**Campus Watch**

*It's your campus – Protect it!*

A truly safe campus can only be achieved through the cooperation of students, faculty, and staff. As a member of the DeVry University community, it is your responsibility to report a crime, suspicious activity, or other emergencies on campus or in virtual university activities to the appropriate school official. Should you become a witness to or victim of a crime, immediately report the incident to local law enforcement officials, the Student Services office, or to the Incident Commander. All crimes will be investigated and when appropriate, brought to the attention of the Student Services office for disciplinary hearing.

**Purpose of the Annual Disclosure Report**

DeVry University prepares this report to comply with the *Jeanne Clery Disclosure of Campus Security and Crime Statistics Act*. The full text of this document can also be found on the Student Consumer Information page ([https://www.devry.edu/compliance/student-consumer-info.html](https://www.devry.edu/compliance/student-consumer-info.html)) or by visiting your local Student Central office. This report was prepared with the assistance of local law enforcement agencies. Campus crime, arrest, and referral statistics include those that were report to local law enforcement and campus faculty and staff. This data may also include crimes that have occurred in private residences or businesses adjacent to the campus.

**Reporting Crimes and Emergencies**

When making your report of an incident you will be asked to provide the following information:

1. Description of the incident.
2. Date, Time, and Location of the incident.
3. Description of the persons or vehicles involved in the incident.
4. Detail regarding who was notified about the incident.

Upon receipt of this report DeVry University will determine the appropriate response, which could include disciplinary action against the offender(s), notification to local law enforcement, notification to the campus community, or other public safety alternatives deemed appropriate given the circumstances. Please note that your identity may not be confidential when reporting an incident. DeVry University does not have procedures for voluntary, confidential reporting of crimes.

DeVry University does not have colleagues that serve as pastoral or professional counselors. DeVry University contracts with APSIRE, an organization designed to help students overcome obstacles and achieve success both in and outside the classroom. APSIRE supplements the University’s other student services. APSIRE includes a wide range of support services such as counseling, legal, and financial consultation, as well as referrals to housing, childcare and other resources for meeting daily life needs. APSIRE has procedures in place to encourage students to report incidents to local law enforcement; DeVry University has procedures to request crime statistics from local law enforcement offices for inclusion in the annual security report and web-based report to the Department of Education.

DeVry University will contact the Adams County and Westminster police departments and property management to monitor and record crimes that occur within the designated area surrounding the campus that have been reported to the local police.

**All Emergencies – Dial 911**

**Emergency Response Plan (ERP)**

DeVry University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the SIREN notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.
The Incident Commander will determine if there is a significant emergency or dangerous situation and what segment of the campus community will need to receive a notification.

DeVry University will:

- Test emergency response and evacuation procedures on an annual basis.
- Document each test, including the date, time, and whether it was announced or unannounced.
- Publicize emergency response and evacuation procedures in conjunction with at least one test per calendar year.

**SIREN Emergency Alert System**

In the event of an emergency or a potentially dangerous threat to the campus or center arises, students, faculty, and staff will receive timely notification via the SIREN system, on campus flyers, and/or email announcements. This includes any Clery Act crimes that are reported to the campus IC (Nate Thomas) or local police and are considered to represent a serious or continuing threat to students, faculty, and staff. In the event of an emergency, DeVry University’s communication team in conjunction with local law enforcement and the DeVry University Security department, will develop communications to distribute digitally to the wider community. Please make sure to keep contact information update in SIREN through the student portal at https://learn.devry.edu/ for students and the DeVry University Staff Portal at https://dvu.okta.com/ for faculty and staff.

**Campus Access, Facility Security, and Law Enforcement**

**Westminster Campus**

The University Facilities department ensures the building and grounds are maintained with a concern for safety and security. Facilities staff inspect the facility regularly, promptly arrange for repairs affecting safety and security hazards, and respond to reports of potential safety and security hazards such as broken windows, locks, etc. Students, faculty, and staff can assist the Facilities staff by calling building security at 303-853-3500 to report concerns. Additionally, the Facilities team routinely inspects the grounds and building to review lighting and other environmental concerns for safety.

There are fire alarms and pull stations throughout the facility that should be used only in the event of an emergency. If an emergency requires evacuation, there are signs clearly posted throughout the building indicating the best routes for evacuation.

The building is generally open from 8:00 AM to 6:00 PM Monday through Friday and 8:00 AM to 12:00 PM on Saturday. When the building is closed, it is locked and monitored by a security company. Access to classrooms and laboratories is limited to those enrolled in the courses meeting there. Access to on- and off-campus activities is limited to actively enrolled students and their guests. Students are responsible for the behavior of their guests at all times at campus-arranged events. DeVry University reserves the right to require that DeVry University identification cards be presented for admittance to certain locations and events. DeVry University may also require students to register their guests with Student Services prior to attendance. Student, faculty, and staff identification cards should be worn at all times.

The on-duty security officer serves as an escort and on-campus security. The security officer has the authority to ask questions and request identification at any time. The security officer does not have the authority to make arrests. Criminal incidents will be referred to local law enforcement. DeVry University does not currently have a memorandum of understanding with local law enforcement.
All crime victims and witnesses are strongly encouraged to report incidents to both campus security and local police. Prompt reporting will ensure timely warning notices to the campus community and timely disclosure of crime statistics.

DeVry University does not have student housing facilities. Students living off-campus should check with their landlord for any specific safety and security measures available at their facility. Although most facilities provide keys for individuals and restrict access to apartments, the level of additional security varies from complex to complex. Crimes committed off-campus should be immediately reported to the police department with jurisdiction.

The campus security department maintains a policy concerning the monitoring and recording, through local police departments, of criminal activity in which students engaged at off-campus locations of student organizations officially recognized by the institution.

**Sex and Gender Based Misconduct Response and Prevention Policy**

**Purpose**

This policy applies to complaints or reports of alleged sex and/or gender-based misconduct. DeVry University (DVU) expressly prohibits sex and/or gender-based misconduct which includes sexual harassment, sexual assault, rape, domestic violence, dating violence, stalking, sexual exploitation, and gender-based harassment. Any acts that meet this policy’s definitions of sex and/or gender-based misconduct are a violation of DVU’s
policy, and potentially applicable state and federal law. DVU is committed to fostering an environment where any alleged violation of this policy is promptly reported and complaints are resolved in a fair and timely manner.

Creating a safe environment is the responsibility of all members of the community. Regardless of the definitions provided below, anyone who believes they are a victim of sex and/or gender-based misconduct should report the incident as soon as possible to the Title IX Coordinator (see “Coordinator” under “Definitions” below for contact information) or the campus complaint administrator in addition to seeking immediate medical and/or safety assistance.

Scope
This policy applies to all members of the DVU community, and includes, but is not exclusive to faculty, staff, students, DVU visitors, volunteers, vendors, and persons related to, receiving or seeking to receive services, or otherwise pursuing studies with the organization. It also applies, as appropriate, to any alleged act of sex and/or gender-based misconduct that adversely impacts the DVU community, whether those acts occur on or off campus.

Definitions
“Clery Act” refers to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, 20 U.S.C. Section 1092(f); 34 C.F.R. Part 668.46. The Clery Act requires that institutions annually disclose certain crimes which have occurred within a geography that includes campus buildings and adjacent locations. Annual disclosures are released on or by the 1st day of October each year.

“Code of Conduct applicable to students” refers to the policy titled “Code of Conduct” which is accessible in the student handbook. It outlines students’ rights and responsibilities, as well as the process by which action may be taken against a student for Code violations.

“Colleague Code of Conduct” refers to the “DVU Code of Conduct” (UltiPro Chiclet on the DVU OKTA > Menu > Myself > My Company Info > HR & Ethics Policies) which is applicable to colleagues at all DVU locations and offices and outlines colleagues’ rights and responsibilities.

“Colleague complaint procedure” is the vehicle by which colleagues can bring to the administration’s attention any complaint relating to their experience with DVU or a member of the DVU community. It is the mechanism for investigating and trying to resolve complaints raised by colleagues and can be found in the UltiPro Chiclet on the DVU OKTA > Menu > Myself > My Company Info > HR & Ethics Policies.

“Complaint administrator” is a DVU colleague responsible for conducting an investigation when a complaint of sex and/or gender-based misconduct is raised. To find the complaint administrator at any given location or for a particular complaint, consult the student handbook, Student Services, or Title IX Coordinator.

“Conduct administrator” is an official authorized to administer disciplinary proceedings for respondents who may have violated the Code of Conduct applicable to students. A conduct administrator may serve as the sole member or as a participant in the conduct panel. Nothing shall prevent DVU from authorizing the same conduct administrator to impose sanctions in all cases at a single or multiple locations.

“Conduct panel” means any person or persons authorized by the conduct administrator to determine whether a respondent has violated the Code of Conduct applicable to students and to determine appropriate sanctions.

“Consent” is a voluntary, conscious, affirmative agreement to engage in a specific sexual act. Consent can only exist free from intimidation, force, threat of force or coercion. Under this policy, “No” always means “No,” and “Yes” may not always mean “Yes.” Anything but voluntary, conscious, affirmative consent to any sexual activity is equivalent to “no” for purposes of this policy. While the legal definition of consent varies by jurisdiction (See “Related Information” for link to consent statutes by state), the following general rules apply when assessing whether consent has been/was given.

- Consent can never be assumed.
- Consent cannot be implied from either the lack of explicit consent or the lack of explicit dissent.
• Where there is use of threat, force or restraint by the accused, the lack of verbal or physical resistance or the submission by the victim does not constitute consent.
• The manner of dress of the victim does not constitute consent.
• Past consent to sexual contact and/or a shared sexual history does not imply consent to future sexual contact.
• Consent to sexual activity with one person does not constitute consent to sexual activity with another person.
• A person who initially consents to sexual contact including penetration may withdraw continued consent at any time during the course of that interaction. When consent is withdrawn or can no longer be given, engagement in sexual activity must stop.
• Consent to some form of sexual activity cannot automatically be taken as consent to any other form of sexual activity.
• A person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following: the person is incapacitated due to use or influence of alcohol or drugs; the person is asleep or unconscious; the person is under age; or the person is incapacitated due to a mental disability.
• Consent is required regardless of whether the person initiating sexual activity is under the influence of drugs and/or alcohol.
• A power differential between people engaged in a sexual act presumes the inability to consent for the less powerful person (e.g. the student in a student-colleague interaction; the supervisee in a direct report-supervisor interaction).

“Coordinator” refers to the Title IX Coordinator. Paul Herbst, Title IX Coordinator (TitleIX@devry.edu or 630-960-8019) is responsible for overseeing compliance with all aspects of this policy and designated to receive and monitor resolution for all Title IX reports.

“Dating violence” means sex or gender-based violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. While no form of violence is ultimately desirable, a distinction should be made between violent acts representing an effort to exert power and control within a dating relationship and defensive acts taken in response to ongoing verbal, psychological or physical abuse by a dating partner.

“Domestic violence” refers to sex or gender-based violence committed by either a current or former spouse of the victim; a person with whom the victim shares a child in common; a person who is or has cohabitated with the victim as a spouse; a person similarly situated to a spouse of the victim under the jurisdictional domestic or family violence laws; or any other person against a victim who is protected from that person's acts under the jurisdictional domestic or family violence laws. Based on jurisdictional definitions, domestic violence may constitute a felony or misdemeanor crime. While no form of violence is ultimately desirable, a distinction should be made between violent acts representing an effort to exert power and control within a domestic relationship and defensive acts taken in response to ongoing verbal, psychological or physical abuse by a domestic partner.

“DVU” means DeVry University and its Keller Graduate School of Management.

“FERPA” means the Family Educational Rights and Privacy Act, 20 U.S.C. Section 1232g; 34 C.F.R. Part 99. FERPA sets certain limits on the disclosure of student records. This policy is designed to work in tandem with FERPA, and nothing in this policy is intended to require or encourage non-compliance with FERPA.

“Gender-based misconduct” refers to unwelcome conduct, including harassment, of an unacceptable nature based on actual or perceived biological sex including behaviors based on gender identity, expression and nonconformity with gender stereotypes.
“Member of the DVU community” includes students, faculty members or staff, and any other individuals associated with DVU. The conduct administrator or complaint administrator shall determine a person’s status in a particular situation.

“Notice” refers to any information regardless of whether it is direct, indirect, partial or complete received by a colleague that indicates possible sex or gender-based misconduct. When notice is received, colleagues are required to inform the Title IX Coordinator or their supervisor who in turn must make a report to the Title IX Coordinator.

“One-up manager” is a colleague’s manager’s manager. It is the person responsible for receiving a colleague’s complaint when his/her direct manager is implicated in that complaint.

“Policy” is defined as a general administrative or operational direction with broad application throughout DVU.

“Rape” is any penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim and/or by force. Rape may involve strangers or people who know one another (e.g. friend, classmate, relative, spouse or co-worker). In these instances, rape is often referred to as “acquaintance rape.” Rape is a crime regardless of a relationship or lack thereof between individuals.

“Sexual assault” is non-consensual sexual contact defined as physical contact of a sexual nature against the victim’s will or without the victim’s consent. It includes any intentional sexual touching, however slight, by direct physical contact or by use of any object, by a person upon another person, without consent and/or by force. Rape is a severe form of sexual assault.

“Sexual contact” means the deliberate touching of a person’s intimate body parts (including lips, genitalia, groin, breast or buttocks, or clothing covering any of those areas), or using force to cause self-touching by another person of intimate body parts.

“Sexual exploitation” occurs when a person takes non-consensual or abusive sexual advantage of another for the advantage or benefit of themselves or any other person that is not the person being exploited by the behaviors. Examples include but are not limited to: invasion of sexual privacy; prostitution; non-consensual recording of nudity or sexual activity; voyeurism; knowingly exposing someone to an STI, STD or HIV; intentional exposure of genitals in non-consensual circumstances; and sex-based stalking or bullying.

“Sexual harassment” refers to unwelcomed sex or gender-based advances, requests for favors or other verbal, written, online and/or physical conduct. Sexual harassment occurs when a person is the recipient of conduct of a sexual nature where: (1) Submission to, or toleration of, such conduct is made either explicitly or implicitly a term or condition of the student’s education or colleague’s employment; or (2) Submission to or rejection of such conduct by an individual is used as the basis for academic decisions about the student or professional decisions about the colleague; or (3) Such conduct is sufficiently severe or persistently pervasive and objectively offensive thereby having the purpose or effect of unreasonably interfering with a person’s ability to participate in or benefit from DVU’s educational, employment, social or other related programs.

