculated using grades from graduate-level courses taken at DeVry University only. Grades from transferred courses are not included in GPA calculations.
Grades and designators are assigned as follows:

<table>
<thead>
<tr>
<th>Grading System</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Letter Grade</strong></td>
</tr>
<tr>
<td>A</td>
</tr>
<tr>
<td>A-</td>
</tr>
<tr>
<td>B+</td>
</tr>
<tr>
<td>B</td>
</tr>
<tr>
<td>B-</td>
</tr>
<tr>
<td>C+</td>
</tr>
<tr>
<td>C</td>
</tr>
<tr>
<td>C-</td>
</tr>
<tr>
<td>D+</td>
</tr>
<tr>
<td>D</td>
</tr>
<tr>
<td>D-</td>
</tr>
<tr>
<td>F</td>
</tr>
</tbody>
</table>

Academic designators, outlined in the following chart, are used when letter grades do not apply.

<table>
<thead>
<tr>
<th>Academic Designators</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Designator</strong></td>
</tr>
<tr>
<td>AU</td>
</tr>
<tr>
<td>CWA</td>
</tr>
<tr>

</tr>
<tr>
<td>PR</td>
</tr>
<tr>
<td>S</td>
</tr>
<tr>
<td>T</td>
</tr>
<tr>
<td>U</td>
</tr>
<tr>
<td>W</td>
</tr>
</tbody>
</table>

**Grade of F – Failing**
A student who receives an F in a required course must repeat and pass the course, or receive transfer credit for the course, prior to graduation. The failed DeVry course is included in grade point averages (GPAs); however, if the student passes the course or receives transfer credit, the cumulative GPA (CGPA) is adjusted accordingly (visit the Grade Point System and GPAs section). Additionally, the F is excluded from the term and semester GPAs for the session and semester in which the F was received.

**Designator of AU – Course Audit**
Students who wish to audit courses must receive approval to do so from the appropriate academic administrator prior to the beginning of the session. Capstone courses may not be audited.

Tuition and fees are charged for audited courses; however, financial aid may not be applied to audited courses. Thus, changing to audit status may affect financial aid awards. Academic engagement is required in audited courses.

If, in professors’ opinions, audit students do not fulfill the above obligations, audit status may be revoked, and students will be removed from class.
**Designator of CWA – Course Waiver**
A CWA designator indicates a course waiver (visit the [Course Waivers](#) section).

**Designator of I – Incomplete**
An I designator signifies that required coursework was not completed during the session of enrollment. Incompletes are granted in exceptional situations only, such as when illness or work-related travel is documented and when substantial course requirements have already been completed. All required work must be completed and submitted to the professor by Sunday of week 2 of the subsequent session. The I must be converted to a letter grade A through F, or to an S or U designator, as determined by the course grading scale.

Designators of I are counted in attempted hours but are not counted in any GPA computations. If course requirements are not satisfied by the deadline, the I is converted to an F. When an I is converted to a final grade for the course, the grade is applied to the session in which the student took the course. The GPA is then recalculated for that session, resulting in different term, semester and cumulative GPAs.

An I in a prerequisite course does not satisfy the course requirement; thus, the student is administratively dropped from the course for which the prerequisite course was required. Students are notified of dropped courses by email. A reduction in enrolled hours may affect financial aid eligibility and/or awards.

An I may be assigned only when all the following conditions are met:

- The student has been making satisfactory progress in the course, as determined by the professor.
- The student is unable to complete some coursework because of unusual circumstances beyond personal control. The student must submit a Request for Course Incomplete form and obtain approval from the professor and the appropriate academic administrator prior to the grade roster deadline.

**Designator of PR – Proficiency Credit**
A PR designator signifies proficiency credit awarded for successful completion of a challenge exam.

**Designator of S – Satisfactory**
An S designator is awarded for satisfactory completion of a course graded on a Satisfactory/Unsatisfactory basis. Courses graded on this basis are noted in course descriptions.

**Designator of T – Transfer Credit**
A T designator is awarded for a course for which applicable prior graduate course credit is received.

**Designator of U – Unsatisfactory**
A U designator is awarded for unsatisfactory completion of a course graded on a Satisfactory/Unsatisfactory basis. Courses graded on this basis are noted in course descriptions.
Designator of W – Course Withdrawal
A W designator signifies withdrawal from the course and appears on transcripts of students who attend all courses during the add/drop period and then withdraw from a course or courses, or who are administratively withdrawn from a course or courses because of an academic engagement violation.

Students who remain enrolled in a course or courses after the course drop deadline and wish to withdraw from a course or courses must contact a student support advisor or an appropriate academic administrator.

Students may withdraw at any time prior to the withdrawal deadline, which is Friday of week 7 at 11:59 pm MT.

Missing Grades
Term GPAs or semester GPAs (when applicable) are not calculated for students with missing grades for the session.

Grade Changes
Grade changes – such as converting Incompletes to final grades, and changes resulting from student appeals and retroactive grade changes – affect the most recently calculated academic standing. In addition:

- If a DeVry University graduate-level course is repeated, the highest grade earned is used for computing the CGPA. Withdrawal from a course being repeated does not affect GPAs.
- If the student completes a DeVry University graduate-level course for which transfer credit was awarded and grades earned for each course were the same, the DeVry grade is used in any applicable GPA calculation.
- If a student completes a DeVry University graduate-level course for which an equivalent course was previously or subsequently awarded transfer credit, and the grade for the transferred course is higher, the grade earned at DeVry University is excluded from GPA calculations.

Grade Appeals
Students who want to appeal their grade from a specific course must contact their professor by Sunday of week 4 of the session immediately following the session in which they took the course. If issues remain unresolved after reviewing the grade with the professor, students may appeal the grade by submitting a request to the appropriate academic administrator, or to their student support advisor for routing. The academic administrator will review the appeal and make a decision on the outcome, which can result in a final grade that may increase, decrease or stay the same.

Grade appeal requests must be made during the session immediately following the session in which students were enrolled in the course. Grade changes beyond the time allotted for the grade appeal process must be of an unusual nature and are considered exceptional. Exceptions must be approved by the appropriate academic administrator. Grade changes are not permitted after the award of a degree or certificate except for legitimate grade changes within the allotted grade appeal time period (visit the Retroactive Grade Changes section).
Retroactive Grade Changes
Under certain circumstances, a grade may be changed retroactively. A retroactive grade change affects:

- The TGPA, SGPA and CGPA for the session and semester in which the course was taken.
- The CGPA for each session and semester after the course was taken.
- Academic standing for the most recently completed semester only.
- A student’s eligibility for financial aid for the current semester at the point the official academic record is changed.

A retroactive grade change does not affect financial aid awards for semesters that concluded prior to the change to the academic record.

Repeated Courses
A course can be repeated two times only. Thus, a given course can be taken at most three times (i.e., the first attempt of the course and two repeats of the same course). A student may repeat a course once without permission. The third attempt must be approved by the appropriate academic administrator; subsequent attempts are not permitted (visit the Standards of Academic Progress section).

If a course is repeated, the highest grade earned is used for computing the CGPA. Withdrawal from a course being repeated does not affect the CGPA.

Instead of repeating an elective course, students may substitute another elective course they’ve successfully completed that has not yet been applied toward meeting a requirement in their academic program. The grade for the substituted elective course is used for computing the GPAs. All grades from all courses taken are listed on transcripts.

If the repeated course has previously been completed with a D or higher, the course can only be taken one additional time and be counted toward the student’s enrollment status for federal financial aid purposes. Subsequent attempts will not be counted towards the student’s enrollment status and may result in a reduction of financial aid awards.

Prior to registering for a course previously attempted, students should contact their student support advisor to determine how their financial assistance may be affected.

Academic and Professional Conduct
Students have a responsibility to maintain both the academic and professional integrity of the University, and to meet the highest standards of academic and professional conduct. Students are expected to do their own work on exams, class preparation and assignments, and to conduct themselves professionally when interacting with fellow students, faculty and staff. Students must also make equitable contributions to both the quality and quantity of work performed on group projects.

Academic and/or professional misconduct is subject to disciplinary action, including being placed on financial aid probation (academic probation), failing a graded course component, failing a course or being suspended or permanently expelled. Student academic misconduct includes, but is not limited to:
• Exams/quizzes – using unauthorized notes, looking at classmates’ test papers or providing others with answers during exams/quizzes (including online exams/quizzes)
• Course assignments/projects – collaborating with others on assignments intended to be completed independently or submitting another student’s work as one’s own
• Research reports – plagiarizing (using others’ ideas, words, expressions or findings without acknowledging the source)
• Online coursework – submitting work or threaded discussions under false pretenses or not in conformance with professor or DeVry authorship policies

Professional misconduct includes, but is not limited to, displaying disruptive behavior; using offensive language during class participation or in electronic communication to faculty, staff and/or other students; bribing or threatening faculty, staff and/or other students; falsifying student records; attempting to improperly influence professors or University officials; and willfully or recklessly transferring computer viruses.

Standards of Academic Progress Terminology
The U.S. Department of Education requires schools participating in federal student aid (FSA) programs to use the terms “financial aid warning” and “financial aid probation” when indicating students’ academic standing. These terms are used to indicate the academic standing of all students, including those not using FSA funds.

Criteria for determining financial aid warning and academic warning are identical; criteria for determining financial aid probation and academic probation are identical.

Standards of Academic Progress
Students must demonstrate satisfactory academic progress toward completing their academic programs by meeting the University’s established standards of academic progress in each of five specific measurable areas:

• Grade point averages
• Successful completion of required prerequisite skills coursework
• Course repeats
• Maximum coursework allowed
• Pace of progress toward graduation, including withdrawal from all courses

The grade point average and pace calculations used to determine academic standing are based on all graduate-level courses the student completes. The calculation for maximum coursework allowed is based on the required credit hours of the student’s primary program. All areas of academic progress are evaluated at the end of each student’s semester/student-centric period, and academic standing is assigned according to the evaluation. A summary of academic progress standards follows. Students should consult their student support advisor for policy details.

Requirements for Students Starting the Semester in Good Standing
New students and all other students who start the semester in good standing are subject to requirements noted below.
**Grade Point Averages**
To remain in good academic standing, a student must maintain a CGPA of 2.50-3.00 or higher. A student is required to maintain certain established CGPA increments (i.e., 2.50-3.00) based on the number of credit hours attempted as shown in the table below.

