

## Transfer Credits from Turks & Caicos Islands Community College

Effective from May 6, 2026 to March 24, 2031

DeVry University developed this Transfer Guide to assist students transferring from Turks & Caicos Islands Community College (TCICC) to DeVry. This guide doesn't represent all courses required for DeVry programs; rather, it provides a list of courses that, when completed at TCICC, may transfer to DeVry. For a complete list of course requirements in each DeVry program, please visit the [Academic Catalog](#).

This guide is based on a review of TCICC courses by DeVry as of 12.9.25 and is subject to review and modification at any time and without prior notice. Limitations and restrictions may apply.

### Process

Applicants seeking to transfer credit must:

1. Request a formal credit evaluation prior to beginning their first class at DeVry University; and
2. Provide to DeVry an official transcript from the institution where the credit was earned.

Please contact a DeVry University admissions representative to request a transfer credit evaluation. Transfer credit is considered on an individual basis and awarded upon receipt of an official transcript only.

### Limitations and Restrictions

Admission and transfer credit applicability are subject, but not limited to, DeVry University's admission requirements, program requirements and academic policies, including, but not limited to, the external transfer credit policy. Additional state-specific requirements for transfer credit acceptance may apply.

Note:

- A grade of C (70%) or higher is required for all transfer credits to DeVry University. Courses accepted in transfer may not be applicable to the academic program chosen by the student.
- The number of credits granted for any course equivalency may not exceed the number on the transcript associated with the transfer course.
- Curriculum changes at either institution may affect transferability and applicability of credit. A time limit may be imposed on the ability to transfer credits for some courses, especially courses in technical or evolving areas.

**Provisions of this transfer guide do not constitute a contract, expressed or implied, between any applicant or student and DeVry University. Information contained herein is neither an award, nor a commitment to award, credit at DeVry University.**
