Master’s Degree Program
ACCOUNTING

[for Pennsylvania residents]

ABOUT THIS DEGREE PROGRAM

The Master of Science in Accounting program is designed for individuals with an undergraduate specialization in accounting or finance who wish to advance their education. Specifically, the program can benefit students preparing to seek CPA licensure; those who have passed the CPA exam and are seeking to meet additional academic requirements for CPA licensure; and licensed CPAs seeking a credential that may enable them to teach accounting in higher education institutions.

The MSAC program requires successful completion of 30 semester-credit hours. The program includes elective courses that provide flexibility in customizing the program to meet professional and personal goals. Total program length varies based on the number of courses taken per eight-week session.

KNOWLEDGE AND SKILLS

- Preparing students to apply current accounting theory and practice in a wide range of occupations.
- Providing students with additional academic work required to pursue professional licensure.
- Providing students who are licensed accountants with career-enhancement capabilities through an advanced study of accounting.
- Enabling students to analyze new and existing regulations and standards.
- Equipping students to conduct accounting research regarding technical, tax and audit issues.

We’ve put technology at the core of this program. With TechPath, you’ll gain a technology foundation through our experiential learning approach and build the applied tech skills that you’ll need to function in the tech-driven business world. You’ll also work through real-world business scenarios to be better prepared to tackle modern business problems.

ACCREDITATION MATTERS

Keller’s Master of Science in Accounting program has achieved voluntary specialized accounting accreditation from the Accreditation Council for Business Schools and Programs (ACBSP, www.acbsp.org), demonstrating that it has met standards of business education that promote teaching excellence.

Note: Credits and degrees earned from this institution do not automatically qualify the holder to participate in professional licensing exams to practice certain professions. Persons interested in practicing a regulated profession must contact the appropriate state regulatory agency for their field of interest. For instance, typically 150 credit hours of education are required to meet state regulatory agency education requirements for CPA licensure.

Programs, course requirements and availability vary by location. Some courses may be available online only. All students enrolled in site-based programs will be required to take some coursework online and, for some programs and locations, a substantial portion of the program may be required to be completed online. Keller’s academic catalog, available via keller.edu/catalogs, contains the most current and detailed program information, including admission, progression and graduation requirements. Information contained herein is effective as of date of publishing.