<table>
<thead>
<tr>
<th>Attempted Semester Credit Hours</th>
<th>Minimum Acceptable CGPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-9</td>
<td>2.50</td>
</tr>
<tr>
<td>10-15</td>
<td>2.65</td>
</tr>
<tr>
<td>16-27</td>
<td>2.80</td>
</tr>
<tr>
<td>28+</td>
<td>3.00</td>
</tr>
</tbody>
</table>

If at the end of the semester the CGPA is below the required increment, the student is placed on financial aid warning (academic warning) for one semester. All references to CGPA requirements refer to this progressive scale. To graduate, a student must earn a 3.00 CGPA.

**Successful Completion of Required Prerequisite Skills Coursework**
To remain in good academic standing, a student must successfully complete all required prerequisite skills coursework attempted. A student who attempts a prerequisite skills course and does not pass the course is placed on financial aid warning (academic warning). A student who attempts the same prerequisite skills course twice in one semester and does not pass the course is dismissed. Required prerequisite skills coursework may affect program length and cost.

**Course Repeats**: To remain in good academic standing, a student must successfully complete all courses by the second attempt. A student who attempts a course a second time and at the end of the semester does not pass the course is placed on financial aid warning (academic warning). A student who attempts a course a third time and at the end of the semester does not pass the course is dismissed. Course repeats may affect program length and cost.

**Maximum Coursework Allowed**
To remain in good academic standing, a student may attempt no more than 1.5 times the number of credit hours in the current program. A student who exceeds this maximum and has not graduated is dismissed.

**Pace of Progress Toward Graduation, Including Withdrawal from All Courses**
To remain in good academic standing, a student must earn credit toward graduation at a pace (rate of progress) that ensures successful program completion within the maximum coursework allowance. In addition, at least one course must be completed during the semester. The pace of progress is the ratio of credit hours passed to credit hours attempted. Attempted semester credit hours include all enrolled courses and withdrawals as well as transfer and proficiency credit. Pace is measured using a specific percentage established for incremental ranges of attempted credit hours. A student must ultimately pass at least 67 percent of attempted credit hours. A student who fails to maintain the minimum pace and has not graduated is placed on financial aid warning (academic warning). In addition, if the student withdraws from all courses during the semester, the student is placed on financial aid warning (academic warning).

Students starting the semester in good standing who do not meet all requirements are placed on financial aid warning (academic warning) or dismissed, as noted above. Students placed on financial aid warning (academic warning) may continue their studies for one semester without
an appeal. However, these students should immediately seek academic advising and review all academic requirements carefully.

Students dismissed for failing to meet standards of academic progress may submit an academic appeal and may not continue their studies unless the appeal is approved (visit the Academic Appeal section).

Students with approved appeals are placed on financial aid probation (academic probation) and must follow a predetermined academic plan.

**Requirements for Students Starting the Semester on Financial Aid Warning (Academic Warning) or Financial Aid Probation (Academic Probation)**

Students who start the semester on financial aid warning (academic warning) or financial aid probation (academic probation) are subject to the general requirements noted below.

**Students on Financial Aid Warning (Academic Warning)**

At the end of a financial aid warning (academic warning) semester, the student a) returns to good standing or b) is dismissed.

a) At the end of a financial aid warning (academic warning) semester, the student returns to good standing if *all* of the following occurred:

- The student’s CGPA was at least the required increment (i.e., 2.50-3.00) or the student had never completed a GPA course.
- The student passed all prerequisite skills courses attempted during the semester.
- The student passed all courses attempted a second or subsequent time.
- The student did not exceed the maximum coursework allowance.
- The student met pace of progress standards, including completion of at least one course during the semester.

b) A student who does not return to good standing is dismissed.

**Students on Financial Aid Probation (Academic Probation)**

At the end of a probationary semester, the student a) returns to good standing, b) remains on financial aid probation (academic probation) for one additional semester according to the predetermined academic plan or c) is dismissed.

a) At the end of a probationary semester, the student returns to good standing if *all* of the following occurred:

- The student’s CGPA was at least the required increment (i.e., 2.50-3.00) or the student had never completed a GPA course.
- The student passed all prerequisite skills courses attempted during the semester.
- The student passed all courses attempted a second or subsequent time.
- The student did not exceed the maximum coursework allowance.
- The student met pace of progress standards, including completion of at least one course during the semester.
b) At the end of the probationary semester, a student who does not return to good standing remains on financial aid probation (academic probation) for one additional semester according to the predetermined academic plan if all of the following occurred during the semester:

- The student’s CGPA was at least the required increment (i.e., 2.50-3.00) or the student had never completed a GPA course; or the CGPA was less than the required increment (i.e., 2.50-3.00) and the SGPA was at least 3.00.
- The student passed all courses attempted.
- The student did not exceed the maximum coursework allowance; or the student exceeded the maximum coursework allowance, and the semester pace was at least 67 percent.
- The student maintained the required pace of progress; or the student did not maintain the required pace of progress, and the semester pace was at least 67 percent.
- The student completed at least one course.

At the end of the additional probationary semester, the student returns to good standing if all of the following occurred:

- The student’s CGPA was at least the required increment (i.e., 2.50-3.00) or the student had never completed a GPA course.
- The student passed all prerequisite skills courses attempted during the semester.
- The student passed all courses attempted a second or subsequent time.
- The student did not exceed the maximum coursework allowance.
- The student met pace of progress standards, including completion of at least one course during the semester.

Otherwise, the student is dismissed.

c) A student who does not meet requirements for returning to good standing, or for continuing for an additional semester on financial aid probation (academic probation), is dismissed.

**Academic Appeal**

Students who have been dismissed for failing to meet standards of academic progress may appeal the dismissal by submitting an Academic Dismissal Appeal form to the appropriate academic administrator prior to the established deadline. A student who is dismissed for failure to pass the third attempt of a course may not appeal to request a fourth or subsequent course attempt. Students should contact a student support advisor for more information. Students may appeal their academic standing a total of four times in their current degree program. Those with approval to change programs have their total number of appeals reset to zero.

Appeals must explain the verifiable mitigating circumstances that contributed to poor academic performance, show how the circumstances have been overcome, and present a realistic plan for meeting requirements to return to good standing. Supporting documentation may be submitted to further explain the cause and progress toward resolution of your mitigating circumstances(s). If no supporting documentation is provided, you may be contacted to provide such documentation which could delay the review of your appeal.

Students must submit an academic appeal no later than Tuesday of week 2 of the session following their semester/student-centric period for which the student is being evaluated for academic progress. However, students who do not submit an appeal within four days of the date of the dismissal notification will be dropped from courses in the session following the
semester being evaluated for academic progress as well as any future sessions for which the student is registered. Therefore, students are strongly encouraged to submit an appeal within four days of the date of the dismissal notification. Students who submit an appeal after being dropped from courses may not be able to reregister, which can result in at least one-session of interrupted studies.

A student informed of the dismissal after beginning the session immediately following the dismissal may remain enrolled while the appeal is processed by the appropriate academic administrator, as long as the student submits the appeal within four days of the date of dismissal notification. A student continuing in a course or courses while the appeal is processed and whose appeal is subsequently denied may not continue and is administratively dropped from class or classes. A student not currently enrolled whose appeal is approved may enroll for the current semester, provided the registration deadline has not passed, and is subject to financial aid probation (academic probation) conditions in Requirements for Students Starting the Semester on Financial Aid Warning (Academic Warning) or Financial Aid Probation (Academic Probation). Failure to meet specified conditions results in a second dismissal. Additional appeals are denied unless students have new or extraordinary verifiable mitigating circumstances. Fourth appeals must be submitted to a national college dean or designee. Students who fail to return to good standing after submitting a fourth appeal are dismissed and precluded from registering; however, they may reapply for admission after one year.

If an appeal is not submitted within six sessions after dismissal, the student must request readmission through standard admission procedures as well as submit an appeal to the appropriate academic administrator. The total number of appeals is reset to zero for students whose appeals associated with readmission are approved.

Academic administrators’ and national college deans’/designees’ decisions to deny appeals are final and cannot be appealed.

**Academic Program Transfer During Financial Aid Warning (Academic Warning)/Financial Aid Probation (Academic Probation)/Dismissal**

Students transferring to a different academic program maintain their current academic standing.

A student on financial aid warning (academic warning) or financial aid probation (academic probation) who transfers to a different academic program enters the new program and continues under this status.

A student who has been dismissed and wishes to enroll in another academic program must appeal to the academic administrator of the intended program. If the appeal is approved, the student must meet financial aid probation (academic probation) conditions in Requirements for Students Starting the Semester on Financial Aid Warning (Academic Warning) or Financial Aid Probation (Academic Probation).

Academic standing for a student who transferred to a different academic program but then returns to the original academic program is based on performance in all enrolled semesters and on all DeVry University graduate-level coursework.
Additional Academic Progress Information for Students Receiving Veterans Education Benefits

Students are placed on academic warning for failure to meet minimum CGPA, pace of progress toward graduation and other minimum requirements outlined in the Standards of Academic Progress section. Students on academic warning are eligible to receive veterans education benefits for their academic warning semester. If at the end of the academic warning semester such students do not return to good standing, they are dismissed and have their enrollment certifications terminated for unsatisfactory progress. Students who are dismissed for failing to meet standards of academic progress may appeal. Students may not continue their studies unless the appeal is approved.

Those with approved appeals are placed on financial aid probation (academic probation) and must follow a predetermined academic plan, visit the Requirements for Students Starting the Semester on Financial Aid Warning (Academic Warning) or Financial Aid Probation (Academic Probation) section. Students who do not successfully appeal their dismissals are dismissed and have their enrollment certifications terminated for unsatisfactory progress. The VA is notified of such dismissals.

Veteran students must notify the appropriate academic administrator/student support advisor immediately upon withdrawal from school or from a course. For students receiving veterans education benefits, DeVry notifies the VA of changes in student status within 30 days of the official last date of attendance.

Registration

Registration is the process of enrolling in and paying for a course. Students are strongly encouraged to self-register online at https://learn.keller.edu/home prior to the start of the session, or they may contact their student support advisor to complete the registration process. Student Central colleagues may register students prior to the start of the session and through week 1.

Students must submit official academic transcripts of their baccalaureate or advanced degree by the end of their second session of enrollment. Students who do not meet this deadline are dropped from all courses in which they are enrolled for future sessions. Until official transcripts are received, such students may not enroll.

