

Hazing Misconduct Reports

In accordance with Collin's Law (Senate Bill 126), postsecondary educational institutions located in Ohio are required to publish information concerning any report of hazing misconduct by student organizations and student groups for the current academic year, as well as for the previous five (5) academic years.

When DeVry University receives a report of hazing misconduct, a description of the alleged misconduct, the outcome/finding of the alleged misconduct, and any corrective action or discipline taken will be published within this document. No personally identifiable information will be published about the alleged misconduct.
