KNOW BEFORE YOU GO FACT SHEET

WHAT WILL I LEARN AND EXPERIENCE IN MY STUDIES?
You will conduct experiments with electronics and software systems, employing appropriate test equipment to evaluate performance and determine needed repairs. You will also construct and configure working prototypes of pre-designed systems that combine hardware and software.

As part of your graduation requirements, you will be required to work with other students to complete a senior project focused on developing real-life solutions to business challenges.

WHAT SERVICES WILL I RECEIVE?
Services available to all students include:
Student Support Advisors help you plan your coursework and develop a financial plan to pay for your education.

Counseling, legal and financial planning services through the ASPIRE Student Assistance Program.
Career Services will guide you through the career search process as you approach graduation.
E-tutoring is available 24/7 in a variety of subject areas, including writing assistance.

PROGRAM COSTS AND STUDENT LOANS
Total program costs for a student with no transfer credits is $40,574
Average Program Cost: $31,847
Average Student Loan Debt: $17,670

COMPLETION RATES
For the Associate of Applied Science in Electronics & Computer Technology, the completion rate for first-time full-time students is 29.2%.

22.4% of all new full-time students entering the Associate of Applied Science in Electronics & Computer Technology, including students who attended another college before DeVry University, graduated.

LOAN DEFAULT RATES
10.1% of students who attended DeVry University and received federal student loans and entered repayment in the year ending 9/30/2017 defaulted on their student loans.
9.7% of students who attended any 4-year U.S. college and received federal student loans who entered repayment in the year ending 9/30/2017 defaulted on their student loans.

EMPLOYMENT OUTLOOK
To learn more about potential wage and employment for someone with an Associate of Applied Science in Electronics & Computer Technology, please visit https://www.onetonline.org/crosswalk/SOC/. Click the link below for the positions that are of interest to you to learn more about the employment outlook for that opportunity.

Applicable Standard Occupational Codes (SOC) for the employment positions determined to be in field:
17-3023.00 (Electrical and Electronic Engineering Technologists and Technicians)

Some programs offered by DeVry University and its Keller Graduate School of Management may include certification exam preparation materials within the curriculum. Completion of educational programs offered by DeVry do not lead to professional licensure or certification that are a prerequisite for employment. Before seeking professional licensure or certification, students interested in doing so after the completion of a DeVry program are encouraged to confirm eligibility and ensure all necessary requirements can be met.

COLLEGE SCORECARD
The U.S. Department of Education’s College Scorecard, a tool designed to help students make informed decisions about higher education, including information on salary by field of study for students using Title IV funding, can be found here: https://collegescorecard.ed.gov/

1In Florida, Associate of Science in Electronics and Computer Technology; in New Jersey, New York and Pennsylvania, Associate in Applied Science in Electronics and Computer Technology
2Financial Aid is available for those who apply and qualify.
IMPORTANT INFORMATION ABOUT THE KNOW BEFORE YOU GO FACT SHEET:

How relevant is this information to me? The Know Before You Go Fact Sheet provides information about DeVry University and its Associate of Applied Science in Electronics & Computer Technology program and information about U.S. colleges as a whole. Certain information, such as earnings outcomes, can be different depending on where you plan to live and your individual situation and experience. The Fact Sheet information is intended to help you compare some information about DeVry University and its Associate of Applied Science in Electronics & Computer Technology program to other colleges as you think about your choices.

INFORMATION SOURCES

Total Program Costs: This is the total tuition, fees and average estimated textbook and equipment expense at the current tuition rate for a student attending full time who completes the minimum credit hours required for graduation. There may be a slight difference between minimum credit hours required for graduation and total credit hours required if all courses are taken at DeVry. Credit hour differences may benefit students with qualifying transfer credit.

Average Program Cost: The figure displayed is a calculation of the average tuition, required fees and textbook charges for students using Title IV aid who graduated from the program within the normal program length between 7/1/2018-6/30/2019. Please note, this figure is an average and does not represent the actual tuition, fees and books charged to each student.

Average Student Loan Debt: The figure displayed is a calculation of the average total debt (including federal, private and institutional loans) of students using Title IV aid who completed this program within the normal program length between 7/1/2018-6/30/2019. Please note, this figure is an average and actual debt amounts could vary.

Employment Outlook: To learn more about potential wage and employment for someone with a Associate of Applied Science in Electronics & Computer Technology, please visit https://www.onetonline.org/crosswalk/SOC/. Enter the SOC Code for the position that is of interest to you. Click the link to view the summary report.

Completion rate for first-time, full-time students (for both DeVry University and all U.S. Colleges) is the U.S. Department of Education’s measure of the percentage of students who are new to college and entered full-time in the Fall of 2013, who complete the program within 150% of program length (for a bachelor’s degree program, normal time is usually 4 years, and 150% of normal time is 6 years).

Completion rate for all new full-time “DeVry University students” is defined similarly to the “first-time, full-time” completion rate above except it includes those who previously attended another institution. DeVry University calculates this measure based on DeVry University data for the program from the Fall 2013 cohort.

Loan Default Rate is the percentage of borrowers (4 year U.S. Colleges and DeVry University) entering repayment in 2017 who defaulted on their loans within 3 years. Provided by the U.S. Department of Education and can be found at: http://www2.ed.gov/offices/OSFAP/defaultmanagement/cdr.html. In addition, a Loan Repayment Rate for former DeVry University students as well as those who attended other institutions can be found on the College Scorecard: https://collegescorecard.ed.gov/.

In New York, DeVry University operates as DeVry College of New York. DeVry University is accredited by The Higher Learning Commission (HLC, www.hlcommission.org). Keller Graduate School of Management is included in this accreditation. DeVry is certified to operate by the State Council of Higher Education for Virginia. Arlington Campus: 2450 Crystal Dr., Arlington, VA 22202. DeVry University is authorized for operation as a postsecondary educational institution by the Tennessee Higher Education Commission. www.tn.gov/thec; Nashville Campus: 301 S. Perimeter Park Dr., Ste. 100, Nashville, TN 37211. Programs, course requirements and availability vary by location. Some courses may be available online only. All students enrolled in site-based programs will be required to take some coursework online and, for some programs and locations, a substantial portion of the program may be required to be completed online. ©2021 DeVry Educational Development Corp.