“Sex and gender-based misconduct” is a broad term used to refer to all conduct prohibited by this policy. This encompasses sexual harassment, gender-based harassment, dating violence, domestic violence, rape, sexual assault, sexual exploitation and stalking. Sex and gender-based misconduct can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship. Sex and gender-based misconduct can be committed by any person regardless of sex, gender or sexual orientation of the victim or perpetrator.

“Stalking” is a course of behavior directed at a specific person that would cause a reasonable person to feel fear for personal safety, or repetitive, menacing pursuit, following, harassing and/or interfering with the peace and/or safety of another.
“Student complaint procedure” is the vehicle by which students can bring to DVU’s attention any complaint relating to their experience with DVU or a member of the DVU community. It is the mechanism for investigating and attempting to resolve complaints raised by students. The student complaint procedure can be found in the student handbook (http://www.devry.edu/current-students/current-students-student-handbooks.html).

“Speak Up” refers to the Speak Up! Program, a reporting system managed by a third party vendor (NAVEX), which encourages members of the DVU community to come forward with questions or concerns, including allegations of sex and/or gender-based misconduct. Reports can be made anonymously or reporters can provide their name and contact information. Colleagues are expected to ask legal, compliance and ethics questions and report suspected wrongdoing. Colleagues and students can utilize Speak Up by contacting the third party contractor NAVEX by phone at (844) 703-9374 or online at www.devry.ethicspoint.com.

“Title IX” is a federal law which prohibits sex and gender discrimination in U.S. education. Under Title IX, sex and gender-based misconduct are forms of discrimination that require investigation and appropriate remediation when students, colleagues, or other members of the educational institution’s community are impacted. Title IX is enforced by the U.S. Department of Education.

“VAWA” refers to the Violence Against Women Act, 34 CFR Part 668. VAWA supports community resources for victims of rape, sexual assault, stalking, dating violence and domestic violence and articulates expectations regarding the management of related concerns when a report is made to representatives of U.S. colleges and universities.

Policy Statement
Prevention and Awareness
Acts that are deemed to fall within the scope of this policy are violations of the Codes of Conduct, as well as the expectations of members of the DVU community. These acts may also be crimes. In an effort to increase the likelihood of intervention and reduce the risk of sex and/or gender-based misconduct from occurring among its students and colleagues, DVU is committed to providing primary and ongoing awareness and prevention programming.

Primary and ongoing awareness and prevention programs will cover the continuum of issues contemplated by this policy. Themes will include situational awareness and prevention strategies such as bystander intervention and other forms of risk reduction. While bystander intervention specifically refers to the safe and effective ways in which third parties can intervene to thwart sex and/or gender-based misconduct, risk reduction also encompasses various strategies to eliminate or reduce risk of harm by avoiding or removing oneself from situations that are dangerous or uncomfortable.

Awareness programs are events that occur online or in person that request active engagement of community members. It is the expectation and responsibility of each member of the DVU community to participate in programming which will assist with ongoing prevention efforts, as well as effective and efficient identification and response when sex and/or gender-based misconduct does occur.

Primary prevention and awareness programming will include a comprehensive online education platform intended for viewing by all colleagues and students, as well as student-facing vendors if necessary and appropriate. The program will be completed by:

- New students and transfer students: within three weeks of formal enrollment.
- Returning and continuing students who did not take the training as a new or transfer student: no later than the first day of classes for the semester when they are scheduled to return or continue.
- Colleagues by the date stated in email notification.
- Specific vendors as identified and by the date stated in email notification.

Access to the primary prevention program and its contents will be ongoing throughout the participant’s relationship with DVU. Members of the DVU community are encouraged to visit this resource regularly for personal, professional and academic purposes.
Ongoing prevention and awareness campaigns are public service announcements and campaigns, as well as messages and activities integrated into the day-to-day fabric of the academic community. These initiatives are intended to reinforce increased awareness regarding sex and/or gender-based misconduct and prevention strategies throughout the year. DVU will continually seek formal and informal ways to incorporate additional awareness and prevention strategies, e.g., active and passive educational campaigns such as social norms poster campaigns, newsletter articles, presentations and volunteerism with local community resource agencies. When additional ongoing education is provided, the organizer will report that event, activity, or effort to the Title IX Coordinator for recordkeeping and quality assurance purposes. Toolkits including ideas and resources that support ongoing efforts and are related to the primary prevention and awareness programming will be made available to any campus upon request.

Additional annual training will be delivered to colleagues responsible for responding to reports of sex and/or gender-based misconduct, including but not limited to complaint administrators, conduct administrators, conduct panelists, and appeal reviewers. These colleagues should complete the primary prevention and awareness programming described above, as well as remote or live training and/or consultation with the Title IX Coordinator before and during management of an allegation within the scope of this policy.

Reporting
Victims may file a formal complaint with a designated local campus administrator or through the Title IX Coordinator.

   Barbara Bickett                       Paul Herbst
   Senior Director, Regulatory Affairs   Title IX Coordinator

   Barbara.Bickett@devry.edu             TitleIX@devry.edu

Reports can also be made by victims, third parties or bystanders with the option to remain anonymous through Speak Up at (844)-703-9374 or online at www.devry.ethicspoint.com. Initial response to electronic reports will occur within 12 hours of initial receipt.

If a victim wishes to access local community agencies and/or law enforcement for support or to make a report, DVU will assist the victim in making these contacts. Direct assistance, though limited, remains available when reports are made anonymously through Speak Up. Anyone may make a report regarding any information pertaining to violations of this policy.

All DVU colleagues (faculty, staff, administrators, and student workers) who are not otherwise identified in this policy or through institutional addenda as confidential resources are required to immediately provide any information received about any actual or suspected sex and/or gender-based misconduct impacting the DVU community to appropriate officials with some very narrow exceptions discussed elsewhere in this policy (see “Confidentiality”). Regardless of how notice is received, reports may prompt a need for DVU to investigate.

Any individual wishing to discuss a situation within the scope of this policy without triggering an immediate investigation should seek referral to mental health counseling services. Students may seek support through ASPIRE at (888) 470-1531 or via info@myASPIREonline.com and colleagues may seek support 24 hours a day, seven days a week through United Health Care’s Colleague Assistance Program at (866) 248-4096 or www.liveandworkwell.com. General hotline and other resource information can be found at the end of this policy and focused support services can be obtained through consultation with Student Services, Human Resources, or the Title IX Coordinator.

Individuals experiencing misconduct in violation of this policy are also always free to notify the U.S. Department of Education:

Office of Civil Rights (OCR) - Headquarters 400 Maryland Avenue, SW
Support and Resources
The DVU official who receives notification of alleged sexual and/or gender-based misconduct will offer appropriate support or refer the victim directly to immediate assistance. Assistance may initially require supported access to local medical, mental health, legal or law enforcement resources and could include academic accommodations, visa and immigration services, student financial aid, changes in working situations and other arrangements as may be appropriate and available (such as limiting orders, campus escorts, transportation assistance, or targeted interventions). Students and employees will receive written notification to the availability of supportive measures and community resources, regardless if the incident was reported to campus security or local law enforcement. No victim is required to take advantage of these services and resources, but DVU provides them in the hope of offering help and supporting minimal disruption to access to academic programming or the workplace. If circumstances related to an incident change over time, these and other supportive accommodation options may be revisited. DVU may also provide referrals to counseling services, at the victim’s option, including but not limited to the confidential colleague and student support services outlined above (See “Reporting”). Local resource lists can also be found through Student Central and/or Student Services. A brief list of national and international referral sites can be found at the end of this policy.