Students whose DeVry University accounts are past due may not be permitted to register until their accounts are current or until they have made satisfactory payment arrangements.

Students should note that registration for online capstone courses closes Friday of week 7 of the prior session. In addition, registration for online exam preparation courses (ACCT591-ACCT594) closes two weeks prior to the course start date.

Students can request to add or drop a course through Sunday of week 1.

Self-Registration

Self-registration is the process of accessing the student information system and registering for a course or courses and/or dropping a course or courses. Students can self-register via https://learn.keller.edu/home. Students may not drop all courses for the session via self-registration. Students who need registration assistance should contact a student support advisor.
Enrollment in Capstone Courses
Each Keller master’s degree program culminates in a capstone course in which students draw on knowledge and experience gained in their program. Students generally enroll in their capstone course in their final session but may enroll in the capstone course prior to the final session with permission from the appropriate academic administrator. To benefit fully from the capstone course, students are encouraged to successfully complete all core courses prior to taking the capstone.

Additional Registration Requirements for International Students
Certain international students may be required to provide a statement of financial support or a sponsor letter indicating that tuition will be paid in advance of each semester and that a sponsor will provide all necessary living expenses for the international student. (Form I-134 may be used.) Most international students cannot receive U.S. federal financial assistance, nor can they work legally in the United States without appropriate permission.

Course Schedules
Course schedules are posted at https://learn.keller.edu/home. Courses not appearing on the schedule may be offered at students’ request provided demand is sufficient and a qualified professor is available. Students have the ability to register for up to five sessions at a time.

Students should note that to accurately reflect current course material, course titles change periodically, though course code numbers (e.g., MGMT530) remain the same. Although a course with a given code number may be retaken, credit for a course with that code number can be granted only once.

Students are encouraged to seek academic advising regarding their program, courses or schedules.

Course Loads
Students in good standing may register for as many as six semester-credit hours per session. Students may not register for more than the allowed semester-credit hours. Students whose academic histories indicate academic difficulties may be required to take a reduced academic load.

Class Hours
Students with onsite class schedules attend class one weekday evening or on Saturday. Evening classes meet 6 pm to 9:30 pm or 6:30 pm to 10 pm. Saturday classes meet either 8:30 am to noon, 9 am to 12:30 pm, or 1 pm to 4:30 pm. In addition, students are required to participate in professor-guided online activities. Course syllabi for students attending onsite show both onsite and online time commitments.

Online courses are accessible 24 hours a day, seven days a week, during the eight-week session.

Course Cancellation
Every effort is made to deliver all courses included on the published course schedule. However, occasionally a course is cancelled because of insufficient enrollment or other unforeseen circumstances.
Withdrawals
Students may withdraw from a course by making a formal request. Withdrawal requests must be communicated to a student support advisor or to an appropriate academic administrator, verbally, by email or by submitting a request through the student portal. Students who inquire about a withdrawal are contacted to confirm their intention to withdraw. Students inquiring about withdrawing who cannot be reached, or who do not respond, regarding their inquiry are withdrawn from their course if they have not academically engaged in the course in accordance with the academic engagement policy (visit the Academic Engagement section). In addition, withdrawal requests for students who attend a blended or onsite course, or who participate in an online course, after submitting and/or confirming a withdrawal request are considered to have revoked their withdrawal request.

Students withdrawn from all courses because of lack of academic engagement are dropped from courses in which they are enrolled for future sessions.

The designator of W appears on the transcript of a student who formally withdraws from an individual course as well as on the transcript of a student who withdraws from all courses.

The withdrawal deadline is 11:59 pm MT on Friday of week 7. Withdrawal is not allowed after this time.

Visit the Withdrawals – Financial section for financial policies regarding withdrawals.

Military Withdrawal
Active Duty, Reserve and National Guard students deployed or participating in required training for more than 14 consecutive days are granted special consideration.

The student or designated officer in the student’s chain of command must notify the student’s student support advisor or registrar of a deployment situation that would require special consideration. For additional information, contact a student support. A brief overview of the DeVry University Military Deployment policy is available at www.devry.edu/d/military-deployment-policy.pdf.

Resumption of Study
Students who resume after an interruption of studies should note that course availability may vary by session. Because program requirements may change periodically, an academic administrator will assess resuming students’ academic records to determine whether an alternate plan of study is required. Alternate plans may result in additional coursework requirements and financial obligations. Students with an outstanding balance on their DeVry student account are not permitted to resume.

Readmission
Students who were not enrolled within the previous six DeVry University sessions (visit the DeVry University Semesters and Sessions section) must apply for readmission. If these students’ five-year time limitations have expired (visit the Time Limitations section), or if they were academically dismissed, they must follow procedures appropriate to those conditions in addition to following standard readmission procedures. Students should reapply at least six weeks prior to the intended class start date.
A person seeking readmission must:

- Complete and submit an application for admission. The application fee is waived for these individuals.
- Complete an interview with an admissions advisor/representative.
- Meet all admission requirements in effect at the time of readmission.

**Time Limitations**

Students are allowed up to five years from the date of initial enrollment to complete their degree requirements. Under certain circumstances, the time limit may be extended upon petition to the appropriate academic administrator.

Students resuming their studies after an extended interruption are strongly encouraged to obtain academic advising.

**Credit Hours**

Keller follows the federal credit hour definition: one hour (i.e., 50 minutes) of classroom or direct faculty/qualified instructor instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks (i.e., 45 hours of learning activities).

At Keller, a credit hour is defined as the learning that takes place in at least 45 hours of learning activities, which include time in class meetings that are in person or online, laboratories, examinations, presentations, tutorials, preparation, reading, studying, hands-on experiences, simulations, case studies and other learning activities; or a demonstration by the student of learning equivalent to the established student outcomes.

**Pursuit of Specializations**

Students must declare all specializations (concentrations and emphases) they intend to pursue. Students who wish to change or add a specialization may request to do so at any time; however, they are encouraged to submit a request for such as soon as possible. In general, requests received by Sunday of the first week of the session are effective that session. Specialization changes/additions are not applicable to sessions already completed. Successful completion of specializations is noted on transcripts of students who declare such. Specializations are not shown on diplomas. All declared specializations must be completed prior to degree conferral.

Prior to graduation, students with declared specializations who subsequently wish to complete their degree program without fulfilling requirements for all declared specializations must request removal, from their student records, of the specialization(s) they no longer wish to pursue.

A course required for one concentration/emphasis (specialization) may be applied to requirements for multiple specializations provided the course is required for each subsequent specialization. Specialization limits apply as follows:

**General Graduation Requirements**

In addition to fulfilling the residency and course requirements for their specific programs, all students must:

- Achieve a cumulative grade point average of 3.00 or higher.
- Successfully complete all required prerequisite skills courses with grades of B (3.00) or better. Required prerequisite skills coursework may affect program length and cost.
- Ensure that the registrar receives an official transcript validating completion of a baccalaureate degree from a University-recognized postsecondary institution.

Graduation is not permitted if students have missing grades or if the best recorded grade for a required course is F, or the designator is I, U or W. Grade changes are not permitted after the degree has been awarded. Certain exceptions apply; contact a student support advisor for more information.

Students must have all graduation requirements fulfilled by Tuesday of week two of the session immediately following the session in which they completed their final course requirements. The deadline for meeting certain requirements may be earlier. Requirements include – but are not limited to – ensuring that transcripts for transfer credit have been received by the University; resolving Incompletes and other outstanding grade issues; and confirming that approved graduate course substitutions have been applied. Students who fail to meet the graduation requirements deadline are awarded their degrees in the session in which any outstanding requirements are met.

Graduation with distinction is awarded to students completing their degree programs with cumulative GPAs of 3.70 or higher.

**Graduation Requirements – Students Pursuing Multiple Degree Programs**

Students opting to pursue multiple degrees must meet all course requirements for each degree as well as the semester-credit-hour residency requirement outlined in the Multiple Degree Programs section.

**University Suspension or Expulsion**

Code of conduct violations can result in university suspension and expulsion.

Students suspended for a defined period of time are eligible to graduate once their suspension has been lifted and all graduation requirements have been fulfilled. Those expelled from the University are not eligible to graduate.

**Graduation Notification**

Students who have begun their final session of coursework for program completion must submit a Graduation Notification form to their student support advisor to request that a diploma be ordered. Diplomas are mailed after all graduation requirements have been met. Students should note that the degree awarded is indicated on diplomas and transcripts; however, concentrations and emphases are indicated on transcripts only.

**Commencement Ceremonies**

Graduation ceremonies may take place in person, via live stream, or through a combination of in-person and online ceremonies. Degree-seeking students may participate in commencement prior to satisfying all graduation requirements provided no more than two sessions are needed.
to fulfill program requirements. Students completing graduate certificates only may not participate in commencement.

Specific dates and details about commencement ceremonies are available from a student support advisor or by emailing DeVry.CommencementQuestions@devry.edu.

Note: To graduate officially, students must satisfy all academic program requirements. Participation in commencement ceremonies neither guarantees nor indicates program completion.
Financial Information

Student Costs, Payment Options and Financial Assistance

Tuition
Tuition charges are calculated each session per credit hours enrolled. Matriculating and nonmatriculating students are charged $776\(^1\) per credit hour. Total program costs for students enrolling in the July 2023 through May 2024 sessions are shown in the tuition tables. A $30 application fee must accompany the application.

DeVry University reserves the right to change tuition rates at any time; increases are announced within a reasonable timeframe of at least 30 days before the beginning of the effective term. Tuition is not increased more than once per calendar year for Oregon residents.

Students must complete registration and make payment arrangements no later than the end of week 1 of the session. Tuition and appropriate fees must be submitted by the beginning of the session in which students intend to complete the course. Payment may be made by check, credit card or third-party financing, including financial aid.

Students are responsible for all tuition and fees regardless of loan arrangements, company billing arrangements or tuition reimbursement programs.

\(^1\) Fixed Tuition Promise students, and students who enrolled prior to May 2020, follow the tuition rate of their catalog of enrollment. TechPath students remain at the current prevailing rate.

3 The Student Tuition Recovery Fund (STRF) is a nonrefundable California state-imposed assessment. The University collects the fee from students and remits it on behalf of California residents enrolled at DeVry University and students enrolled at a DeVry University location in California.

4 Includes course resource fee estimated at $60 per course and one-time-per-enrollment Learning Management System (LMS) access fee of $400.

