### ABOUT THIS DEGREE PROGRAM

#### A FOUNDATION IN BUSINESS

This program features a series of essential Business Core courses to help build interdisciplinary skills critical to workplace success. These courses introduce students to key disciplines that support business careers and cover concepts related to general business principles, including accounting, marketing, management and the analytic skills that inform business decision-making.

The Business Core coursework introduces students to contemporary workplace applications. In each course, the learning experience is enhanced through activities that help students apply the course material, while shaping future education and career choices.

#### A PROGRAM TO FUEL YOUR FUTURE

Develop the fundamental skills needed to help shape an organization’s budgeting and resource plans when you pursue the Budgeting and Forecasting track. You will be introduced to accounting principles, design and implement budgets and use accounting information to analyze data.

#### IS THIS PROGRAM FOR YOU?

Interested in understanding basic accounting principles and the impact of finances to an organization’s current plans and future success? Then this program may be the right fit for you.
