

Transfer credits from Arizona General Education Curriculum (AGEC)

Effective from December 3, 2018 to December 3, 2023

DeVry University has developed this Degree Program Transfer Guide to assist students transferring the AGEC to DeVry. This guide doesn't represent all courses required for DeVry programs; rather, it provides a list of courses that, when completed via the AGEC, may transfer to DeVry. For a complete list of course requirements in each DeVry program, please see the [Academic Catalog](#).

This guide is based on a review of the AGEC courses by DeVry as of 12.3/18 and is subject to review and modification at any time and without prior notice. Limitations and restrictions may apply.

Bachelor's degree programs included in this guide are:

- Accounting
- Biomedical Engineering Technology
- Business Administration
- Communications
- Computer Engineering Technology
- Computer Information Systems
- Electronics Engineering Technology
- Healthcare Administration
- Information Technology & Networking
- Justice Administration
- Management
- Multimedia Design & Development
- Network & Communications Management
- Software Development
- Technical Management
- Technical Management- Health Information Management

Process

Applicants seeking to transfer credit must:

1. Request a formal credit evaluation prior to beginning the first class at DeVry University; and
2. Provide to DeVry an official transcript from the institution where the credit was earned.

Please see a DeVry University admissions representative to request a transfer credit evaluation. Transfer credit is considered on an individual basis and awarded only upon receipt of an official transcript.

Limitations and Restrictions

Admission and transfer credit applicability are subject but not limited to DeVry University's admission requirements, program requirements, and academic policies, including but not limited to the external transfer credit policy. Additional state-specific requirements for transfer credit acceptance may apply.

Please note the following:

- A grade of C (70%) or higher is required for all transfer credits to DeVry University. Courses accepted in transfer may not be applicable to the academic program chosen by the student.
- The number of credits granted for any course equivalency may not exceed the number on the transcript associated with the transfer course.
- Curriculum changes at either institution may affect transferability and applicability of certain credits. A time limit may be imposed on the ability to transfer credits for some courses, especially those in technical or evolving areas.

The provisions of this transfer guide do not constitute a contract, expressed or implied, between any applicant or student and DeVry University. The information contained herein is neither an award nor a commitment to award credit at DeVry University.

Important information about the educational debt, earnings, and completion rates of students who attended DeVry can be found at www.devry.edu/degree-programs/ge.html.

In New York, DeVry University operates as DeVry College of New York. DeVry University is accredited by The Higher Learning Commission (HLC), www.hlcommission.org. Keller Graduate School of Management is included in this accreditation. DeVry is certified to operate by the State Council of Higher Education for Virginia. Arlington Campus: 2450 Crystal Dr., Arlington, VA 22202. DeVry University is authorized for operation by the THEC, www.tn.gov/the Nashville Campus: 3343 Perimeter Hill Dr., Nashville, TN 37211. Unresolved complaints may be reported to the Illinois Board of Higher Education through the online complaint system <http://complaints.ibhe.org> or by mail to 1 N. Old State Capitol Plaza, Ste. 333, Springfield, IL 62701-1377. Program availability varies by location. In site-based programs, students will be required to take a substantial amount of coursework online to complete their program.

AGEC Paths

AGEC-A		AGEC-B		AGEC-S	
The AGECA is for students who want to study liberal arts when they transfer to the university.		The AGECB is for students who want to study business when they transfer to the university.		The AGEC-S is for students who want to study programs that require more rigorous math and science when they transfer to the university.	
Examples: English, History, Religion, Philosophy, Communications		Examples: Accounting, Economics, Finance, Marketing		Examples: Biology, Chemistry, Engineering

Assumptions

Because AGECE uses credit hours, the following assumptions are made. The actual number of credit hours awarded for transfer credit depends on individual student transcript evaluations.

Subject	Credit Hours	Number of Courses
First Year Composition	6	2
Mathematics	3	1
Arts & Humanities	6-9	2-3
Social and Behavioral Sciences	6-9	2-3
Physical & Biological Sciences	8	2
Options	0-6 or 6-8	Up to 2
Computer Information Systems: Introduction to CIS	3	1

Notes: In general, AGECE courses that meet the Computer Information Systems: Introduction to CIS requirement appear to be equivalent to DeVry's COMP100 course. Student transcripts are evaluated to determine appropriate course equivalencies based on the specific course taken to fulfill this requirement.

<i>Accounting Bachelor's Degree Program</i>			
DeVry University Courses		AGEC Courses	
Communication Skills		Up to 6 semester-credit hours of coursework in an applicable communication skills discipline can be applied as communication skills credit toward this program.	
• ENGL113	Composition	• AGEC	1 st First Year Composition Course