5 At current tuition rates and credit hours shown; includes $30 application fee, average estimated course resource fee, LMS access fee and average estimated textbook and materials expense; does not include STRF assessment (visit footnote 3).
Expenses
Note: The University reserves the right to change fees at any time without notice. DeVry receives administrative and service fees from its graduation regalia supplier and uses these fees to cover student activities costs, including graduation expenses. DeVry also receives administrative and service fees from textbook suppliers and bookstore operations and uses these fees to cover expenses associated with selecting and ordering textbooks and e-learning materials. Fees are not increased more than once per calendar year for Oregon residents.

Course Resource
A required nonrefundable fee of $60 per course is charged to matriculating and nonmatriculating students to cover expenses associated with tutorials, simulations, study guides, electronic book hosting and access to online library technologies. This fee is refunded in accordance with state requirements, if applicable.

Learning Management System Access
New and readmitted matriculating and nonmatriculating students are charged a one-time-per-enrollment Learning Management System (LMS) access fee of $400. This fee is refunded for students who withdraw from all courses during the session in which the LMS fee was assessed. In such cases, the LMS fee is assessed the next session in which the student registers.

Through the LMS, students can easily access course materials, complete assignments, and collaborate with faculty and classmates.

Nonsufficient Funds Check
Because returned checks create administrative costs, a $10 fee is added to students' balances for each returned check. Students with three or more such occurrences must pay their tuition with either a money order or a cashier’s check and are not eligible for subsequent tuition deferrals.

Official Transcript Request
An electronic transcript is sent to students automatically, at no charge, upon graduation. Students and alumni are charged $6 for each electronic transcript and $8 for each paper transcript. Students must submit requests for official transcripts via the student portal.

Parking
To park in parking lots at some DeVry locations, students may be charged a nonrefundable fee not to exceed $60 per vehicle, per session. Students should contact Student Central for details. Vehicles not authorized for parking may be towed.

Student Tuition Recovery Fund
The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if you are not a California resident, or are not enrolled in a residency program.
It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, CA 95834, 916.574.8900 or 888.370.7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

**Textbooks and Supplies**
Costs for electronic and hard-copy textbooks vary by program and course for matriculating and nonmatriculating students. Course syllabi outline required materials, and students’ billing statements show associated costs.

Most courses require electronic textbooks (e-books); some courses require hard-copy textbooks. Using the specified textbook(s) is integral to successful course completion.

Costs for all textbooks are subject to change based on publishers’ prices.
Students enrolled in courses in which an e-book is used are charged $40 for the e-book. Students enrolled in a course using multiple e-books are charged only one $40 fee. The e-book fee is generally nonrefundable.

Students enrolled in courses using nonrequired e-books may decline the e-book provided by Keller and can request a credit of $40 for the e-book fee. Students must request such credit for each course by the end of week 1 of the session and can do so at https://bookstore.devry.edu. Students who order a print textbook, or who otherwise print the e-book, are not eligible for the $40 e-book fee credit.

Students can purchase textbooks (hard-copy or electronic) from an outside source but must purchase those specified by the University.

Black and white, soft-cover printed versions of certain electronic textbooks may be available at an additional cost. These optional printed e-books are equivalent to textbooks. More information is available from the bookstore, at https://bookstore.devry.edu.

**Failure to Fulfill Financial Obligations**

Enrollment for a subsequent term may be denied to students who fail to fulfill their financial obligations. Students may be dismissed for failing to pay tuition, federal student loans or other charges. Career services assistance may also be withheld. In all cases, students remain responsible for tuition and other charges incurred, in accordance with DeVry University’s refund policy.

**F-1 Student Tuition Deposits, Payments and Transfer-Out Fees**

F-1 students do not qualify for Title IV funding (financial aid) and are therefore classified as full-cash students. It is students’ responsibility to ensure all financial obligations are met prior to the start of every session. F-1 students should contact their Designated School Official or location contact if they have questions related to tuition payments.

**Tuition Deposit F-1 Initial I-20 Applicants**

A refundable tuition deposit equivalent to the cost of six semester-credit hours charged at the current standard tuition rate is required from F-1 Initial I-20 applicants prior to entering their first semester at the University. The deposit is due after an applicant’s F-1 visa has been approved by the U.S. consulate or embassy abroad and prior to the applicant’s entry into the United States. The tuition deposit is applied to tuition charged for the student’s first semester and refunded (less fees) if the applicant subsequently cancels enrollment. Regarding tuition payments:

- **F-1 Transfer and Change of Status I-20 Applicants**: A tuition payment equivalent to the cost of 3 credit hours for the session, charged at the current standard tuition rate, is required from F-1 Transfer and Change of Status I-20 applicants. This payment is due prior to the start of their first session and is required before registering for classes.

- **F-1 Continuing Students**: Payments for tuition and fees must be made by Friday of week 8, prior to the start of a new session. No exceptions are made. Future balances must be paid in full for the upcoming session for which the F-1 student is enrolled.

Note: Failure to make full payment prior to the start of a session makes F-1 applicants/students ineligible for enrollment in that particular session. Failure to enroll in classes causes applicants/students to fall out of status and may result in termination of their **Student and Exchange Visitor Information System** (SEVIS) record.
Transfer-Out Fee for F-1 Students
Beginning at the time Form I-20 is issued, F-1 students seeking to transfer from DeVry University to another SEVP-certified institution prior to completing their program are charged a **$250 administrative fee**. DeVry University is responsible for overseeing the SEVIS record, which must be transferred when students change schools. The administrative fee applies to students seeking external transfer only. The fee does not apply to students seeking transfer to a different DeVry University location.

Payment Options
Students’ full account balance is due at the beginning of each session.

Though students may pay their full account balance in one payment, they may take advantage of one of the deferred payment plans outlined below. Such students must submit a completed payment plan agreement. A new agreement is required should students wish to change plans.

Standard Plan
The Standard Plan provides a monthly payment plan option to help students pay for tuition, books and required electronic materials. This plan is developed using students’ expected enrollment and financial assistance. Students can self-enroll in this payment plan after tuition has posted for the session and before the first bill is generated. The first monthly installment is due 22 days after the first bill is generated. Students using the Standard Plan must pay their balances off by the end of the applicable eight-week session.

Deferred Plan
Available to students using employer tuition reimbursement, and whose employers submit a tuition-reimbursement statement on students’ behalf, the Deferred Plan enables tuition and fees to be deferred until Thursday of week 5 of the subsequent session.

Direct Bill Plan
Available to students for whom an employer or third party (e.g., state, VA, etc.) will be paying DeVry directly for tuition and fees, the Direct Bill Plan allows the employer or third party to delay full payment of tuition and fees until Friday of week 7 of the third subsequent session.

Students using a third-party form of payment (e.g., Chapter 33 Post 9/11 GI Bill®2, Chapter 31 Veteran Readiness and Employment, state workforce programming, employer tuition coverage, etc.) will not be penalized by holds, interest or late fees while payment for the students’ covered balance is pending receipt by the institution.

To enroll in the Direct Bill Plan students must submit documentation of eligibility for the direct billing arrangement offered by their company or the third party. Acceptable documentation includes a:

- Certificate of Eligibility for entitlement to educational assistance under Chapters 33 or 31, or
- “Statement of Benefits” obtained from the Department of Veterans Affairs’ website, www.va.gov, or
- VA Form 28-1905 for Chapter 31 authorization, or
- Completed Corporate Education Program form for all other third-party methods.

2 GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at [www.benefits.va.gov/gibill](http://www.benefits.va.gov/gibill).
Enrollment in this payment plan does not eliminate students’ responsibility to ensure tuition is paid by the due date (Friday of week 7 of the third subsequent session – 180 days) whether they are in active or inactive enrollment status.

**Veterans Benefits and Transition Act**
As part of the Veterans Benefits and Transition Act of 2018, section 3679 of title 38, effective August 1, 2019, and the Colonel John M. McHugh Tuition Fairness for Survivors Act of 2021, section 3679 of title 38, effective August 1, 2022, any DeVry University students using Chapter 33 Post 9/11 GI Bill®3or Chapter 31 Veteran Readiness and Employment will not be penalized by holds, interest or late fees while the VA Education Benefit payment is pending receipt for at least 90 days from the date tuition and fees were certified by the institution. DeVry University will not impose any penalty, including denial of access to classes, libraries or other institutional facilities, or the requirement that a covered individual borrow additional funds.

DeVry University also recommends that veterans education benefit recipients notify a student support advisor as soon as they become aware of a delay in anticipated payment.

**Tuition Benefit Programs**
Note: Students may participate in one DeVry University-based scholarship, grant or group pricing program only. If students qualify for more than one such program, the one most beneficial is awarded. Prior to starting classes at Keller, students who qualify for and prefer a different scholarship, grant or group pricing program must confirm, in writing, the alternate program in which they wish to participate. In rare cases, grant or group tuition pricing programs are combinable. Students are made aware of such opportunities by their admissions advisor/representative or student support advisor.

**Alumni Tuition Benefit**
The University offers alumni who hold a bachelor's degree or higher from DeVry University, including Keller, the opportunity to pursue graduate-level coursework at a tuition savings of 20 percent off the prevailing tuition rate. This tuition savings is available to new matriculating and nonmatriculating students who meet eligibility qualifications, subject to approval.

The application fee is waived for these individuals; textbooks, course materials and other fees are charged at the standard rate. Additional information is available from admissions advisors/representatives.

Alumni who wish to enroll in undergraduate coursework should review the separate benefit conditions listed in the undergraduate catalog. More information is available from student support advisors.

**Military Tuition Rate**
Military personnel serving in any of the five branches of the U.S. Armed Forces (including National Guard and Reserves), and their spouses, are eligible for DeVry University’s military pricing of $575 per semester-credit hour. The per-semester-credit-hour charge for ACCT591-ACCT594 is $443.

---

3 GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at [www.benefits.va.gov/gibill](http://www.benefits.va.gov/gibill).
The application fee is waived for these individuals; textbook and other fees are charged at the standard rate. Additional information is available from the University’s admissions advisors/representatives.

DeVry University Scholarships and Grants
Note: Students may participate in one DeVry University-based scholarship, grant or group pricing program only. If students qualify for more than one such program, the one most beneficial is awarded. Prior to starting classes at Keller, students who qualify for and prefer a different scholarship, grant or group pricing program must confirm, in writing, the alternate program in which they wish to participate. In rare cases, grant or group tuition pricing programs are combinable. Students are made aware of such opportunities by their admissions advisor/representative or student support advisor. Scholarship and grant availability is limited. Additional conditions may apply. Eligibility conditions are subject to change. Total amount of scholarship and grant money awarded may vary.

