BACHELOR’S DEGREE PROGRAM | HEALTH
HEALTHCARE ADMINISTRATION
Specialization: Healthcare Management

ABOUT THIS DEGREE PROGRAM

A FOUNDATION IN BUSINESS
This program features a series of essential Business Core courses to help build interdisciplinary skills critical to workplace success. These courses introduce students to key disciplines that support business careers and cover concepts related to general business principles, including accounting, marketing, management and the analytic skills that inform business decision-making.

The Business Core coursework introduces students to contemporary workplace applications. In each course, the learning experience is enhanced through activities that help students apply the course material, while shaping future education and career choices.

A PROGRAM TO FUEL YOUR FUTURE
This specialization can help prepare you to play an important role in areas such as healthcare policy, managed care, insurance, information systems or finance. You’ll learn to develop real skills in healthcare administration such as how to approach managed care and the financing and delivery of healthcare services in the U.S., how to manage corporate Human Resources and more.

IS THIS PROGRAM FOR YOU?
This program is designed to prepare you for administration roles in the healthcare industry, and provides an opportunity for you to attain the knowledge and skills that are competitive in healthcare fields.

CAREER OPPORTUNITIES
Graduates of DeVry University’s Healthcare Administration degree program with a specialization in Healthcare Management may consider careers including, but not limited to, the following:
