ABOUT THIS DEGREE PROGRAM

A FOUNDATION IN BUSINESS
This program features a series of essential Business Core courses to help build interdisciplinary skills critical to workplace success. These courses introduce students to key disciplines that support business careers and cover concepts related to general business principles, including accounting, marketing, management and the analytic skills that inform business decision-making.

The Business Core coursework introduces students to contemporary workplace applications. In each course, the learning experience is enhanced through activities that help students apply the course material, while shaping future education and career choices.

A PROGRAM TO FUEL YOUR FUTURE
Maximize your transfer coursework with this bachelor’s degree-completion program that focuses on global supply chain management. You’ll go in-depth on specific supply chain topics, including total quality management (TQM), distribution and warehousing, procurement management and operations management.

IS THIS PROGRAM FOR YOU?
Do you have potential transfer credits and an interest in operations and supply chain management? Then this program might be the right fit for you.

CAREER OPPORTUNITIES
Graduates who complete DeVry’s Bachelor’s of Science in Technical Management degree with a specialization in Global Supply Chain Management may consider, but are not limited to, the following careers:

- Procurement Officer
- Purchasing Associate
- Materials Manager
- Logistics Team Lead
- Supply Chain Analyst