Applicants may apply for scholarships and grants during the admissions process and should work with their admissions advisor/representative to do so.

Learn more by visiting the University’s scholarships and grants web page.

Basic Scholarship and Grant Eligibility
To qualify for a Keller scholarship or grant, students must have met Keller entrance requirements and applied for admission. They must also meet criteria outlined for each scholarship or grant award. Additional criteria may also need to be met.

General Scholarship and Grant Policies
- Recipients are responsible for all education expenses except tuition.
- Applications for scholarships or grants must be received prior to the start of classes. Award recipients who do not start in the intended term specified on their admissions application have one subsequent term to start classes and use the award. (Restrictions may apply.) Recipients who do not start within two terms have their award expired and must reapply for offerings available at the time of actual enrollment.
- Scholarship and grant recipients are expected to meet certain continuing eligibility criteria and progress in a timely manner toward completing their programs. To retain scholarship or grant eligibility, recipients must remain in good academic standing and meet additional conditions outlined in the terms and conditions document sent to award recipients.
- To qualify for scholarship or grant funds, students must maintain continuous enrollment on a session basis. A scholarship recipient’s term begins at the start of their enrollment and continues for six consecutive sessions. Students must enroll in at least one course per session in four of the six sessions during their scholarship period.
- Recipients must acknowledge receipt of the terms and conditions document pertaining to their specific scholarship or grant award. Disbursement of funds may be withheld until receipt of this document is acknowledged in writing and returned by recipients.
- DeVry University and Keller Graduate School of Management alumni are not eligible for DeVry scholarships and grants.

Veterans Benefits
Approval to offer veterans education benefits is granted by appropriate state agencies and is based on operational time requirements for programs and sites.
Many locations/programs are approved for veterans benefits. Students should check with the University’s designated veterans point of contact to see if their location/program is approved. The University also participates in the federal Yellow Ribbon program for students using Chapter 33 benefits.

In addition to meeting DeVry’s standards of academic progress requirements, students receiving veterans education benefits must meet Veterans Administration standards of academic progress requirements (visit the Additional Standards of Academic Progress Information for Students Receiving Veterans Education Benefits section). Failure to do so may result in loss of benefit eligibility until deficiencies are corrected. Questions regarding these requirements should be directed to the University’s designated veterans point of contact.

Visit the Transfer Credit – Veterans section and the Standards of Academic Progress section for more information.

Financial Aid
Federal Direct Unsubsidized Loan and Federal Direct PLUS loan money is available to students through the Federal Direct Loan Program. These loans are made by the U.S. Department of Education, rather than by banks or other financial institutions, and are insured by the federal government.

For graduate students, Direct Unsubsidized Loans first disbursed on or after July 1, 2023, through June 30, 2024, have a fixed interest rate of 7.05 percent. These loans also have an origination fee that is subtracted from the value of each loan disbursement. For Federal Direct Loans first disbursed between October 1, 2020, and September 30, 2024, the origination fee is 1.057 percent. Additional information on interest rates and fees for Federal Direct Loans is available via https://studentaid.gov/understand-aid/types/loans/interest-rates.

To be considered for a Federal Direct Loan, students must be enrolled at least half time. Students enrolled in programs at the graduate and/or professional level may receive unsubsidized loans through the Federal Direct Loan program only. Eligibility for the Federal Direct Unsubsidized Loan is not based on need. However, the federal government does not pay the interest during school attendance or during the six-month grace period (first six months after leaving school or dropping below half time). Students may pay the interest while completing their program or allow it to accumulate and be added to the outstanding principal, thereby increasing the amount to be repaid. Students may borrow up to $20,500, but the amount borrowed may not exceed the cost of attendance minus other aid per academic year.

The maximum aggregate student loan debt for undergraduate and graduate loans from all Federal Family Education Loan Program (FFELP) and/or Direct Loans may not exceed $138,500 (subsidized and unsubsidized combined). Total subsidized loans may not exceed $65,500.

Students may not be eligible for Federal Direct Loans at the graduate level if they have exceeded undergraduate loan limits. Undergraduate Federal Direct Loan limits may not exceed $23,000 (subsidized) and should not exceed $57,500 (combined subsidized and unsubsidized). Satisfactory repayment of the over award must be made to regain eligibility.

Federal Direct Graduate PLUS loan funds are also available to students through the U.S. Department of Education. To be considered for a Federal Direct PLUS loan, students must be enrolled at least half time. These loans are not based on need and have a fixed interest rate of 8.05 percent for loans first disbursed on or after July 1, 2023. PLUS loans have an origination fee.
that is subtracted from the value of each loan disbursement. For PLUS loans first disbursed between October 1, 2020, and September 30, 2024, the origination fee is 4.228 percent. The federal government does not pay the interest during school attendance. Students may pay the interest while completing their academic program or allow it to accumulate and be added to their outstanding principal. A credit check is completed to establish creditworthiness.

Graduate students may also be eligible for Federal Work-Study (FWS). FWS enables students who demonstrate financial need to earn aid to pay for their education expenses. Students earn at least the current hourly minimum wage by working at the University, for nonprofit agencies, in jobs in community service or for for-profit businesses. DeVry University helps eligible students locate jobs; certain restrictions apply. FWS earnings are exempt from the subsequent year’s expected family contribution calculations. Students must complete the FAFSA® to be considered for FWS funds.

Eligibility and/or receipt of financial aid does not eliminate students’ responsibility to pay tuition and/or fees by the due date.

Disbursements occur throughout the session, generally beginning Saturday week 1 of classes. Disbursement is based on each student’s account information. More information is available via the Student Finance tab on https://learn.keller.edu/home.

Note: Students who obtain a student loan of any type to pay for an educational program are responsible for repaying the full amount of the loan, plus interest, less the amount of any refund (i.e., return of funds to the loan program). Their degree of success at DeVry University does not change this legal obligation.

**Applying for Financial Aid**

To apply for Federal Direct Loans and/or Federal Direct Graduate PLUS loans, the U.S. Department of Education requires completion of the Free Application for Federal Student Aid (FAFSA®). The FAFSA® provides an independent and consistent method of collecting information to determine student eligibility.

To ease the financial assistance application process, the University supports an Internet-based application process. Applicants can complete the FAFSA® and Federal Direct Loan master promissory note at www.devry.edu/tuition-financial-aid/financial-aid/apply.html, where they follow the application information and links to the “FAFSA on the Web” and “Direct Loan” websites.

The FAFSA® becomes available October 1 each year. Though the application period runs through June 30 the following year, students are encouraged to apply for financial aid every year by the priority deadline, March 1, as funding for certain aid programs is awarded on a first-come, first-served basis and may be exhausted. For specific deadlines for 2023-2024 federal and state aid programs visit studentaid.ed.gov.

Students should complete the 2023-2024 FAFSA® using 2021 income tax information. FAFSA® is a registered trademark of the U.S. Department of Education.

**Eligibility for Financial Aid**

To be eligible for federal financial aid a student must:

- Be enrolled as a degree- or certificate-seeking student.
- Provide an official transcript for University verification.
- Be a U.S. citizen or eligible noncitizen.
• Make satisfactory academic progress toward completing their program.
• Not be in default on a Federal Perkins/NDSL, Federal Direct, Federal Stafford/FFEL, Federal SLS, Income Contingent Loan or Federal PLUS loan received at any institution.
• Not owe a refund on a Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), National Science and Math Access to Retain Talent (SMART) Grant, loan overpayment or State Student Incentive Grant (SSIG) received at any institution.
• Not have exceeded federal loan limits.
• Be registered for the selective service, if required (males born after December 31, 1959).

Students who do not complete coursework (i.e., withdraw during the term) may have their financial aid award reduced, based on federal financial aid regulations.

Retaking previously passed coursework may impact students receiving certain forms of financial assistance. Students who plan to retake a previously passed course should contact a DeVry student support advisor prior to registering for the course to determine if their financial aid will be affected.

Applicants who are incarcerated, and students who become incarcerated, must report this information to a student support advisor immediately.

Financial Aid Information Verification
The federal government requires DeVry University to verify the accuracy of information on certain federal student aid applications. Selected applicants must submit requested documentation before awarded need based aid is disbursed. Students may be required to submit a copy of their prior-year federal income tax documentation and additional household information. Other documents may also be required. If information on any of the documents conflicts with what was reported on the application, students may be required to provide additional information to resolve the conflict. Failure to do so will result in loss or nonreceipt of need based aid.

Financial Aid Applicability to Elective/Alternate Courses
Students receiving financial aid are expected to enroll in courses that meet requirements of their academic program; financial aid eligibility for coursework not applicable to the current program may be limited. Students who wish to replace/substitute a course in their current program must obtain prior approval for a course substitution in order for the course to be financial aid eligible.

Loan Exit Counseling
Federal student aid regulations require all borrowers to complete loan exit counseling for their Federal Direct and/or Federal Perkins Loans. Students must complete loan exit counseling when graduating, leaving the University or enrolling for fewer than three credit hours. Loan exit counseling notifications are provided to all identified students via email.

Financial Delinquency
Students are responsible for all tuition, fees, costs of textbooks and costs associated with collecting on outstanding accounts. Students whose financial accounts are delinquent are not permitted to register for additional courses. Students whose accounts are, or have been, delinquent may be prohibited from participating in certain payment plan options.
Registration – Financial
Students whose DeVry University accounts are past due may not be permitted to register until their accounts are current or until they have made satisfactory payment arrangements.

Statements of Account
Statements of account are available by submitting a written request via https://learn.keller.edu/home, then clicking on the Home tab and then on “Ask Us a Question.” Requests must indicate the session for which the statement is being sought, as well as either a fax number or mailing address to which the statement is to be delivered. Statements are processed within three business days of request. Customized statements of account are not available.

Withdrawals – Financial
Students who withdraw after registering for a course or courses, who are withdrawn for lack of academic engagement, or who are dismissed for disciplinary or academic conduct reasons may be entitled to a tuition refund. Currently enrolled students without an approved appeal whose prior term academic status would have precluded their enrollment are dropped from their course(s), and all payments are refunded.

Per federal financial aid regulations, financial aid awards may be reduced based on withdrawal dates. Tuition refunds are computed independently from financial aid award calculations and return of funds.

All withdrawal requests must be communicated to a student support advisor or an appropriate academic administrator verbally, by email or by submitting a request through the student portal.

Application Fee/Cancellation Policy
Upon completion of the application process, a $30 application fee is due. Applicants may cancel their enrollment without penalty prior to midnight of the 10th business day after the date of transaction or acceptance (cancellation period). Note: California residents may cancel their initial enrollment agreement without penalty or obligation at any time prior to midnight of the 10th business day following this transaction or through attendance at the first class meeting, whichever is later.

After the cancellation period, the application fee is not refunded.

The application fee is waived for:

- Military personnel serving in any of the five branches of the U.S. Armed Forces (including National Guard and Reserves) and their spouses.
- Students currently enrolled in a DeVry University degree program.
- Alumni who hold a DeVry University degree or certificate.

Refund Policy
After classes begin, students who withdraw from a course may be entitled to a tuition refund. Refund policies vary by state, and the most beneficial institutional or applicable state policy is used to calculate tuition refunds. Refunds are paid within 30 days of notification of withdrawal. The refund amount is related to the date of withdrawal as indicated in the chart below, or according to the effective withdrawal date, if required by state law.
DeVry University Refund Policy
At a minimum, refunds are calculated as follows:

<table>
<thead>
<tr>
<th>Week of Withdrawal</th>
<th>Percent Refund of Tuition, Less Administrative Fee*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Week 1</td>
<td>90%</td>
</tr>
<tr>
<td>Week 2</td>
<td>75%</td>
</tr>
<tr>
<td>Week 3</td>
<td>25%</td>
</tr>
<tr>
<td>Weeks 4-8</td>
<td>0%</td>
</tr>
</tbody>
</table>

* The administrative fee is $50 per course.

Alabama Refund Policy
Students residing in Alabama may cancel enrollment at any time by contacting their student support advisor or an appropriate academic administrator. Refunds of unearned prepaid tuition, fees, and other charges shall be made in the following manner within thirty (30) days of termination:

If cancellation occurs after classes begin, a pro rata refund will be made of all unearned prepaid tuition, fees, and charges for books and supplies not issued to the student. Once books and supplies are issued and received by students, these become the property of students and refunds may be made only at the discretion of the school.

California Refund Policy
Students have the right to cancel their enrollment agreement or withdraw from courses. In the event a student wishes to withdraw or cancel their enrollment agreement, DeVry University shall issue a pro rata refund that is no less than the total amount owed by the student for the portion of the educational program subtracted from the amount paid by the student, calculated as follows:

The amount owed equals the daily charge for the program multiplied by the number of days the student attended, or was scheduled to attend, prior to withdrawal. Except for items contained in the enrollment agreement or catalog that are specified as nonrefundable (not to be more than $250.00), all amounts paid by the student in excess of what is owed as calculated shall be refunded. Except in the case when an institution provides a 100% refund, any assessment paid pursuant to the state tuition recovery fund is nonrefundable.

DeVry University shall also provide a pro rata refund of nonfederal student financial aid program moneys paid for institutional charges to students who have completed 60% (sixty percent) or less of the period of attendance.

If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds. Note, if the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

DeVry University participates in the Title IV Federal Student Aid program as well as in financial aid programs in certain states. For consumer information, visit www.devry.edu/compliance/student-consumer-info.html.
If a student chooses to cancel their enrollment agreement or withdraw from classes they may do so at any time. However, after classes begin, students wanting to withdraw from a course must formally request a course withdrawal in writing prior to Friday of week 7 at 11:59 pm MST.

**Colorado Refund Policy**
Students residing in Colorado may cancel enrollment at any time. A pro rata refund will be calculated until the student completes sixty percent (60%) or more of the session in which they withdrew.

**Florida Refund Policy**
Students in the state of Florida will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students who withdraw during the add/drop period will be refunded all tuition and fees, as well as all funds paid for supplies, books, and equipment that can be, and are, returned to the institution.
- Refunds are calculated according to the withdrawal date and issued within 30 days of the withdrawal notification date or the date the University determines the student is no longer enrolled, whichever is earlier.
- Nonrefundable fees regarding admission and registration of Florida students shall not exceed $150.
  - The application fee of $30 is nonrefundable after 10 business days.
  - The Learning Management System (LMS) access fee is nonrefundable if a student withdraws from all classes after week 7 of the session in which the fee was assessed.
  - The course resource fee is nonrefundable if a student withdraws from the course for which the fee was assessed.
  - After the add/drop period, students are assessed a nonrefundable $50 administration fee for each course from which they withdraw.

**Georgia Refund Policy**
Students who have completed 50 percent or less of the session are entitled to a refund based on the proration of tuition and percentage of course completed at withdrawal, or as required by applicable state or federal laws and regulations, if more favorable to the student.

**Fees**
Institutions that charge for fees, books and supplies that are in addition to tuition must refund any unused portion of the fees if a student withdraws before completing 50 percent of the period of enrollment except for:

- Items that were specially ordered for a particular student and cannot be used or sold to another student.
- Items that were returned in a condition that prevents them from being used by or sold to new students.
- Nonrefundable fees for goods and/or services provided by third-party vendors

**Indiana Refund Policy**
The postsecondary educational institution shall pay a refund to the student in the amount calculated under the refund policy specified in this section or as otherwise approved by the Board. The institution must make the proper refund no later than thirty-one (31) days of the student’s request for cancellation or withdrawal.
After beginning classes, Indiana residents who withdraw from the school are entitled to the following refund amounts, less an enrollment fee of ten percent (10%) of the total tuition, not to exceed one hundred dollars ($100).

Iowa Refund Policy
A proprietary school shall refund all tuition charges to a student who withdraws within the first two calendar weeks of instruction. A proprietary school shall make a pro rata refund of tuition charges to a student who terminates from any of the school’s postsecondary educational programs or courses after the first two calendar weeks in an amount that is not less than ninety-five percent of the amount of tuition charged to the student multiplied by the ratio of the number of calendar days remaining in the school period to the total number of calendar days in the school period. If a terminating student has completed sixty percent or more of a school period, the school offering the postsecondary educational program is not required to refund tuition charges to the student.

Kansas Refund Policy
Each student who has completed twenty-five percent (25%) or less of a course and withdraws shall be eligible for a pro rata refund. The completion percentage shall be based on the total number of calendar days in the course and the total number of calendar days completed. After a student has attended at least twenty-five percent (25%) of the course, tuition and fees shall not be refundable.

Kentucky Refund Policy
If a student withdraws from the university, the college shall refund an amount reasonably related to the period for which the student is not enrolled and shall refund one hundred percent (100%) of all other tuition and other fees collected by the college for subsequent enrollment or registration periods. After completion of fifty percent (50%) percent of the enrollment period, the college shall not be required to make refunds of tuition or other fees for that period.

Louisiana Refund Policy
Students who withdraw prior to the first day of classes are entitled to a full refund of tuition and fees, less an application fee. Students withdrawing during the first 10 days of classes shall receive a minimum refund of seventy-five percent (75%) of total tuition and fees paid, excluding any
nonrefundable application fees, less the maximally-allowable administrative fees retained by the institution. Students withdrawing from day 11 through day 24 of classes shall receive a minimum refund of fifty percent (50%) of total tuition and fees paid, excluding any nonrefundable application fees, less the maximally-allowable administrative fees retained by the institution. Students withdrawing from day 25 through the end of the session are ineligible to receive a refund.

</tbody>
</table>

* The administrative fee is $50 per course.

** Students who cancel their enrollment during this period also have their financial aid awards cancelled and any funds received returned to the funding source.

Students who never commence attendance in their course, or who drop prior to the start of the term, are refunded 100% of tuition and fees.

**Nevada Refund Policy**
If the institution has substantially failed to furnish the program agreed upon in the enrollment agreement, the institution shall refund all money that the student has paid. If a student cancels their enrollment before the start of the program, the institution shall refund all money that the student has paid, minus 10 percent of the tuition or $150, whichever is less. If a student withdraws or is expelled after the start of the program and before the completion of more than 60 percent of the program, the institution shall refund the student a pro rata amount of the tuition minus 10 percent of the tuition or $150, whichever is less.
If a student withdraws or is expelled by the institution after completion of more than 60 percent of the term, the institution is not required to refund the student any money and may charge the student the entire cost of the tuition.

If a refund is owed, the institution shall issue the refund within 15 calendar days after the date of cancellation by a student, date of termination by the institution or the last day of attendance.

Books, educational supplies or equipment for individual use are not included in the policy described above. A separate refund must be paid by the institution to the student if those items were not used by the student. Disputes must be resolved by the administrator for refunds on a case-by-case basis.

A period of a student’s attendance must be measured from the first day of instruction through the student’s last day of actual attendance, regardless of absences. The period of time for a program is the period set forth in the enrollment agreement. Tuition must be calculated using the tuition and fees set forth in the enrollment agreement and does not include books, educational supplies or equipment that are listed separately from the tuition and fees.

Nevada operates a student indemnification fund which may be used to indemnify any student or enrollee who has suffered damage as a result of the discontinuance of operation of a postsecondary educational institution licensed in Nevada or the violation by a Nevada institution of any provision of the Nevada Revised statutes (394.383 to 394.560) or the regulations adopted pursuant thereto. The existence of this account does not create a right in any person to receive money from the account.

Oklahoma Refund Policy
- First week: For a student who withdraws after starting school but within the first week, the tuition retained by the school will not exceed 10% of the contract price plus $150.00 but in no event more than $350.00.
- After first week: For a student who withdraws after one week but within the first 25% of the course, the tuition retained by the school will not exceed 25% of the contract price plus $150.00.
- After 25%: For a student who withdraws after completing over 25% but within 50% of the course, the tuition retained will not exceed 50% of the contract price plus $150.00.
- After 50%: A student completing more than 50% of the course is not entitled to a refund.

Oregon Refund Policy
After classes begin for a term, a student who withdraws from a course is eligible for a partial refund through the middle week of the term. Refunds shall be based on unused instructional time and shall be prorated on a weekly basis for schools using a semester, quarter or nontraditional calendar.

South Carolina Refund Policy
For students residing in South Carolina, DeVry University shall provide for a pro rata refund calculation pursuant to South Carolina Commission on Higher Education regulatory requirements. However, this does not apply to any student whose date of withdrawal is after the sixty (60) percent point (in time) in the period of enrollment for which the student has been charged.

* The administrative fee is $50 per course.

