

BACHELOR OF SCIENCE IN ENGINEERING TECHNOLOGY

KNOW BEFORE YOU GO FACT SHEET

WHAT WILL I LEARN AND EXPERIENCE IN MY STUDIES?

DeVry's Engineering Technology bachelor's degree program prepares students with foundational knowledge and hands-on experience in the test, measurement and design of electrical and digital systems and devices. This program also prepares graduates to support engineers in the execution and maintenance of systems, processes and technical operations. In addition to technical coursework, students select from a wide range of technical and business courses to augment and focus their program to their desired career goals.

As part of your graduation requirements, you will be required to work with other students to complete a senior project focused on developing real-life solutions to business challenges.

PROGRAM COSTS AND STUDENT LOANS¹

Total program costs for a student with no transfer credits is \$71,034

Average Tuition, Fees, and Books Charged: \$61,759

Average Student Loan Debt: \$33,569

COMPLETION RATES

For the Bachelor of Science in Engineering Technology, the completion rate for first-time full-time students is 39.7%

19.3% of all new full-time students entering the Bachelor of Science in Engineering Technology, including students who attended another college before DeVry University, graduated.

LOAN DEFAULT RATES

2.3% of students who attended DeVry University and received federal student loans and entered repayment in the year ending 9/30/2019 defaulted on their student loans.

2.3% of students who attended any 4-year U.S. college and received federal student loans who entered repayment in the year ending 9/30/2019 defaulted on their student loans.

WHAT SERVICES WILL I RECEIVE?

Services available to all students include:

Student Support Advisors help you plan your coursework and develop a financial plan to pay for your education.

Counseling, legal and financial planning services through the StudentLinc Student Assistance Program.

Career Services will guide you through the career search process as you approach graduation.

E-tutoring is available 24/7 in a variety of subject areas, including writing assistance.

EMPLOYMENT OUTLOOK

To learn more about potential wage and employment for someone with a Bachelor of Science in Engineering Technology, please visit <https://www.onetonline.org/crosswalk/SOC/>. Click the link below for the positions that are of interest to you to learn more about the employment outlook for that opportunity.

Applicable Standard Occupational Codes (SOC) for the employment positions determined to be in field:

[17-3023.00 \(Electrical and Electronic Engineering Technologists and Technicians\)](#)

Some programs offered by DeVry University and its Keller Graduate School of Management may include certification exam preparation materials within the curriculum. Completion of educational programs offered by DeVry do not lead to professional licensure or certification that are a prerequisite for employment. Before seeking professional licensure or certification, students interested in doing so after the completion of a DeVry program are encouraged to confirm eligibility and ensure all necessary requirements can be met.

COLLEGE SCORECARD

The U.S. Department of Education's College Scorecard, a tool designed to help students make informed decisions about higher education, including information on salary by field of study for students using Title IV funding, can be found here:

<https://collegescorecard.ed.gov/>

¹Financial Aid is available for those who apply and qualify.

IMPORTANT INFORMATION ABOUT THE KNOW BEFORE YOU GO FACT SHEET:

How relevant is this information to me? The Know Before You Go Fact Sheet provides information about DeVry University and its Bachelor of Science in Engineering Technology program and information about U.S. colleges as a whole. Certain information, such as earnings outcomes, can be different depending on where you plan to live and your individual situation and experience. The Fact Sheet information is intended to help you compare some information about DeVry University and its Bachelor of Science in Engineering Technology program to other colleges as you think about your choices.

INFORMATION SOURCES

Total Program Costs: This is the total tuition, fees and average estimated textbook and equipment expense at the current tuition rate for a student attending full time who completes the minimum credit hours required for graduation. There may be a slight difference between minimum credit hours required for graduation and total credit hours required if all courses are taken at DeVry. Credit hour differences may benefit students with qualifying transfer credit.

Average Program Cost: The figure displayed is a calculation of the average tuition, required fees and textbook charges for students using Title IV aid who graduated from the program within the normal program length between 7/1/2021-6/30/2022. Please note, this figure is an average and does not represent the actual tuition, fees and books charged to each student.

Average Student Loan Debt: The figure displayed is a calculation of the average total debt (including federal, private and institutional loans) of students using Title IV aid who completed this program within the normal program length between 7/1/2021-6/30/2022. Please note, this figure is an average and actual debt amounts could vary.

Employment Outlook: To learn more about potential wage and employment for someone with a Bachelor of Science in Engineering Technology, please visit <https://www.onetonline.org/crosswalk/SOC/>. Enter the SOC Code for the position that is of interest to you. Click the link to view the summary report.

<https://www.onetonline.org/link/summary/17-3023.00>

Completion rate for first-time, full-time students (for both DeVry University and all U.S. Colleges) is the U.S. Department of Education's measure of the percentage of students who are new to college and entered full-time in the Fall of 2015, who complete the program within 150% of program length (for a bachelor's degree program, normal time is usually 4 years, and 150% of normal time is 6 years).

Completion rate for all new full-time "DeVry University students" is defined similarly to the "first-time, full-time" completion rate above except it includes those who previously attended another institution. DeVry University calculates this measure based on DeVry University data for the program from the Fall 2015 cohort.

Loan Default Rate is the percentage of borrowers (4 year U.S. Colleges and DeVry University) entering repayment in 2019 who defaulted on their loans within 3 years. Provided by the U.S. Department of Education and can be found at: <http://www2.ed.gov/offices/OSFAP/defaultmanagement/cdr.html>. In addition, a Loan Repayment Rate for former DeVry University students as well as those who attended other institutions can be found on the College Scorecard: <https://collegescorecard.ed.gov/>.

In New York, DeVry University operates as DeVry College of New York. DeVry University is accredited by The Higher Learning Commission (HLC), www.hlcommission.org. The University's Keller Graduate School of Management is included in this accreditation. DeVry is certified to operate by the State Council of Higher Education for Virginia. Arlington Campus: 1400 Crystal Dr., Ste. 120, Arlington, VA 22202. DeVry University is authorized for operation as a postsecondary educational institution by the [Tennessee Higher Education Commission](http://www.tennesseehighereducation.com). Naperville Campus: 1200 E. Diehl Rd., Naperville, IL 60563. Program availability varies by location. In site-based programs, students will be required to take a substantial amount of coursework online to complete their program.
