

State of Oregon Fact Sheet
Bachelor of Science in Engineering Technology - Computers

All students residing in Oregon must review and sign this fact sheet prior to enrollment.

Total Cost of the Program ¹	Program Length ²	Average time students take to graduate by program ³	Graduation rate ⁴
\$76,403	54 months	63 months	11%

Median borrowing - Loans ⁵	Median annual loan payments of students – Total ⁶	Loan default rate ⁷	Job placement success which is defined as a percent of students who are employed in the field of study (by program) ⁸	Median starting salary for graduates ⁹	Gainful Employment Results ¹⁰
\$45,054	\$6,216	10.6%	94%	\$48,705	PASS

The graduate employment rate is 44% when counting only new in-field employment obtained no earlier than six months prior to graduation⁸.

Institutional Accreditation

DeVry University is accredited by The Higher Learning Commission (HLC), www.hlcommission.org. The University's Keller Graduate School of Management is included in this accreditation.

The HLC is one of eight regional agencies that accredit U.S. colleges and universities at the institutional level; is recognized by both the U.S. Department of Education and the Council for Higher Education Accreditation; and accredits approximately one-third of U.S. regionally accredited public and private institutions. Accreditation provides assurance to the public and to prospective students that standards of quality have been met.

DeVry University is a member of the Council for Higher Education Accreditation, a national advocate and institutional voice for self-regulation of academic quality through accreditation. CHEA, an association of 3,000 degree-granting colleges and universities, recognizes 60 institutional and programmatic accrediting organizations.

Programmatic Accreditation

ETAC of ABET

DeVry University's onsite baccalaureate engineering technology programs at many campuses and online are accredited by the Engineering Technology Accreditation Commission of ABET (ETAC of ABET), www.abet.org. ETAC of ABET requires separate review of each engineering technology program both online and at each physical location. The most recent information on ETAC of ABET accreditation is available at www.devry.edu.

Transfer Credit

Transfer credit acceptance is at the discretion of the receiving institution.

To facilitate ease of transferring credits to DeVry, the University maintains articulation agreements with many colleges and universities, as well as with entities such as the military. Applicable course equivalencies resulting from these agreements are reflected on students' transfer credit evaluations. Information on agreements maintained by DeVry is available at www.devry.edu/admissions/transfer-students/community-college-transfers.html and by contacting ArticulationInfo@devry.edu.

Average Time to Complete

The average time that a graduate of a program from July 1, 2015 – June 30, 2016 took to complete a program by award level is found in the chart below:

Award Level	Average time to complete in months
Undergraduate Certificate	13
Associate Degree	37
Bachelor's Degree	44
Graduate Certificate	19
Master's Degree	33

Footnotes:

- ¹ For matriculated students at current tuition rates, credit hours shown and full-time attendance; includes \$30 application fee, nonrefundable student services charge, per-course course resource fee, and average estimated textbook and equipment expense
- ² The number of months that the program is designed to be completed in. Some students may complete in a longer time, others may complete in less time, and some students may not complete the program at all.
- ³ The average time to complete the program of Oregon residents that completed the program from July 1, 2015 - June 30, 2016.
- ⁴ The percentage of all new full-time students including transfer students from the Fall 2010 cohort who completed the program within 150% of the program length.
- ⁵ The median cumulative amount of debt students who entered in July 1, 2011 - June 30, 2012, utilized Title IV aid and graduated within program length. Debt includes Title IV loans, private loans and institutional debt.
- ⁶ The amount the typical graduate may expect to pay annually given the median total debt amount, a 6.8% interest rate, and a 10 year repayment period.
- ⁷ The Fiscal Year 2013 (most recent) cohort default rate as provided by the Department of Education.
- ⁸ Self-reported by Oregon students who graduated from 9/1/2015 through 8/31/2016. The job placement rates are calculated by dividing "Total graduates employed in field" by "total graduates available for employment" as further defined below.
 "Total Graduates Employed in field" means all students included in "total graduates available for employment" who had existing in field employment or found new in field employment within six months of graduation and includes both those that were actively assisted in obtaining their job by the school, and those that were not.
 "New Employment" is defined as employment obtained no earlier than 6 months prior to graduation.
 "Existing Employment" is defined as employment that existed at the time of enrollment or was obtained more than 6 months prior to graduation.
 "Total graduates available for employment" means all Oregon students who graduated between 9/1/2015 and 8/31/2016 minus those who entered another post-secondary education program or the military full-time, were incarcerated, or died.
- ⁹ Median calendar year 2014 earnings for 2010-11 and 2011-12 Title IV graduates. This figure is provided by the Department of Education. Programs with an identical CIP code and credential level may have their earnings aggregated together and a single earnings figure reported.

¹⁰Designation of pass, zone, or fail provided by U.S. Department of Education based on the program's debt-to-earnings ratios.