**Virginia Refund Policy**
Students who withdraw during the add/drop period (week 1 of the session) shall be entitled to a 100% refund for the period. After the end of the add/drop period, tuition refund calculations are based on the DeVry University refund policy.

**West Virginia Refund Policy**
An admitted student may cancel the enrollment by written notice at any time prior to the first class day and receive a refund of all tuition and fees paid, minus the $30 application fee.

A student who withdraws during the first week of the term will receive a 90% refund, less the $30 application fee.

A student who withdraws during week 2 of the term will receive a 75% refund, less the $30 application fee.

A student who withdraws during weeks 3 and 4 of the term will receive a 50% refund, less the $30 application fee.

A student who withdraws during weeks 5-8 of the term will receive a 0% refund.

Schools are required to issue refunds within twenty (20) days after receipt of a proper notification of termination from a student.

**Wisconsin Refund Policy**
DeVry University will provide a full refund of all monies paid by the student if either the student accepted was unqualified and the school did not secure a disclaimer, or the school procured the student’s enrollment as the result of any false representations in the written materials used by the school or in oral representations made by or on behalf of the school.

A student who withdraws or is dismissed before completing sixty percent (60%) of the potential units of instruction in the current enrollment period, shall be entitled to a pro rata refund, less any amounts owed by the student for the current enrollment period, less a one-time application fee.

Pro rata refund shall be determined as the number of units remaining after the last unit completed by the student, divided by the total number of units in the enrollment period, rounded downward to the nearest ten percent. Pro rata refund is the resulting percent applied to the total tuition and other required costs paid by the student for the current enrollment period. All efforts will be made to refund prepaid amounts for books, supplies, and other charges unless the student has consumed or used those items and they can no longer be used or sold to new students, or returned by the school to the supplier.
No refund is required for any student who withdraws or is dismissed after completing sixty percent (60%) of the potential units of instruction in the current enrollment period unless a student withdraws due to mitigating circumstances, which are those that directly prohibit pursuit of a program and which are beyond the student’s control.

**Federal Return of Funds Policy**

Federal return of funds must be performed if a student receiving financial aid withdraws completely from all classes after the start of the enrollment period. Length of enrollment is equal to the number of calendar days, including weekends and holidays, in the periods in which the student was registered. However, according to federal regulations, a federal refund calculation excludes breaks of five or more days.

The withdrawal date is the date the student begins the official withdrawal process by notifying the institution electronically, in writing, in person or by telephone, whichever is earliest, or otherwise officially notifies the institution of their intent to withdraw. For a student who withdraws without notification, the University uses the last date of attendance as the withdrawal date.

Return of funds is calculated as follows:

- If the student’s percentage of enrollment period completed is greater than 60 percent, the student has earned – and must repay – 100 percent of the federal aid received.
- If the student’s percentage of enrollment period completed is 60 percent or less, the calculated percentage of enrollment is used to determine the amount of aid returned.

Return of funds occurs in the following order:

1. To the Federal Direct Unsubsidized Loan program
2. To the Federal Direct Subsidized Loan program
3. To the Federal Direct PLUS loan program
4. To the Federal Pell Grant program
5. To the Iraq and Afghanistan Service Grants program
6. To the Federal Supplemental Educational Opportunity Grant (FSEOG) program
7. To other Title IV aid programs
8. To state grant programs, and/or to private or other institutional aid programs
9. To the student
Regulatory Policies

Privacy Act
DeVry University complies with the Family Educational Rights and Privacy Act of 1974, as amended. This Act protects the privacy of students’ educational records, establishes students’ rights to inspect and review their academic records, and provides guidelines for correcting inaccurate and misleading data through informal and formal hearings. DeVry’s policy on releasing student-related information explains our procedures for complying with the Act’s provisions. Copies of the policy are available in the student handbook.

Nondiscrimination Policy
DeVry University is committed to providing an academic and professional environment free of discrimination based on race, color, national origin, sex, sexual orientation, gender identity, gender expression, age, disability, military or veteran status, religion, political affiliation, genetic information or any classification protected by law. Harassment that is based on any of these characteristics is a form of discrimination. This policy on non-discrimination applies to admission, enrollment, employment, and access to, and participation in, all University programs and activities.

In addition, DeVry complies with federal and state laws prohibiting discrimination and harassment based on the above characteristics and will not tolerate, condone or allow discrimination or harassment, whether engaged in by fellow students, faculty members, or non-faculty colleagues. Individuals who wish to file a discrimination or harassment complaint may contact:

- Sex and Gender-Based Complaints: Title IX Coordinator, TitleIX@devry.edu
- Disability Complaints: ADA/504 Coordinator, ADA@devry.edu
- All Other Classifications Complaints: Complaint Coordinator, Complaint.Coordinator@devry.edu

Student Consumer Information and Disclosures
To help consumers make more informed decisions about their education options, and in compliance with federal and state guidelines, DeVry University provides important information related to academic programs, DeVry locations, employment in program-related fields and more. This information is available on the University’s Student Consumer Information and Disclosures web page; from the University’s admissions staff, by calling 800.73.DEVRY; or by contacting a student support advisor.

Title IX Compliance
DeVry University’s Title IX Coordinator is responsible for overseeing compliance of DeVry University’s Title IX and Sexual Misconduct Policy. Questions regarding application of Title IX and compliance should be directed to the Title IX Coordinator. The Title IX Coordinator is also responsible for managing reports of sex and gender-based discrimination including, but not limited to, sexual harassment and sexual misconduct affecting the campus community. Students who wish to make a report of sexual misconduct affecting the campus community should follow the procedures published on DeVry University’s Title IX web page.

Title IX Coordinator
Paul Herbst
ADA/504 Coordinator
Phone: 630.960.8019
Email: TitleIX@devry.edu
Individuals may also submit external inquiries to the U.S. Department of Education:

**Office of Civil Rights (OCR) – Headquarters**  
400 Maryland Ave. SW, Washington, D.C. 20202  
Customer Service: 800.421.3481

Regional Offices: [www2.ed.gov/about/offices/list/ocr/addresses.html](http://www2.ed.gov/about/offices/list/ocr/addresses.html)

**Drug-Free Schools and Communities Act**  
DeVry complies with the Drug-Free Schools and Communities Act and forbids use, possession, distribution or sale of drugs or alcohol by students, faculty or staff anywhere on University property. Anyone in violation of state, federal or local regulations, with respect to illegal drugs or alcohol, may be subject to both criminal prosecution and University disciplinary action.

**Intellectual Property Rights**  
In accordance with the law of copyright, faculty-assigned student writings, including answer material for tests, projects, research papers and business plans prepared in connection with any course, are the property of DeVry University and may be used by the University for educational purposes.

**Student Conduct**  
All students are expected to observe DeVry University’s Code of Conduct. Mature behavior and conduct consistent with the highest professional standards are expected of every student while on University property or engaging in University-related online activities. DeVry University reserves the right to suspend or permanently expel students who engage in unsatisfactory conduct such as dishonesty; failure to adhere to rules and regulations, including those stated in the Code of Conduct, and failure to exhibit proper online etiquette; destruction or theft of property; participation in activity that impinges on the rights of others; or possession or consumption of alcoholic beverages or illegal drugs at any time on University premises. A detailed listing of all student rights, privileges, and responsibilities can be found in the student handbook.

Note: A notation is applied to the transcripts of online students who reside in New York, and to students enrolled at New York locations, who are found responsible for certain code of conduct violations or who withdraw during certain code of conduct violation proceedings.

**Plagiarism Prevention**  
As part of our commitment to academic integrity, DeVry University subscribes to an online plagiarism prevention system. Student work may be submitted to this system, which protects student privacy by assigning code numbers, not names, to all student work stored in its databases.

**Tardiness and Missed Class Time – Site-Based Students**  
Students enrolled in blended and onsite courses (visit the [Course Delivery Formats](#) section) are expected to be present at the beginning of, and throughout, each class meeting.

Excessive tardiness and/or early class departure may affect students’ ability to master course material, and professors may consider time in class when computing students’ grades.

This policy does not apply to students enrolled in online courses.
Rescinding Award Conferrals
DeVry University reserves the right to sanction a student or graduate with permanent expulsion from all DeVry institutions, including other DeVry University locations. DeVry also reserves the right to rescind award conferrals if they were based on submission of documents that were forged, fraudulent, altered, obtained inappropriately, materially incomplete or otherwise deceptive, or if a student or graduate misused DeVry academic documents.

Students or alumni who submit fraudulent documents or misuse DeVry University academic documents are afforded rights to a hearing under the Code of Conduct. The misconduct is adjudicated using procedures specified in the Code of Conduct and may result in University expulsion.

Students and graduates whose award conferrals are rescinded remain responsible for fulfilling financial obligations to any DeVry institution; federal, state and local governments; and private loan providers.

Student Complaint Procedures
In general, all students should first attempt to resolve concerns orally or in writing with the individual(s) most directly connected to their complaints. If that is not appropriate or successful, students attending onsite should direct their concerns to the Location Leader for the location they attend. Students attending online should file their complaint with Student Central. A complaint should be filed by the student as soon as possible so it can be addressed contemporaneously by the University. Online students can contact their student support advisor by calling 877.496.9050 and selecting the option for Student Central.

For all students, complaints involving allegations of disability or sex-based discrimination or harassment should be filed with the Title IX coordinator (visit the Title IX Compliance section). All other complaints of discrimination or harassment should be filed with the complaint administrator for the location they attend. The complaint administrator may partner with Human Resources when addressing the discrimination or harassment complaint. The student handbook provides additional information on the student complaint procedure.

Students not satisfied with the final disposition of the complaint process may contact the state higher education approving authority, the University's accreditor or the state attorney general. Visit https://www.devry.edu/compliance/student-complaint-procedure.html for contact information for state higher education approving authorities and/or state attorney general offices.

In compliance with state regulations, information for the following state higher education approving authorities is also listed below:

- **California**: A student or any member of the public may file a complaint about this institution with the California Bureau for Private Postsecondary Education by calling 888.370.7589 or by completing a complaint form, which can be obtained on the Bureau’s website, www.bppe.ca.gov.

• **Illinois**: Illinois Board of Higher Education through the online complaint system [https://complaints.ibhe.org](https://complaints.ibhe.org) or by mail to 1 N. Old State Capitol Plaza, Ste. 333, Springfield, IL 62701-1377.