Disciplinary Review and Action
Acts of sex and/or gender-based misconduct are subject to disciplinary action. Disciplinary action is not intended to determine criminal responsibility. Rather it is intended to identify and respond to violations of DVU policy and community standards. Separate and distinct disciplinary action may also be considered in instances of retaliation against those who, in good faith, report or disclose an alleged violation of the comprehensive policy, file complaint, or otherwise participate in the complaint resolution procedure. Failure by a respondent to adhere to interim protective measures will be considered a form of retaliation or an extension of the initial allegations.

When the victim chooses, or DVU believes it is necessary, a prompt, fair and impartial investigation will be initiated. In the event that a victim requests that an investigation not occur, their request will be honored when possible and unless DVU determines in good faith that failure to investigate creates a potential risk of harm to the reporting individual or other members of the community. Factors used to determine whether to adhere to such a request include, but are not limited to whether: the accused has a history of violent behavior or is a repeat offender; the incident represents escalation in unlawful conduct on behalf of the accused from previously noted behavior; there is an increased risk that the accused will commit additional acts of violence; the accused is alleged to have used a weapon or force; the reporting individual is a minor; DVU possesses other means to obtain evidence; and/or available information reveals a pattern of perpetration by a specific person, at a given location, or by a particular group.

If allegations of colleague misconduct are substantiated to the preponderance of evidence standard through the investigation, colleague discipline may be imposed. The colleague complaint procedure, which details the investigation and resolution processes and prohibited colleague conduct, can accessed through the UltiPro Chiclet on the DVU OKTA > Menu > Myself > My Company Info > HR & Ethics Policies.

The Title IX Coordinator will monitor the investigation and resolution of reports of sex and/or gender-based misconduct and facilitate compliance with this policy. Furthermore, the Title IX Coordinator will work with campus administration to identify and initiate strategies intended to remedy the effects on the victim and the DVU community to the extent practicable and reasonable to prevent the recurrence of similar misconduct.
Privacy of the records specific to sex and/or gender-based misconduct investigations is maintained in accordance with applicable law, including FERPA. Any public release of information to comply with the timely warning provisions of the Clery Act will not include the names of victims or information that could easily lead to a victim’s identification. In appropriate instances, pertinent interim actions and the results of disciplinary hearings regarding the alleged perpetrator of misconduct will be disclosed to the alleged victim and/or complainant. Confidentiality will be maintained whenever possible, however DVU reserves the right to exercise discretion and disclose details of an incident or allegation to assure community safety or the safety of an individual.

It is DVU’s policy to hold perpetrators of sex and/or gender-based misconduct accountable for their actions through appropriate student conduct or personnel procedures, and by working with community agencies and law enforcement as appropriate. DVU’s internal review processes shall run concurrently with any criminal justice investigation and proceeding, except for temporary delays as requested by external entities while law enforcement gathers evidence. Temporary delays should not last more than ten days except when law enforcement specifically requests and justifies a longer delay.

Internal mediation between the alleged victim and respondent will not be used to resolve an allegation of sexual misconduct.

Prior sexual history with persons other than the other party in a judicial or conduct process, as well as any mental health diagnosis and/or treatment will be excluded from student conduct hearings at the student’s preference. Past findings of domestic violence, dating violence, stalking, or sexual assault may be admissible in the stage of a review process that determines sanction.

Investigation and response to allegations of sex or gender-based misconduct will include the following, without limitation: trauma informed assistance to the victim/survivor as appropriate; an interview with the victim/survivor; identifying and locating witnesses; contacting and interviewing the respondent; cooperating with law enforcement. In any complaint of sex or gender-based misconduct, the person bringing the accusation and the responding party are both entitled to the same opportunities for notice of any meeting they are required to or are eligible to attend, of the specific rule, rules or laws alleged to have been violated and in what manner, and the sanction or sanctions that may be imposed on the respondent based upon the outcome of the judicial or conduct process, as well as a support person or advisor of their choice throughout the process, consistent with any guidelines set forth applicable to students or colleagues. Once complete, the parties will be informed, in writing, of the outcome. Notice to both parties will include a written statement detailing the factual findings supporting the determination and the rationale for the sanction/discipline (if any) to the degree possible and always when the sanction/discipline is directly relevant to that individual. Delivery of this outcome will not be unduly delayed to either party, and should occur in the same form and format and as near to simultaneously as possible.

Sanctions for student misconduct
Appropriate disciplinary sanctions for substantiated violations of this policy by students, up to and including expulsion, will be imposed in accordance with the Code of Conduct applicable to students found in the Student Handbook (http://www.devry.edu/current-students/current-students-student-handbooks.html). The full list of available sanctions is provided in the Code of Conduct applicable to students. This policy statement is not intended to replace or substitute for the Code of Conduct applicable to students. This policy is a supplement to the community standards that the Code of Conduct applicable to students sets forth. Alleged violations of this policy will be referred to the applicable complaint administrator and/or conduct administrator for appropriate review. All parties in a student conduct proceeding will be informed at the same time and in the same manner of any final determinations, as well as DVU’s appeal process, and their rights to request an appeal. Should any change in outcome occur prior to finalization (e.g., a re-hearing ordered upon appeal), all parties will be informed at the same time and in the same manner, and will be notified when the results of the conduct process is finalized. In addition, violations of this policy may trigger application of sanctions to a student imposed under local, state, or federal law.
Sanctions for colleague misconduct
Alleged violations of this policy by colleagues will be referred to Human Resources for appropriate review. Disciplinary sanctions for a colleague’s violation of this policy may include written reprimand, warning, probation, suspension, change in job assignment, office relocation, reduction of awards under the management incentive plan, or termination of employment or contract, and will be imposed in accordance with applicable DVU policies and procedures. DVU reserves the right to impose further and/or different sanctions appropriate to an individual situation. In addition, violations of this policy may trigger application of sanctions to a colleague imposed under local, state, or federal law.

Reporting by colleagues to external authorities
Colleagues who are made aware of a possible violation of this policy are required to contact their manager or one-up manager and also the Title IX Coordinator. Colleagues can also submit named or anonymous reports of sexual and/or gender-based misconduct by utilizing the DVU Speak Up hotline at (844) 703-9374 or the website, www.devry.ethicspoint.com. Colleagues should contact the Title IX Coordinator with any questions about whether a report to law enforcement is appropriate. Nothing in this policy prohibits a student or colleague from reporting a crime directly to local authorities.

Disciplinary procedures are independent of any and all procedures and proceedings under local, state, or federal criminal or civil law. In all cases, DVU reserves the right to refer cases for parallel criminal prosecution or to pursue sanctions regardless of criminal prosecution. Violations of this policy by a visitor, volunteer, vendor, agents, or other third parties affiliated with DVU may also result in the termination of pre-existing or future relationships.

