Master’s Degree Program
ACCOUNTING & FINANCIAL MANAGEMENT
Emphasis: Finance
(for Pennsylvania residents)

ABOUT THIS DEGREE PROGRAM
The Master of Accounting & Financial Management program emphasizes coursework – taught from the practitioner's perspective – focusing on applying concepts and skills in areas including financial accounting and reporting, managerial accounting, external and operational auditing, and taxation. The program is designed to prepare students with knowledge, skills and competencies needed in the areas of finance, financial management, financial analysis and accounting.

To tailor the MAFM program to their professional interests and goals, students select one of two emphases: Finance, CPA Exam-Preparation. The CPA Exam-Preparation emphasis includes coursework preparing students for a professional certification exam. Students must declare an emphasis prior to graduation; successful completion of an emphasis is noted on transcripts. Total program length varies based on the number of courses taken per eight-week session.