• **Maryland**: Maryland Attorney General, Consumer Protection Division, 200 St. Paul Pl., Baltimore, MD 21202, 410.528.8662 or toll-free telephone number 888.743.0823, [https://mhec.maryland.gov/institutions_training/Pages/career/pcs/complaint.aspx](https://mhec.maryland.gov/institutions_training/Pages/career/pcs/complaint.aspx).

• **Nevada** (students enrolled onsite): Nevada Commission on Postsecondary Education, 2800 E. St. Louis Ave., Las Vegas, NV 89104, [www.cpe.nv.gov](http://www.cpe.nv.gov).

• **New Mexico**: New Mexico Higher Education Department, Private Postsecondary Schools Division, 2044 Galisteo St., Ste. 4, Santa Fe, NM 87505, 505.476.8400, [https://hed.state.nm.us/students-parents/student-complaints](https://hed.state.nm.us/students-parents/student-complaints).

• **Tennessee**: Any person claiming damage or loss as a result of any act or practice by this institution that may be a violation of the Title 49, Chapter 7, Part 20 or Rule Chapter 1540-01-02 may file a complaint with the Tennessee Higher Education Commission, Division of Postsecondary State Authorization, 312 Rosa Parks Ave., 9th Flr., Nashville, TN 37243, 615.741.5293.

• **Virginia**: In Virginia, students who do not feel they received a satisfactory resolution to their complaint may contact the State Council of Higher Education for Virginia (SCHEV), Attn: Private and Out-of-State Postsecondary Education, 101 N. 14th St., James Monroe Bldg., Richmond, VA 23219 [https://www.schev.edu/index/students-and-parents/resources/student-complaints](https://www.schev.edu/index/students-and-parents/resources/student-complaints) as a last resort in the complaint process. Students will not be subject to adverse action as a result of initiating a complaint with SCHEV.

The Virginia State Approving Agency (SAA) is the approving authority of education and training programs for Virginia. Their office investigates complaints of GI Bill® beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact the SAA office via email [saa@dvs.virginia.gov](mailto:saa@dvs.virginia.gov).

### Campus Crime and Security Act

---

4 GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at [www.benefits.va.gov/gibill](http://www.benefits.va.gov/gibill).
Should students be witnesses to or victims of a crime, they should immediately report the incident to the local law enforcement agency. Emergency numbers are located throughout the University.

**Safety Information**
The security of all members of the University community is a priority. Each year, DeVry publishes a report outlining security and safety information, as well as crime statistics for the University community. This report provides suggestions about crime prevention strategies as well as important policy information on emergency procedures, reporting of crimes and support services for victims of sexual assault. The report also contains information about DeVry University’s policy on alcohol and other drugs, and informs students where to obtain a copy of the policy. This report is available from a student support advisor or the location leader, or by calling 800.733.3879.

For students attending locations in New York, the Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the United States Department of Education.

**Academic Freedom**
DeVry University supports development of autonomous thought and respect for others’ ideas. As such, members of the DeVry community, including students and colleagues, including full-time and part-time faculty, are free to discuss their questions and express their opinions both publicly and privately within the boundaries of the Code of Conduct and Colleague Handbook and other reasonable behavioral expectations, noting in their expressions or demonstrations that they speak for themselves only.
Nationwide Locations

DeVry University offers classes at locations nationwide, online and through extended classrooms. More information, including program availability at each location, is available via each location link below.

Arizona
DeVry’s Phoenix location is conveniently accessed from major streets and a freeway. Wired classrooms and lecture rooms facilitate both individual learning and collaborative work. Classrooms also provide adequate space for students to connect their own devices or to use a DeVry workstation/laptop. Wi-Fi internet is accessible throughout the DeVry space, which offers individual study areas; small rooms for group study or collaboration; a commons area for socializing; and administrative and faculty offices. DeVry University’s Library is virtual – eBooks, journals, online databases and other resources can be accessed through a single, unified search at devry.edu/library.

Phoenix
2149 W. Dunlap Ave., Phoenix, AZ 85021
602.749.4500

California
DeVry’s Long Beach, Newark, Ontario, San Diego, San Jose and Sherman Oaks (Encino) locations are conveniently situated near major freeways and offer modern, wired classrooms and lecture rooms to facilitate both individual learning and collaborative work. Classrooms also provide adequate space for students to connect their own devices or to use a DeVry workstation/laptop. The locations also offer Wi-Fi Internet access within the DeVry workspace as well as supportive staff and faculty. DeVry University does not have dormitory facilities under its control, nor does it assist students with finding housing. Note: Approximate housing expenses – which are subject to market fluctuation – differ considerably throughout California due to real estate costs, proximity to the DeVry University location and overall quality of a facility. The estimated monthly cost for a two-bedroom apartment is $1,000-$2,800.

Long Beach Close Date: October 20, 2023; location no longer accepting new applicants
3880 Kilroy Airport Way, Long Beach, CA 90806

619.683.2446
Florida
The Orlando campus, accessible from major streets and highways, features classrooms equipped with LCD projectors and adequate space for students to connect their own devices or a computer that may be available in the classroom. Wi-Fi internet is accessible throughout the DeVry space, which offers individual study areas; small rooms for group study or collaboration; a commons area for socializing; and administrative and faculty offices. The DeVry University Library is virtual – eBooks, journals, online databases and other resources can be accessed through a single, unified search at devry.edu/library.

Orlando
7352 Greenbriar Pkwy., Orlando, FL 32819*
407.345.2800

* Subject to regulatory approval, DeVry plans to relocate to downtown Orlando, at Serendipity Labs, 450 S. Orange Ave., Orlando, FL 32801. (The move had been planned for May 2023; unforeseen circumstances caused a delay.) The new course location is designed to meet graduate and undergraduate students' needs with classrooms, accessible Wi-Fi and private offices.

Georgia
Decatur
1 West Court Square, Ste. 600, Decatur, GA 30030
404.270.2706

Illinois
The University's Chicago and suburban locations serve both graduate and undergraduate students seeking degree and certificate credentials. Each site offers classrooms; a comfortable learning commons area for study and tutoring; loaner laptops; and Wi-Fi internet throughout the DeVry space. Five classrooms at the Chicago location on Lawrence Avenue include computers.

Chicago
1900 W. Lawrence Ave., Ste. 100, Chicago, IL 60640
773.929.8500

Chicago Loop
200 W. Adams St., Ste. 1950, Chicago, IL 60606
312.372.4900

Naperville
1200 E. Diehl Rd., Naperville, IL 60563
630.428.9086

* Effective with the November 2023 session (beginning October 23, 2023), and subject to regulatory approval, DeVry is relocating to 4225 Naperville Rd., Ste. 400, Lisle, IL 60532. Planned
for the new site are five classrooms; a Tech Bar; and a comfortable learning commons area, with computers, for study and tutoring. Loaner laptops will also be available.

A limited number of courses may be offered at the following location for eligible employees of UPS Illinois District only:

UPS Illinois District, Addison
104 S. Lombard Rd., Addison, IL 60101

**Nevada**
Henderson  Close Date: September 30, 2026; location no longer accepting new applicants; limited onsite instruction continues for students already enrolled

2490 Paseo Verde Pkwy., Ste. 150, Henderson, NV 89074

Administrators & Full-Time Professors

To ensure students gain the most relevant education, DeVry University and its Keller Graduate School of Management combine the expertise of seasoned education administrators and a nationwide faculty of dedicated professors. Together, these professionals focus squarely on making your academic experience valuable, meaningful and relevant to employers’ needs.

Nearly all faculty hold master’s degrees, PhDs or other doctorate degrees and bring their passion for teaching to the learning environment. Through rigorous training, the University prepares new professors to teach and fully supports all faculty in their ongoing dedication to excellence.

To remain current on advances in their fields, many faculty and administrators participate in leading industry professional organizations, as well as in organizations dedicated to excellence in education programs and services.

The following pages present University administrators followed by full-time professors teaching within each state and online. Professors noted as virtual teach online only. Information on professors teaching at a specific location is available from local staff members.

A comprehensive list of visiting professors who teach onsite and/or online is available at www.devry.edu/d/onlinevisitingprof.pdf.

Supplemental Information as of July 17, 2023

Keller’s 2023-2024 Academic Catalog, Volume XIX, is now in effect. The following significant changes have been implemented beginning with the original publication date, July 17, 2023. Additions/amendments incorporated since the most recent publication are noted in red, indicated by the release date at the top of this page and appear at the top of the table below. Because changes/updates can affect the catalog layout, entries prior to this release date may no longer correspond to page numbers indicated.

<table>
<thead>

</tr>
</thead>
<tbody>
<tr>
<td>7.17.23 7-9</td>
<td>In the Academic Calendar:</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• An additional week was added to the 2024 Summer Break for Cycles 1 and 2.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• In Cycle 1, dates for the July 2024 session were updated.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• In Cycle 2, dates for the July 2024 and September 2024 Sessions - Cycle 2’s summer semester - were added.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 13-14</td>
<td>Within the About Keller section, a new section, Program-Completion-Time Options, was added.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 21-69</td>
<td>Throughout the Keller’s Degree Programs and Keller’s Certificate Programs sections, information under all Program Details headings was updated to include normal and accelerated program-completion times. Footnotes related to normal and accelerated program completion times were also added.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 51</td>
<td>Information introducing Keller’s graduate certificate programs was updated regarding availability of Keller’s graduate certificate programs, including associated track coursework, and credential conferral by DeVry’s main campus, in Naperville, Illinois.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 97-98</td>
<td>Within the Admission Requirements section, a note regarding accelerated schedules was added to the Prerequisite Skills Requirements section.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 104</td>
<td>Within the Student Services section, the Course Schedules section was updated to include information on normal and accelerated program-completion schedules.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 104</td>
<td>Within the Student Services section, the Course Availability and Program-Completion Time section was updated to include information on normal and accelerated program-completion schedules.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 111</td>
<td>Within the Academic Policies section, a new section, Work-Based Learning Experiences, was added.</td>
<td></td>
</tr>
<tr>
<td>7.17.23 139-151</td>
<td>Within the Financial Information section:</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Information in the Tuition section (p. 139), and on pages with tuition tables (pp. 140-143), was updated to reflect tuition effective for the University’s July 2023 through May 2024 sessions.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Information in the Financial Aid section was updated for the 2023-2024 award year (pp. 150-151).</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Information in the Applying for Financial Aid section was updated for the 2023-2024 award year (p. 151).</td>
<td></td>
