

## *Illinois Articulation Initiative (IAI)*

DeVry University is proud to participate in the Illinois Articulation Initiative (IAI) as a receiving institution. The IAI is a statewide agreement among all of the public and some private four-year and two-year higher education institutions in Illinois (over 100). The Illinois Transferable General Education Core Curriculum consists of 12 to 13 courses equal to 37 to 41 semester hours of credit, within five areas as a package.

DeVry University accepts the package of IAI general education courses from institutions that have been approved by the IAI. This means that all lower-division general education requirements have been satisfied for bachelor's degree programs. Transfer credit will be accepted in the following areas from the package: Communications, Mathematics, Natural Sciences, Humanities, and Social Science. Credit will be applied towards one of our bachelor's degree programs, as long as the grade earned meets our minimum requirement of a C or higher.

Also, to promote seamless transfer and in recognition of prior learning, eligible students who have completed an A.A. or A.S. degree from a DeVry-recognized postsecondary institution, who earned a cumulative grade point average of at least a 2.0 (on a scale of 4.0), may be eligible to transfer their degree as a block of credits to DeVry University. This opportunity is available to students admitted into a DeVry University bachelor's degree program that directly parallels their A.A. or A.S. degree and area of specialization.

## *Process*

Applicants seeking to transfer credit must:

1. Request a formal credit evaluation prior to beginning the first class at DeVry University; and
2. Provide to DeVry an official transcript from the institution where the credit was earned.

Please see a DeVry University admissions representative to request a transfer credit evaluation. Transfer credit is considered on an individual basis and awarded only upon receipt of an official transcript.

## *Limitations and Restrictions*

Admission and transfer credit applicability are subject but not limited to DeVry University's admission requirements, program requirements, and academic policies, including but not limited to the external transfer credit policy. Additional state-specific requirements for transfer credit acceptance may apply.

Please note the following:

- A grade of C (70%) or higher is required for all transfer credits to DeVry University. Courses accepted in transfer may not be applicable to the academic program chosen by the student.
- The number of credits granted for any course equivalency may not exceed the number on the transcript associated with the transfer course.
- Curriculum changes at either institution may affect transferability and applicability of certain credits. A time limit may be imposed on the ability to transfer credits for some courses, especially those in technical or evolving areas.