Victim/Survivor’s Rights
DVU will take interim steps to protect victims of sex and gender-based misconduct and maintain a positive learning and working environment by minimizing or eliminating contact between a complainant and a respondent and providing reasonable academic, employment, and administrative accommodations in accordance with the Clery Act and Title IX. Students who are victims of sex and/or gender-based misconduct may request a change in their academic arrangements by contacting student services, the Title IX Coordinator, or local leadership. Colleagues who are victims of sex and/or gender-based misconduct may request a change in their employment arrangements by contacting their one-up manager, Human Resources, the Title IX Coordinator, or local leadership.

Victim/Survivor’s rights include:
1. The right to notify or not notify law enforcement, and to request and receive assistance from DVU in making a report if desired.
2. The right to summary information on all available response options, such as complaint resolution procedures, including the necessary steps and potential consequences of each option whether or not a formal report is made to the institution.
3. The right to be free from undue coercion from DVU to pursue or not pursue any course of action.
4. The right to be informed of the institution’s role regarding orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a civil, criminal, or tribal court (when applicable).
5. The right to request and receive information on how to make a confidential report for the purposes of tracking campus crime without otherwise divulging details that would require or permit DVU to investigate and respond (when the incident has not yet been reported to a colleague required to notify the Title IX Coordinator).
6. The right to contact information for the Title IX Coordinator, available confidential advisors, community-based resources (sexual assault crisis centers or other appropriate support services), campus security and/or local law enforcement.
7. The right to be fully informed of any applicable disciplinary conduct process and procedures.
8. The same rights as the accused to attend and have a support person of their choice and/or witnesses present at student conduct hearings and any meetings leading up to such a hearing.
9. The right to be informed of the outcome of any student or colleague conduct process involving alleged sex or gender-based misconduct regardless of participation in the process leading to that outcome. In the case of student conduct proceedings, victims have the right to appeal the outcome.

10. The right to request interim protective measures and accommodations including a change in academic, employment, on-campus living, transportation or other arrangements after the alleged sex or gender-based misconduct and to be informed of the reasonably available options for those changes.

11. The right to obtain and have enforced a campus-issued limiting instruction or no contact order or a court issued order of protection or no contact order.

12. The right to be informed about DVU’s ability to provide assistance, upon request, in accessing and navigating campus and/or community resources for health, mental health, advocacy, and/or other services for survivors of sexual assault, relationship violence and other forms of sexual misconduct.

13. The right to be free from any suggestion that they are at fault or should have acted in a different manner to avoid reported sex or gender-based misconduct.

14. The right to not be required to describe the incident to more representatives than absolutely necessary for proper investigation and response and under no circumstances will a victim be required to repeat details of the incident to secure appropriate accommodations.

15. The right to make an impact statement during the point in any conduct review process where the decision maker is prepared to deliberate on appropriate sanctions.

For all colleagues: In the event that a violation of this policy is reported to you, the victim should be provided with the above-listed options and a copy of this policy. For more specific instructions on how to properly comply with this policy, please consult the Title IX Coordinator.

Amnesty for Victims and Witnesses
DVU encourages the reporting of sex and gender-based misconduct by victims and witnesses who are sometimes hesitant to report to DVU officials or participate in the resolution processes because of concern that they may be accused of policy violations, such as underage drinking or drug use at the time of the incident. It is in the best interest of the community that victims and witnesses come forward to share what they know regarding violations of this policy. To encourage reporting, victims and witnesses may be provided with educational options, rather than punitive sanctions, for minor policy violations.

Similarly, DVU encourages direct assistance to those in need as a result of sex or gender-based misconduct. In instances where minor policy violations are revealed as a result of a person providing assistance to a victim, policy violations should not be overlooked, however the DVU may provide educational options, rather than punitive sanctions, to those who offer their assistance.

Retaliation
DVU prohibits retaliation against anyone who reports an incident of sex and gender-based misconduct or any person who assists or participates in a proceeding, investigation or hearing relating to such allegations. Any allegation of retaliation related to the investigation or resolution of a sex or gender-based misconduct allegation will be treated as an independent Title IX complaint requiring consideration of appropriate reparative interim action, as well as investigation and resolution as described in this policy.

Retaliation includes, but is not limited to, any form of intimidation,reprisal, or harassment. All complaints of retaliation should be reported in accordance with DVU’s complaint procedures. If DVU’s procedures would result in students or colleagues being required to submit a complaint to the person whom they believe is retaliating, students or colleagues may submit the retaliation complaint directly to the Title IX Coordinator, or to the campus or location leader or one-up manager, who should also inform the Title IX Coordinator.

Submission of a good-faith complaint or report of sexual or gender-based misconduct will not adversely affect the complainant’s future academic or work environment. DVU will discipline or take other appropriate action
against anyone who retaliates against any person who reports an incident of alleged sexual or gender-based misconduct or who retaliates against any person who assists or participates in a proceeding, investigation or hearing related to such allegations.

Confidentiality
DVU wishes to create an environment in which individuals feel free to discuss concerns and make complaints. DVU understands that complainants, witnesses, and others involved in the investigation process may be concerned about the confidentiality of the information they are sharing. In some cases, however, DVU may be obligated to take action when it becomes aware of information relating to a complaint.

Confidentiality in cases of sex and/or gender-based misconduct will be maintained to the extent permissible by law and consistent with DVU's obligations in investigating complaints. Once an individual discloses identifying information to DVU through the processes described above and in the applicable complaint procedures, that person will be considered to have filed a complaint with DVU. While the confidentiality of information received, the privacy of individuals involved, and compliance with the wishes of the complainant or witnesses cannot be guaranteed, they will be respected to the extent possible and appropriate.

Confidential Resources
The availability of confidential resources permits discussion of an incident without triggering an immediate report to the Title IX Coordinator and institutional or organizational response, both of which may result in or require that the reporter or impacted party being identified. Confidential resources also permit exploration of reporting options and possible consequences before filing a formal report. State or profession specific mandatory reporting laws related to certain types of concerns (i.e. child sexual abuse), may still trigger a requirement for a confidential resource to report an incident to identified enforcement agencies.

If students or colleagues wish to speak with someone who can assure confidentiality, they are encouraged to access counseling services available by referral through DVU’s third party provider, ASPIRE, at (888) 470-1531 or info@myASPIREonline.com (for students) or UHC at (866) 248-4096 or www.liveandworkwell.com (for colleagues). Additional confidential resources may be available on or off campus and vary by location. (See your institution’s student handbook or your campus-specific website).

Resources & Tools
Risk Reduction Tips
Responsibility for sexual misconduct rests with those who commit such acts. Risk reduction tips are not intended to blame the victim. There are precautions we all can take which may limit our exposure to situations which may result in non-consensual sexual acts.

- Communicate limits/ boundaries and respect the limits/ boundaries of others.
- Clearly and firmly say “No” to a sexual aggressor.
- If possible, leave the physical presence of a sexual aggressor or otherwise violently aggressive person.
- If someone is nearby, ask for help.
- Take responsibility for your alcohol/ drug use. Acknowledge that alcohol/drugs lower sexual inhibitions and may make you vulnerable to someone who sees an impaired person as a sexual opportunity.
- Do not take advantage of someone’s intoxication or altered state even if alcohol or drugs were consumed willingly.
- If you choose to share intimate images, pictures, videos or content with others, even those you trust, be clear about your expectations regarding how the information may be used, shared or disseminated. If such information is shared with you, do not share it with others.
- Take care of friends and ask that they take care of you.
- As a sexual initiator, clearly communicate your intentions and give your sexual partner the opportunity to clearly communicate the same.
- Do not make assumptions about consent, sexual availability, sexual attraction, how far an interaction can go, or about physical and/or mental ability to consent.
• Remember that consent should be affirmative and continuous. If there is any question or ambiguity, you should proceed as if you do not have consent.
• Consider mixed messages from a partner to be an indication that sexual conduct should stop so that better communication can occur.
• Recognize the potential for a sexual partner to feel intimidated or coerced by you as a result of a power advantage, your gender, your demeanor or your physical presence. Do not use or abuse that power.

Bystander Intervention Strategies

Intervention by classmates, colleagues and others within proximity to the precursors or signs of possible sexual assault, sexual exploitation, dating violence, domestic violence or stalking can significantly impact the course of an interaction between a latent perpetrator and victim. Bystanders may also encourage friends, classmates and colleagues who are already experiencing victimization to seek assistance sooner than they may have without encouragement, support, or acknowledgement.

Community members are encouraged to recognize warning signs and to consider possible methods of interference in various scenarios before opportunities to intervene arise. By planning ahead, we all maximize the likelihood of being empowered to take safe actions to either prevent sexual misconduct or offer paths to eliminate ongoing victimization.

When a member of the DVU community observes threatening, coercive, forceful, aggressive or harassing behavior, it is important to assess the situation to determine the best possible course of action for all concerned. Some forms of intervention are direct, while others will be less apparent to the perpetrator or others within range of the interaction. Examples include but are not limited to:

• Making up an excuse to get someone out of a dangerous situation.
• Stepping in to change the course of an interaction.
• Warning potential or perceived perpetrators that their actions may lead to severe consequences.
• Refusing to leave the company of a potential victim despite efforts by an aggressor or pursuer to get the potential victim alone.
• Remaining on the scene of observed misconduct and offering to make a statement or act as a witness subsequent to intervention by security, administration or the police.
• Taking steps to reduce alcohol or drug consumption within a potentially dangerous social situation.
• Calling and cooperating with security, administration, the police or others to assist with intervention and accountability.
• Expressing concern or offering resources when you notice someone with unexplained or frequent injuries.
• Refusing to consider sex and/or gender-based misconduct a personal or private matter between the victim and the perpetrator.

Procedures to Follow After a Sexual Misconduct Incident

Victims of any sexual misconduct that might constitute a crime, including domestic violence, dating violence, sexual assault, stalking, and rape (including acquaintance rape) that impacts the DVU community have the option and are encouraged to contact local law enforcement authorities.

Whenever possible, victims should report a violation of this policy as soon as possible and preserve evidence as may be necessary to prove that domestic violence, dating violence, sexual assault, or stalking occurred, or to obtain a protection order. Victims of sexual assault or rape are strongly encouraged to report the incident as described in this policy to deter future assaults and to ensure that victims receive the services they need. Steps should be taken to help deal with physical and emotional trauma associated with the violation. Recommended steps include:

1. Go to a safe place; go somewhere to get emotional support.
2. Consider reporting the incident to the police. If requested, DVU will assist with notification.
3. Report the misconduct to the student central leader, conduct administrator, complaint administrator, one-up manager, campus incident commander, local DVU leadership, Title IX Coordinator, or Human Resources.

4. For your safety and well-being, immediate medical attention is encouraged. Being examined as soon as possible, ideally within 120 hours, is important especially in the case of rape and other forms of sexual assault. The hospital will arrange for a specific medical examination at no charge. To preserve evidence, it is recommended that, if at all possible, you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate or change clothes before that exam. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care. Additionally, you are encouraged to gather bedding, linens or unlaunched clothing and any other pertinent articles that may be used for evidence. Secure them in a clean paper bag or clean sheet.

5. Even after the immediate crisis has passed, consider seeking professional counseling and the support of local and specialized support agencies such as sexual assault recovery centers and domestic violence safe houses. This can help to recover from psychological effects and provide a safe environment for recovery.

6. Contact the student central leader, academic advising team lead (for online), conduct administrator, complaint administrator, one-up manager, Title IX coordinator, or Human Resources if you need assistance with DVU related concerns, such as implementing no-contact orders or other protective measures. DVU may also liaise with local authorities to assist an individual who wishes to obtain protective or restraining orders.

Victims are not required to report an incident to law enforcement authorities, but campus authorities will assist victims who wish to do so. Anyone with knowledge about a sexual assault or other sex or gender-based misconduct is encouraged to report it immediately to the Title IX Coordinator in order to permit a coordinated report to the applicable law enforcement authorities when appropriate. Nothing in this policy prohibits a student or colleague from reporting a crime directly to local authorities.

**Campus Sex Crimes Prevention Act**

The Campus Sex Crimes Prevention Act requires sex offenders already required to register in a State to provide notice, as required under State Law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. The act requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems. These changes became effective two years after enactment of the law (2002).

This act amends the Higher Education Act of 1965 to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. This change takes effect two years after enactment (2002).
This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

Convicted sex offenders or sexual predators attending or employed at an institution of higher education in Illinois are required to comply with The Illinois Sex Offender Registration Act. The act requires sex offenders/predators to register in person with the public safety or security director of the institution of higher education at which he or she is employed or attends. Please contact the appropriate Illinois Incident Commander to register.

Illinois requires an institution that contracts with a school district to provide educational service to K-12 students to collect fingerprints of any colleagues who will have regular contact with the K-12 students. This process is maintained by Human Resources.

To check registered sex offenders in a state see the State Offender Registry List section.

**Laws Regarding Alcohol and Drugs**

**Federal**
Federal law penalizes the unlawful manufacturing, distribution, use, sale, and possession of controlled substances. The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. Federal law sets penalties for first offenses ranging from less than one year
to life imprisonment and/or fines up to $10 million. Penalties may include forfeiture of property, including vehicles used to possess, transport, or conceal a controlled substance; the denial of professional licenses or Federal benefits, such as student loans, grants, and contracts; successful completion of a drug treatment program; community service; and ineligibility to receive or purchase a firearm. Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an education facility is subject to a doubling of the applicable maximum punishments and fines. See the Federal Controlled Substances Act at 21 USC 800.

COLORADO
In addition to the Federal laws, the State of Colorado has its own laws dealing with controlled substances.

**Student Rights Under FERPA**

*(The Family Educational Rights and Privacy Act)*
DeVry University respects the rights and privacy of its students and acknowledges the responsibility to maintain confidentiality of personally identifiable information.

FERPA is a federal law that affords students the following rights with respect to their education records. These rights include:

1. **The Right To Inspect And Review The Student’s Education Records**
   Students have the right to review their education records within 45 days of the day the institution receives their request. Students should submit to the registrar, Dean, or head of the academic department a written request that identifies the record(s) they wish to inspect. The institution official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the official to whom the request is submitted does not maintain the records, that official will advise the student of the correct official to whom the request should be addressed.

2. **The Right To Seek An Amendment Of Inaccurate Or Misleading Information**
   Students may ask the institution to amend a record that they believe is inaccurate or misleading. They should write to the official responsible for the record, clearly identify the part of the record they believe should be changed and specify why it is inaccurate or misleading. If the institution decides not to amend the record as requested by the student, the student will be notified of the decision and advise of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when they are notified of the right to a hearing. Following the hearing, if the institution still decides not to amend the record, the student has a right to place a clarifying statement in the record.

3. **The Right To Limit Disclosure Of Personally Identifiable Information**
   Students have the right to consent to disclosure of personally identifiable information contained in their educational records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to a school official who has a legitimate educational interest. A school official is a person employed by the institution in an administrative, supervisory, academic, research, or support staff position (including campus security, incident commanders, and health staff) or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer, or contractor outside of the institution who performs an institutional service or function for which the institution would otherwise use its own employees and who is under the direct control of the institution with respect to the use and maintenance of PII form education records, such as an attorney, auditor, intern or collection agent, or a student volunteering to assist another school official in performing their tasks. School officials have a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibilities for the institutions. Another exception that permits disclosure without consent is disclosure of directory information. Directory information is not considered to be harmful or an invasion of privacy if disclosed. See the Directory Information section for additional information.

4. **The Right To File A Complaint With The U.S. Department of Education If The Institution Fails To Comply With FERPA Requirements**
   Complaints Should Be Directed To:
   
   Family Policy Compliance Office  
   U.S. Department of Education  
   400 Maryland Avenue, SW  
   Washington, DC 20202-4605  
   Phone: 1-800-USA-LEARN (1-800-872-5327)

   **Directory Information**
   The Family Educational Rights and Privacy Act (FERPA) designates certain student information as “Directory Information” and gives the institution the right to disclose such information without having to
ask students` permission. The items listed below as “Directory Information” may be released for any purpose at the discretion of the institution. Under the provisions of FERPA, students have the right to withhold the disclosure of any or all of the categories of information listed below. **The following information will be released unless students specifically request that their information be withheld:**

- **Directory Information:** Name, address, telephone number, email address, date and place of birth, dates of attendance, previous institution(s) attended, major field of study (program), enrollment status, degrees and awards, past and present participation in officially recognized activities.
- **Hometown program:** Through DeVry’s Hometown program, information regarding students` enrollment, activities, honors, graduation, awards, and employment may be released to newspapers, students` high schools, and various DeVry departments for informational and promotional materials it publishes.
- **Career Services:** Students approaching graduation and working with career services staff on career planning, job interviewing, and resume preparation authorize release of the following records for a period of fifteen months after graduation: the resume, identifying data, academic work completed, immigration status (if applicable), and authorize career services to verify information graduates provide regarding their employment. At no time is compensation information released or published.

**To Withhold Information**

To have directory, hometown program, or career services information withheld, students must submit a written request to the Registrar. Once filed, this request becomes a permanent part of the student’s record and no information may be released until the student instructs the institution otherwise.

**Voter Registration**

As a participant in Title IV Federal Student Financial Aid programs, DeVry University would like to remind students who are U.S. citizens of the importance of registering to vote.

If you are interested in participating in local, state, or national elections, please visit the Election Assistance Commission website at [www.eac.gov/voter_resources/register_to_vote.aspx](http://www.eac.gov/voter_resources/register_to_vote.aspx) to learn how you can register to vote.

**Student Right to Know and Higher Education Opportunity Act Disclosures**

DeVry University is committed to providing transparency for our applicants and students on the key outcomes for our students, including graduation rates. Yearly, prior to July 1st, DeVry University and its Keller Graduate School of Management publish these disclosures on the Student Consumer Information page. The Student Right to Know Disclosures can be found at [https://www.devry.edu/compliance/student-consumer-info.html#student-right-to-know-disclosures](https://www.devry.edu/compliance/student-consumer-info.html#student-right-to-know-disclosures) and the Higher Education Opportunity Act Disclosures can be found at: [https://www.devry.edu/compliance/student-consumer-info.html#higher-education-opportunity-act](https://www.devry.edu/compliance/student-consumer-info.html#higher-education-opportunity-act).

**Unauthorized Distribution of Copyrighted Materials**

DeVry University strives to provide access to varied materials, services, and equipment for students, faculty, and staff and does not knowingly condone policies or practices that constitute an infringement of Federal copyright law. Transmitting or downloading any material that you do not have the rights to make available and that infringes any patent, trademark, trade secret, copyright, or other proprietary rights of any party is prohibited.

Installing or distributing pirated or unlicensed software is also forbidden. Violation of these requirements may subject students, faculty, and staff to civil and criminal liabilities. Students, faculty, or staff who violate federal
copyright law do so at their own risk. Copyright status is applied to a work as soon as it is created. Users should assume that all writings and images are copyrighted.

Title 17 of the United States Code (17 USC §501 et seq.) outlines remedies for copyright infringement that may include some or all of the following: obtaining an injunction to stop the infringing activity; impounding and disposing of the infringing articles; an award to the copyright owner of actual damages and the profits of the infringer, or in the alternative, an award of statutory damages which may be increased if the infringement is found to be willful; an award of two times the amount of the license fee a copyright owner could have gotten; an award of the full costs incurred in bringing an infringement action, and the award of attorney’s fees; and for criminal copyright infringement, fines, and imprisonment.

DeVry University maintains a campus network to support and enhance the academic and administrative needs of our students, faculty, and staff. DeVry University is required by Federal Law – H.R. 4137 – to make an annual disclosure informing students that illegal distribution of copyrighted materials may lead to civil and/or criminal penalties. DeVry University takes steps to detect and punish users who illegally distribute copyrighted materials.

DeVry University reserves the right to suspend or terminate network access to any campus user that violates this policy and network access may be suspended if any use is impacting the operations of the network. Violations may be reported to appropriate authorities for criminal or civil prosecution. The existence and imposition of sanctions do not protect members of the campus community from any legal action by external entities.

Alternative to Illegal Downloading

Illegal downloads hurt artists and deter the incentive to create. U.S. laws protect the rights of individuals regarding their own works. Below are lists of sites that offer free or inexpensive products that you can use without violating copyright law.

<tr>
<td><strong>Online (Federal)</strong> 34 CFR §668.46</td>
<td><strong>Dating Violence</strong> is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. <strong>Domestic Violence</strong> is a felony or misdemeanor crime of violence committed: (A) By a current or former spouse or intimate partner of the victim; (B) By a person with whom the victim shares a child in common; (C) By a person who is cohabitating with or has cohabitated with, the victim as a spouse or intimate partner; (D) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or (D) By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred. <strong>Sexual Assault</strong> is an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program. The FBI’s UCR program defines sexual assault as any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent: <em>Fondling</em>—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity; <em>Incest</em>—Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law; and <em>Statutory Rape</em>—Sexual intercourse with a person who is under the statutory age of consent. <strong>Stalking</strong> is engaging in a course of conduct directed at a specific person that would cause a reasonable person to: fear for the person’s safety or the safety of others or suffer substantial emotional distress. For the purposes of this definition—<em>Course of conduct</em> means two or more acts, including, but not limited to, acts in which the talker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property; <em>Reasonable Person</em> means a reasonable person under similar circumstances and with similar identities to the victim; and <em>Substantial Emotional Distress</em> means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.</td>

The institution has determined, based on good-faith research that **Dating Violence** is not defined by California law. However, offenses of this nature are included under the definition of **Domestic Violence**.

**Domestic Violence** means abuse committed against an adult or a minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship.

For purposes of this subdivision, “cohabitant” means two unrelated adult persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to, (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as spouses, (5) the continuity of the relationship, and (6) the length of the relationship.

**Sexual Assault**: The California Legislature finds and declares that all forms of non-consensual sexual assault may be considered rape for purposes of the gravity of the offenses and the support of survivors. Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act, the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, “unconscious of the nature of the act” means incapable of resisting because the victim meets any one of the following conditions:

(A) Was unconscious or asleep.

(B) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(C) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator’s fraud in fact.

(D) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator’s fraudulent representation that the sexual penetration served a professional purpose when it served no professional purpose.

(5) Where a person submits under the belief that the person committing the act is someone known to the victim other than the accused, and this belief is induced by any
artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim’s will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph, “threatening to retaliate” means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim’s will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, “public official” means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) As used in this section, “duress” means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in an act to which one otherwise would not have submitted. | Colorado | The institution has determined, based on good-faith research, that Colorado law does not define the term Dating Violence. However, offenses of this nature are defined under Domestic Violence. Domestic Violence means an act or threatened act of violence upon a person with whom the actor is or has been involved in an intimate relationship. Domestic Violence also includes any other crime against a person or against property or any municipal ordinance violation against a person or against property, when used as a method of coercion, control, punishment, intimidation, or revenge directed against a person with whom the actor is or has been involved in an intimate relationship. - The actor knows that the victim submits erroneously, believing the actor to be the victim’s spouse;
- At the time of the commission of the act, the victim is less than fifteen years of age and the actor is at least four years older than the victim and is not the spouse of the victim;
- At the time of the commission of the act, the victim is at least fifteen years of age but less than seventeen years of age and the actor is at least ten years older than the victim and is not the spouse of the victim;
- The victim is in custody of law or detained in a hospital or other institution and the actor has supervisory or disciplinary authority over the victim and uses this position of authority to coerce the victim to submit, unless the act is incident to a lawful search;
- The actor, while purporting to offer a medical service, engages in treatment or examination of a victim for other than a bona fide medical purpose or in a manner substantially inconsistent with reasonable medical practices; or
- The victim is physically helpless and the actor knows the victim is physically helpless and the victim has not consented. |

| New York | The institution has determined, based on good-faith research, that New York law does not define the term **Dating Violence**. However, offenses of this nature are defined under **Domestic Violence**. **Domestic Violence** is a pattern of coercive tactics that can include physical, psychological, sexual, economic, and emotional abuse, perpetrated by one person against an adult intimate partner, with the goal of establishing and maintaining power and control. Domestic violence occurs in all kinds of intimate relationships, including married couples, people who are dating, couples who live together, people with children in common, same-sex partners, people who were formerly in a relationship with the person abusing them, and teen dating relationships. The institution has determined, based on good-faith research, that New York law does not define the term **Sexual Assault** but categorizes a broad range of crimes under the title **Sexual Misconduct**. A person is guilty of **Sexual Misconduct** when: 1. He or She engages in sexual intercourse with another person without such person’s consent; or 2. He or She engages in oral sexual conduct or anal sexual conduct with another person without such person’s consent; or 3. He or she engages in sexual conduct with an animal or a dead human body. In the State of North Carolina, a defendant is guilty of stalking if the defendant willfully on more than one occasion harasses another person without legal purposes or willfully engages in a course of conduct directed at a specific person without legal purpose and the defendant knows or should know that the harassment or the course of conduct would cause a reasonable person to do any of the following: (1) Fear for the person’s safety or the safety of the person’s immediate family or close personal associates, (2)

However, **Family Violence** is defined as an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assault, but does not include defensive measure to protect oneself; (2) abuse by a member of a family or household toward a child of the family or household; or (3) Dating Violence.

**Virginia**

*Office of the Attorney General of Virginia*

**Domestic and Sexual Violence Initiatives**

*Virginia Code, §16.1-228*

*Virginia Code, §18.2-67.10*

*Virginia Code, §18.2-60.3*

In the State of Virginia, the Office of the Attorney General describes **Dating Violence** as a kind of intimate partner violence that occurs between two people in a close relationship. It is a pattern of abusive behaviors by one partner against the other within the context of either casual dating or long-term relationship. It can also take many forms, including psychological and emotional abuse, physical abuse, and sexual abuse. In the State of Virginia, “Domestic Violence” is not defined. However, **Family Abuse** means any act involving violence, force, or threat that results in bodily injury or places one in reasonable apprehension of death, sexual assault, or bodily injury and that is committed by a person against such person’s family or household member. Such act includes, but is not limited to, any forceful detention, stalking, criminal sexual assault, or any criminal offense that results in bodily injury or places one in reasonable apprehension of death, sexual assault, or bodily injury.

For the purposes of this definition, a **Family or Household member** means (i) the person’s spouse, whether or not he or she resides in the same home with the person, (ii) the person’s former spouse, whether or not he or she resides in the same home with the person, (iii) the person’s parents, stepparents, children, stepchildren, brothers, sisters, half-brothers, half-sisters, grandparents and grandchildren, regardless of whether such persons reside in the same home with the person, (iv) the person’s mother-in-law, father-in-law, sons-in-law, daughters-in-law, brothers-in-law and sisters-in-law who reside in the same home with the person, (v) any individual who has a child in common with the person, whether or not the person and that individual have been married or have resided together at any time, or (vi) any individual who cohabits or who, within the previous 12 months, cohabited with the person, and any children of either of them then residing in the same home with the person.

The institution has determined, based on good-faith research, that “Sexual Assault” is not defined by Virginia law. However, **Sexual Abuse** means an act committed with the intent to sexually molest, arouse, or gratify any person, where: (a) the accused intentionally touches the complaining witness’s intimate parts or material directly covering such intimate parts; (b) the accused forces the complaining witness to touch the accused’s, the witness’s own, or another person’s intimate parts or material directly covering such intimate parts; (c) if the complaining witness is under the age of 13, the accused causes or assists the complaining witness to touch the accused’s, the witness’s own, or another person’s intimate parts or material directly covering such intimate parts; or (d) the accused forces another person to touch the complaining witness’s intimate parts or material directly covering such intimate parts.

In the State of Virginia, **Stalking** is defined as: Any person, except a law-enforcement officer, and acting in performance of his official duties, and a registered private investigator, who is regulated and acting in the course of his legitimate business, who on more than one occasion engages in conduct directed at another person with the intent to place, or when he knows or reasonably should know that the conduct places that other person in reasonable fear of death, criminal sexual assault, or bodily injury to that other person or to that other person’s family or household member is guilty of a Class 1 misdemeanor. If the person contacts or follows or attempts to contact or follow
the person at whom the conduct is directed after being given actual notice that the person does not want to be contacted or followed, such actions shall be prima facie evidence that the person intended to place that other person, or reasonably should have known that the other person was placed, in reasonable fear of death, criminal sexual assault, or bodily injury to himself or a family or household member.
