## ABOUT THIS DEGREE PROGRAM

For those with prior college education or professional experience, the bachelor's degree completion program in Technical Management at DeVry University can help you develop the management skills needed to work in many business areas and industries, such as accounting, project management, entrepreneurship, marketing, and human resources. With previously earned qualifying college credits, you may be able to earn your bachelor's degree in less time.

Our Technical Management degree program is designed to prepare students to meet the challenges of a high-tech, global marketplace by bringing the real world into the classroom. Through experiential projects, you can develop the skills and business acumen needed in today's business world.

If you have prior work or educational experience, you may also want to consider our Management degree program, which is available with many of the same specializations.

## DID YOU KNOW?

DeVry University's Bachelor of Science in Technical Management program has achieved voluntary accreditation from the Accreditation Council for Business Schools and Programs (ACBSP) [www.acbsp.org](http://www.acbsp.org), demonstrating that it has met the standards of business education that promote teaching excellence.

# SPECIALIZATION: GLOBAL SUPPLY CHAIN MANAGEMENT

## ABOUT THIS SPECIALIZATION

DeVry University's bachelor's degree program in Technical Management can help prepare you for the workplace with a solid business foundation. Our specialization in Global Supply Chain Management can further focus your studies.

Global supply chain management professionals are responsible for streamlining the flow of everything that organizations need in order to make and deliver their products and services. Because supply chain management touches all aspects of a company's daily operations — from cost minimization and risk mitigation, to environmentally conscious sourcing decisions — it has a major impact on profitability and competitive advantage. Our Global Supply Chain Management specialization can prepare you for a career in this field with a thorough understanding of all stages of the supply chain, the complexities of global markets, and the supply chain optimization technologies, concepts and processes used by world-class organizations.

Graduates of DeVry University's Business Administration program with a specialization in Global Supply Chain Management might consider careers including, but not limited to, the following:

- Distribution Manager
- Global Transportation Manager
- Industrial Production Manager
- Logistician
- Operations Supervisor/Manager
- Operations Research Analyst
- Procurement/Sourcing Manager
- Purchasing Manager
- Supply Chain Manager
- Supply Chain/Operations Analyst
- Transportation Manager
- Warehousing Manager

Employment in some occupations may require years of relevant experience.
