MASTER’S DEGREE PROGRAM

ACCOUNTING & FINANCIAL MANAGEMENT

Emphasis: Finance

ABOUT THIS DEGREE PROGRAM

The Master of Accounting & Financial Management (MAFM) program emphasizes coursework – taught from the practitioner’s perspective – focusing on applying concepts and skills in areas including financial accounting and reporting, managerial accounting, and financial management. The program is designed to prepare students with knowledge, skills and competencies needed in the areas of finance, financial management, financial analysis and accounting.

To tailor the MAFM program to their professional interests and goals, students select one of two emphases: Finance or CPA Exam Preparation. Students must choose an emphasis at the time of admission; successful completion of an emphasis is noted on transcripts. Total program length varies based on the number of courses taken per eight-week session.

FINANCE EMPHASIS

This emphasis includes career-focused coursework designed to prepare you for a variety of professional fields in finance such as mergers and acquisitions, business management with financial institutions, mutual funds, securities firms, personal wealth management firms and financial planning firms, including positions involving an understanding of sale of securities. The MAFM program with Finance emphasis requires successful completion of 39 semester-credit hours.

1 Credits and degrees earned from this institution do not automatically qualify the holder to participate in professional licensing exams to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest. For instance, typically 150 credit hours or education are required to meet state regulatory agency education requirements for CPA licensure.

2 Employment in this occupation may require years of relevant experience.
